TETERBORO AIRPORT – SCHEDULE OF CHARGES – For The Use Of The Public Landing Area

The operator of any aircraft using the public landing area at Teterboro Airport, except pursuant to the terms of a lease or other agreement with The Port Authority Of New York and New Jersey or the Airport Operator, shall pay for such use at the rate set forth herein.

Public Landing Area Charges (Effective 09/01/16).

1. For each takeoff of aircraft not exceeding 6,000 pounds of maximum gross weight for takeoff.....$21.25

2. For each takeoff of aircraft exceeding 6,000 pounds but not exceeding 12,499 pounds of maximum gross weight for takeoff.....$31.25

3. For each takeoff of aircraft exceeding 12,500 pounds but not exceeding 79,999 pounds of maximum gross weight for takeoff $4.38 per 1,000 pounds of maximum gross weight for takeoff.

4. For each takeoff of aircraft exceeding 80,000 pounds: $8.15 per 1,000 pounds of maximum gross weight for takeoff.

5. Maximum gross weight for takeoff shall mean the maximum gross weight which an aircraft may lawfully have, at the time of leaving the ground at any airport in the United States (under the most favorable conditions which may exist at such airport and without regard to special limiting factors arising out of the particular time, place or circumstances of the particular takeoff, such as runway length, air temperature, or the like.) If such maximum gross weight is not fixed by or pursuant to law, then said phrase shall mean the actual gross weight at takeoff.

6. For each "Touch and Go" operation, the normal landing fee for that aircraft will be charged.
