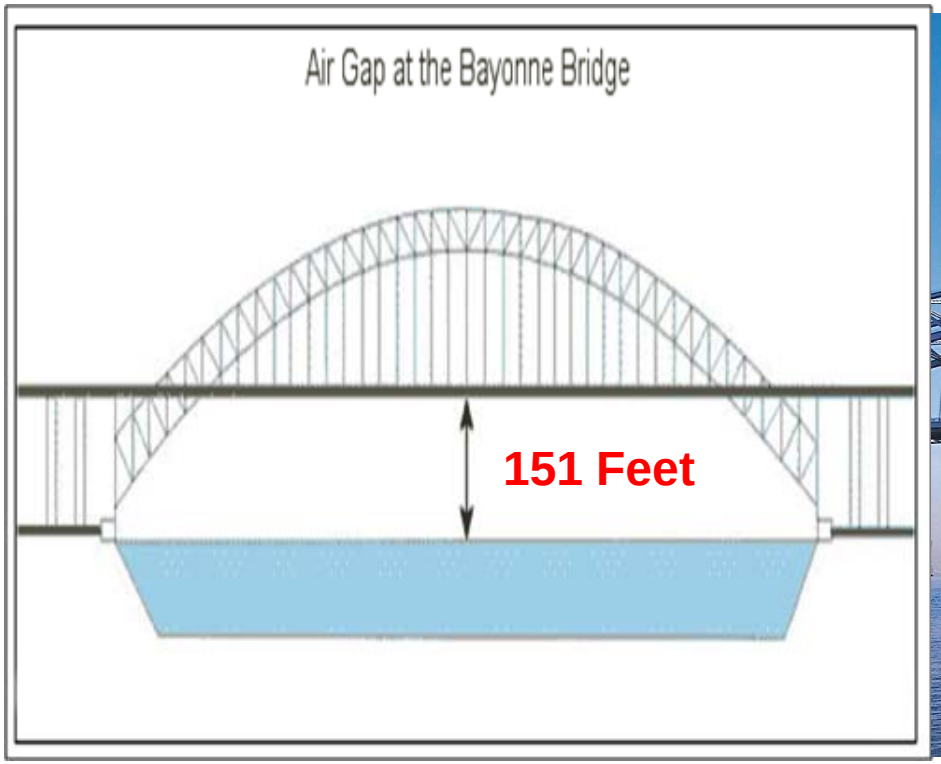
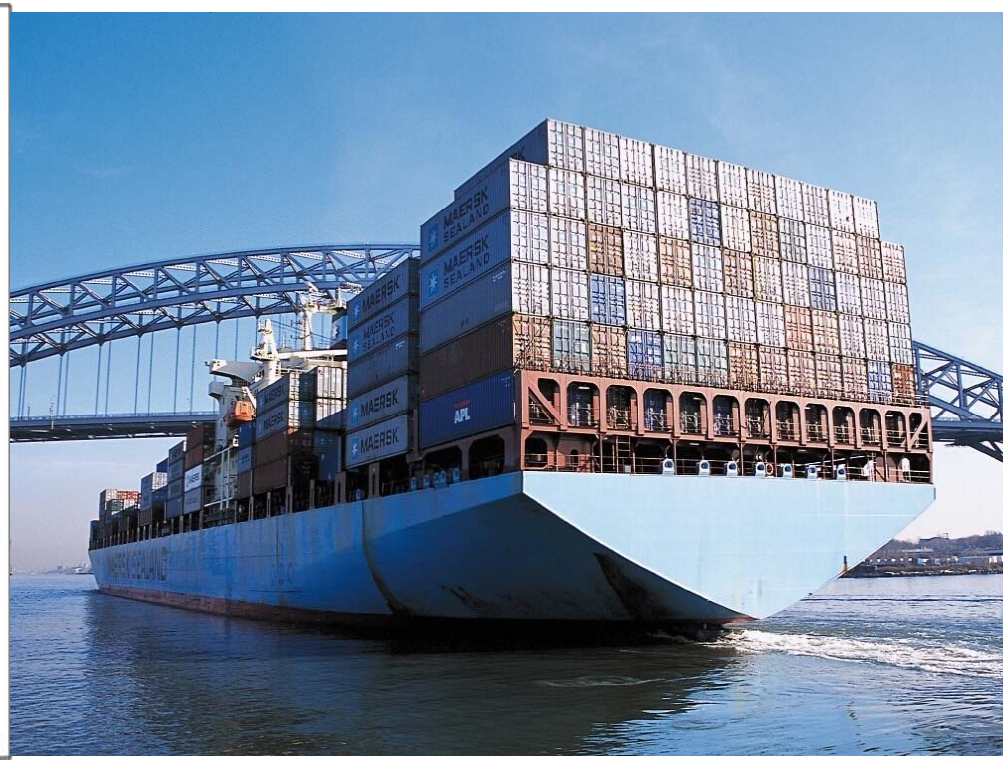
Bayonne Bridge
Navigation Clearance Program

September 14, 2010

The Bayonne Bridge Navigational Clearance Program





Ongoing Efforts

Alternatives Under Consideration:

- Bridge Modification
- Bridge Replacement
- Vessel Modification
- Site Specific Landside Improvements
- Remove the Bridge
- Other (ferry, lock system, etc.)

Comprehensive Alternatives Assessment:

- Preliminary Engineering (PB, HDB, HNTB)
- Regional Cost-Benefit Analysis (Halcrow)
- Travel Demand Modeling (PB)
- Environmental Alternatives Analysis (HDR)
- Planning/Best Practices Analysis for Environmental Regulatory Process (AKRF)

Status: Preliminary results currently under review.

Next Steps

- **Identify preferred alternatives to advance into Environmental Review Process**
- **Conduct Environmental Regulatory Review and Public Outreach Program**
- **Request Project Authorization**
