The Questions and Answers numbering sequence will be continued sequentially in any forthcoming Addenda that may be issued.

Question #1	In the past, the permit for Shared-Ride Ground Transportation has required the use of Commercial Vehicles with a seating capacity of 7 passengers excluding the driver. If a company has based its purchasing on this standard and operates Commercial Vehicles currently meeting that standard does the company qualify to propose?
Answer #1	Refer to "Request for Proposal" Page 12, paragraph entitled "Proposer Prerequisites."
Question #2	The RFP document does not include Attachment G- Regional Matrix. Attachment G as supplied in the document is a duplication of Attachment F. Will the Regional Matrix be supplied?
Answer #2	Refer to Changes/Modifications (A) above
Question #3	Page 8 of the Shared-Ride RFP states that in order to participate proposers must have a minimum of ten vehicles. I only have one passenger van. Does the PANYNJ offer any alternatives for small businesses that would like to provide transportation to/from the airports?
Answer #3	The Port Authority does not currently have any additional share ride opportunities at this time.

Please initial this communication and annex it to your Bid upon submission.

In case any Bidder fails to conform to these instructions, its Bid will nevertheless be construed as though this communication had been so physically annexed and initialed.
