Re: Freedom of Information Code Request
Newark Airport, Terminal B Lower Level Expansion &
B-1 Vertical Circulation Project

Dear Sir or Madam:

This firm represents S.M. Electric Company, Inc. ("S.M. Electric"). Enclosed please find S.M. Electric's written request for documents pursuant to the Freedom of Information Code of the Port Authority of New York and New Jersey. Please be guided accordingly.

We look forward to your timely response.

Sincerely,

Stephanie L. Jonaitis

Enclosure

cc: Jonathan M. Preziosi, Esq. (w/encl. via email)

Pursuant to the Freedom of Information Code of the Port Authority of New York and New Jersey, S.M. Electric Company, Inc. ("S.M. Electric") hereby requests that the Port Authority produce for inspection and copying, within five (5) business days hereof, the following Port Authority records from the Newark Airport, Terminal B Lower Level Expansion & B-1 Vertical Circulation Project (the "Project") from September 2007 through the present:

1. All records showing approval or authorization by the Board of Commissioners of the Port Authority for inclusion of the New York choice of law provision in Article 33 of Contract EWR-264.003 (the Prime Contract between the Port Authority and VRH Construction Corp. for the Project).

2. All schedules and schedule updates for the Project.

3. All progress, equipment and labor reports provided by VRH Construction to the Port Authority under Article 80 of the contract specifications for the Project prime contract between VRH and the Port Authority.

4. All requests by the Port Authority to VRH for the records described in Request No. 3 above.

5. VRH's payment applications to the Port Authority for the Project.

6. All reports, status updates, meeting minutes, logs and journals that the following Port Authority personnel maintained in the ordinary course of performing their responsibilities for the Project:

   (a) Brian Hegarty

   (b) Michael Wallace

   (c) Daniel Lochard

   (d) Raul Leonardo

(e) Herman Ret

(f) Tom LaMarca

(g) Daniel Nunez

(h) Lawrence Genovese

7. All progress meeting minutes for the Project.

8. All communications between VRH and the Port Authority concerning the claim for loss of productivity damages, extended general conditions costs and related damages made by S.M. Electric in connection with the Project (the "S.M. Electric Claim").

9. All evaluations of the S.M. Electric Claim performed by the Port Authority or any person or consultant on its behalf.

10. All emails or other documents containing communications to the Chief Engineer of the Port Authority by any Port Authority employee concerning S.M. Electric or the S.M. Electric Claim.

11. All schedules or logs showing the dates for which VRH requested electrical power outages from the Port Authority for performances of the Project electrical work ("Outages").

12. All schedules or logs showing the actual dates on which Outages were made.

13. Records showing the results of any inspection or testing of busbar equipment furnished by S.M. Electric to the Project.

14. All emails between any of the individuals identified in Request No. 6 discussing any of the busbar equipment furnished by S.M. Electric to the Project.

15. All change orders issued by the Port Authority to VRH for the Project.

16. All change order requests submitted by VRH to the Port Authority for the Project.

17. To the extent not set forth above, all correspondence and notifications sent by VRH to the Port Authority, and by the Port Authority to VRH, concerning the Project work.

MEMORANDUM

Engineering Department

To: James Heitmann, Manager, Plant, Structures and Airport Redevelopment, Newark Liberty International Airport

From: Saroj Bhol

Date: May 5, 2011

Subject: **EWR – ALTERATION APPLICATION N- 3516 – TERMINAL A – HMS HOST - SPACE A14A – INTERIOR FIT OUT FOR CREATIVE KIDSTUFF**

Reference: Review Request dated 4/19/11

Copy To: A. Adamo, A. Fadavi, B. Hegarty, C. J. Lin, J. Richardson, M. Wallace, D. Warren, Job Folder

The documents submitted with the referenced request have been reviewed and **conditionally approved** for construction subject to compliance with the **six (6) comments** on the attached Rider.

Construction may proceed. However, the documents shall be revised and resubmitted, as per the comments. All comments must be resolved and documents approved prior to the completion of construction.

REMARKS: 1) See the attachment for a list of approved drawings.

2) Copy Line distribution was via "Outlook" only.

Saroj Bhol, P.E.
Manager, Construction Design Standards
Quality Assurance Division

Reviewers: V. Tsin, Coordinator and Structural; S. Herman, Architectural; J. Patel, Electrical.

RIDER

ALTERATION APPLICATION N- 3516

ARCHITECTURAL:

1. Drawing CS:

   a) Verify ADA compliance and add the following note: "The proposed design complies with the requirement of the American with Disabilities Act (ADA)."

   b) Add a note on the drawing stating that all wood products shall be fire retardant in compliance with IBC 2009 (NJ Edition), Sections 2303.2 and 603.1.

2. Drawing A1: Fire stopping at penetration through rated wall shall be UL or ASTM tested approved assembly. Provide detail through rated partition. See IBC 2009 New Jersey Edition, Section 713.

3. Drawing A3: Provide hardware information on the grille. A safe means of egress shall be provided for the employees who may stay inside after the grille is closed. Provide an approved device such as an emergency thumb turn that will open the grille from inside. See PA Tenant Construction Review Manual (TCRM), Section 5.II.A.10.

4. Smoke developed rating and flame spread rating for the solid surface and interior panels shall comply with IBC 2009 New Jersey edition, Section 803. Submit test reports from independent testing laboratories to demonstrate compliance. Please note that Manufacturer's data is not a substitute for approved assembly test data.

STRUCTURAL:

5. Drawing A3, Grille Pocket:

   a) Indicate the type of the new grille, folding or overhead.

   b) If it is a folding grille, verify with calculations that the existing construction is not overstressed due to the added loads when the grille is extended, and when it is retracted.

   c) Provide its suspension and bracing details. The reference to the manufacturer details is noted, but the basic details considering the existing conditions shall be shown on the drawings.

ELECTRICAL:

6. Drawing A2: LED panels are shown on the plan. Show wiring details and its disconnecting means, which shall be either within sight or capable of being locked in the disconnected position. See NEC, Section 600.6(A)(2).

ATTACHMENT

ALTERATION APPLICATION N- 3516
