### **REQUEST FOR QUALIFICATIONS FOR THE PERFORMANCE OF EXPERT PROFESSIONAL AND TECHNICAL PROJECT MANAGEMENT SERVICES AS REQUESTED ON A “CALL-IN” BASIS DURING 2018-2019**

The Port Authority of New York and New Jersey is seeking to identify firms interested in responding to a Request for Proposals (RFP) to provide expert professional and technical project management services on a “call-in” basis during 2018 and 2019.

Firms interested in performing expert professional and technical project management services for The Port Authority of New York and New Jersey, as the need arises during 2018 and 2019, are encouraged to complete the Engineering Department’s Professional Service Firm Questionnaire (PSFQ) available on the Authority’s website at <https://psfq.panynj.gov/ords/apexapexapps/f?p=146:3>.

The completed PSFQ serves as a statement of qualifications and is used to prequalify firms for receipt of Requests for Proposals (RFP) for the performance of said services. Those firms deemed most qualified based on the information provided by them in the PSFQ may be issued an RFP(s) for performance of the subject services. To ensure consideration of your firm’s new or revised questionnaire, it must be completed no later than **October 26, 2017**.

This advertisement is intended to target all firms seeking consideration for performance of the subject services. Such firms include those that: 1) seek to be new service providers, 2) are currently in the PSFQ database but want to add to, or must now modify, information previously provided, or 3) have a PSFQ on file that is approaching the end of its five-year validity period, and are therefore required to update their PSFQ at this time.
