Dear Sir or Madam:

The following question was received from an RFP recipient. The question and corresponding Authority answer is provided for your information and use, as appropriate:

Can you clarify what “airside” specifically means as used on page 5 section 2. a) of the Attachment A?

Response: For purposes of this solicitation, the term “airside” is everything that is on the controlled side of the FAA security fence around an airport. This includes (but is not limited to) all areas accessible to aircraft, including runways, taxiways, tarmac, ramps, secured access roads, aprons and anywhere that is tightly secured and regulated by the FAA/TSA.

The due date for receipt of proposals remains 2:00 p.m. on April 23, 2013.
