I. INTRODUCTION

The Port Authority of New York & New Jersey (the “Port Authority” or the “Authority”) is a body corporate and politic created by the States of New York and New Jersey with the consent of the Congress of the United States. The Port Authority, together with its wholly-owned subsidiaries, provides the region with integrated transportation and trade services and operates facilities in connection therewith, including, but not limited to, four major regional airports, four bridges and two tunnels that serve interstate traffic, a bus terminal, a bus station, the PATH rapid transit system, the Hoboken-lower Manhattan ferry service, the World Trade Center site and certain New York-New Jersey port facilities.

Responses to this Request to Qualify (“RTQ”) are due on the Response Due Date set forth on the advertisement of this RTQ. Responses received after that date and time may not be accepted.

Only pre-qualified firms who have received written approval from the Authority will be asked to respond to future solicitations on the specific project described below.

Contracts awarded as a result of this Pre-qualification may be funded in whole or in part by the Federal Transit Administration (“FTA”). Accordingly, all Contractors must comply with the applicable provisions set forth in the Bid Documents, which will be provided to all qualified bidders.

II. PROJECT DESCRIPTION

The Authority wishes to pre-qualify prospective firms to submit bids for Contract PAT-024.031 “PATH - Replacement of Substation No. 7.” This work will be performed at PATH facilities located in New Jersey. It is anticipated but it is not guaranteed that work required by the Contract may include, but may not necessarily be limited to the following:
A. Scope of work

1. Replacement and upgrade of existing Substation No. 7 located in Jersey City, NJ:
   b. Furnish, install and commission, three (3) new 2,000 KW heavy-duty traction power transformer/rectifier units and 750V DC switchgear.
   c. Furnish and install Supervisory Control and Data Acquisition (SCADA) system, Synchronous Optical Network (SONET) equipment, and security/access control.
   d. Furnish, install and commission auxiliary power system consisting of two (2) 2000KVA, 26.4KV/480V transformers, 480V switchboard with main-tie-main configuration and automatic power transfer scheme to provide power for a low tension AC network to feed lighting, HVAC and ventilation equipment.
   e. Furnish, install and commission HVAC, plumbing/fire protection, fire alarm and lighting systems.
   f. Furnish and install sub-surface utilities such as electric service, water, sewer and storm water under active city streets and sidewalks.
   g. Furnish, install and splice new 27KV power feed cables from PSE&G manhole to the new substation.
   h. Coordinate with local, city and state agencies with respect to acquiring all necessary approvals and permits.
   i. De-energize, de-commission and demolish the existing Substation No. 7 building and outdoor switch yard after new substation is commissioned into service.
   j. All installation work to be done without any interruption to PATH train service and facility operations.

B. Estimated Total Contract Costs

For information purposes only, the Authority estimates that the total work required by the Contract will be in the range of $25 to $30 million.

C. Contract Schedule

It is presently anticipated but it is not guaranteed that Bid Documents may be available to pre-qualified bidders by September 2013. It is the present intention of the Authority to have all Work under the Contract completed within 24-36 months after award of the Contract.

III. SUBMITTAL INSTRUCTIONS AND CONTENT

A. Requirements

To be considered for prequalification, the respondent must demonstrate to the satisfaction of the Chief Engineer of the Authority that it meets the minimum
requirement of the RTQ as stated in Paragraphs III A.1 and III. A.2. Company brochures alone shall not be submitted for the purpose of demonstrating experience and technical expertise. Submittals must be tailored to the specific requirements of this RTQ. If the respondent cannot demonstrate that it meets all of the below mentioned qualifications, then the respondent may with others form a joint venture and request that the joint venture be pre-qualified as set forth in Paragraph B.5 below.

1. Minimum Experience of the Firm

The firm seeking to be pre-qualified should have a minimum of ten (10) years construction experience working on the following:

a) contracts comparable in size, type and complexity to that described in Paragraph II. A&B.

b) completed or substantially completed as a prime or general contractor at least two (2) contracts of size, type and complexity comparable to that indicated in Paragraph II. A&B.

c) installed, tested and commissioned medium voltage Substation equipment or similar facility involving 60% to 70% electrical work.

The firm may also qualify if during the time period stated above the prospective bidder or persons or entities owning and controlling the prospective bidding firm have satisfactorily performed, as owning and controlling another firm, and completed services of scope similar to that required under this Contract. The work must have been completed skillfully in a satisfactory manner and on time.

2. Minimum Qualifications of the Project Manager and Superintendent

The prospective bidder’s Project Manager/Superintendent must have a minimum of ten (10) years construction experience on contracts comparable in size to that outlined in Paragraph II. A&B.

B. Submittals

The following items must be submitted in order to be considered for qualification on this specific project:

1. Attachments

In order to expedite the evaluation of the qualification information furnished, the prospective bidder must complete and submit the attached documents. Responses that fail to adhere to this stipulation may be excluded from consideration. The following attachments are incorporated herein and must be submitted:

A. Contractor's Qualification Statement

B. Agreement on Terms of Discussion

C. Non Disclosure and Confidentiality Agreement (link)
D. Background Qualification Questionnaire Package (BQQP) – Link: http://www.panynj.gov/inspector-general/inspector-general-programs.html.

