Passengers & Freight by Market Group			Passenger Demographic data: Coming ...History - In 1930, Archie Stewart, an aviation buff and descendant of a prominent local dairy farmer, Iachlan Stewart, donated 220 acres of land to the City of Newburgh to be used as an airport. Four years later, the City of Newburgh transferred the land to the U.S. Government for \$1. In 1939, the U.S. Military Academy at West Point built the first airfield at Stewart for cadet aviation training, it was later dedicated as the "Wings of West Point." In 1948, the airfield became Stewart Air Force Base. It was deactivated and acquired by the State of New York in 1970. later, the operating responsibility of the airport was transferred to the New York State Department of Transportation. In the 1980s, several business enterprises began operations at the airport after the State Department of Transportation and the Urban Development Corporation began planning for the development of airport land under Stewart Properties. In 1989, American Airlines announced the beginning of scheduled passenger service at the airport, followed by American Eagle and United Express.