Please read carefully the instructions that accompany the NDA (the “NDA Instructions”). The NDA Instructions can be accessed and downloaded by clicking here. NDAs and Exhibits to the NDA (Exhibit A and B) that are filled out incorrectly will be rejected and your firm may not be approved for receipt of Confidential or Confidential and Privileged Documents.

Your submittal should contain the following:

(1) The Non-Disclosure and Confidentiality Agreement executed by a principal or officer of your firm on behalf of your firm;

(2) An Exhibit A- (Acknowledgment by a Related Party Individual) executed by the same principal who executed the firm Non-Disclosure Agreement.

(3) An Exhibit A- (Acknowledgment by a Related Individual) executed by the Security Information Manager named in paragraph 6, below.

(4) An Exhibit A- (Acknowledgment by a Related Individual) executed by any other member of your proposing team, now known that may require access to sensitive Port Authority information to assist in the preparation of your bid/proposal.

2. Performance And Payment Bond

The prospective bidder must be able to obtain a Performance And Payment Bond for the amount indicated in Paragraph II.B from a surety company whose name appears on the current list of the Treasury Department of the United States as acceptable as a surety upon federal contracts. A letter from the surety company must be submitted with this RTQ.

3. Experience Modification Rate

The prospective bidder must submit a copy of the Experience Modification Rate (EMR) for itself and for each of its named Subcontractors as a measure of the respondent’s safety record. If the rate exceeds 1.2, a written explanation shall be provided.

4. Required Licenses/Certifications

The Contractor and/or proposed sub-contractors must have all required New Jersey certifications and / or licenses to perform the work in accordance with codes, rules and regulations as applicable.

5. Joint Ventures

The Authority will entertain requests for prequalification from a joint venture. If a joint venture is pre-qualified to submit bids, or if two or more entities separately pre-qualified to bid elect to submit a bid as a joint venture, all
participants in the joint venture shall be bound jointly and severally and each participant shall execute the bid. If the prospective bidder cannot demonstrate that it meets all of the referenced qualifications, then the prospective bidder may with others form a joint venture and request that the joint venture be deemed the prospective bidder (i.e. members of the joint venture may meet the qualification requirement collectively.)

6. Proof of Information Security Controls

(a) Designation of Security Information Manager

The Pre-Qualified firms (and the awarded Contractor) may require access to Port Authority Confidential or Confidential and Privileged Information. Confidential and Privileged Security Information is information belonging to the Port Authority that, if it were subject to unauthorized access, modification, loss or misuse could seriously damage the Port Authority, public safety, or homeland security. Protecting this sensitive information requires the application of uniform safeguarding measures to prevent unauthorized disclosure and to control any authorized disclosure of this information within the Port Authority or when released by the Port Authority to outside entities. These procedures are identified in the Port Authority’s “Information Security Handbook”. Respondents may obtain a copy of the Security Handbook from the Port Authority’s website.

The Information Security Handbook requires that certain criteria be met prior to being granted access to Confidential Information. Generally, an individual must be a U.S. Citizen, or be an alien who has been lawfully admitted for permanent residency or employment (indicated by immigration status), as evidenced by Immigration and Naturalization Service documentation, or be a national of the United States as defined by the Immigration and Nationality Act. This requirement may be waived in exceptional circumstances and contractors should refer to § 3.2 of the Information Security Handbook for details on this policy and the process for waiver. An individual may also be required to undergo background screening prior to being approved for receipt of certain information. As of January 29, 2007, the Secure Worker Access Consortium (S.W.A.C.) is the only Port Authority approved provider to be used to conduct background screening and personal identity verification, except as otherwise required by federal law and/or regulation (such as the Transportation Worker Identification Credential for personnel performing in secure areas at Maritime facilities). Information about S.W.A.C., instructions, corporate enrollment, online applications, and location of processing centers can be found at:

http://www.secureworker.com

S.W.A.C. may be contacted directly at (877) 522-7922 for more information.
Individuals may also be required to attend an Information Security Awareness and Education training session. This training has been offered in the past, is offered from time to time, and if determined to be appropriate for this solicitation, will be offered again to the prequalified firms at a time and location to be determined at a later date.

Each prospective bidder and each participant in a joint venture shall designate at least one (1) a Security Information Manager (a “SIM”) responsible for identifying members of their team who will need access to Livelink and for assuring that those members have passed the requisite background checks and have completed the requisite Livelink access forms. The SIM will be responsible for maintaining their firm’s Livelink user account access list. In addition, the SIM will identify an individual who will be trained by the Port Authority in the use of Livelink and that individual will subsequently be responsible for training the prospective bidder’s team. Please submit the name and phone number of your SIMs.

For each SIM, please submit their:

(1) Full legal name  
(2) Title  
(3) Physical address  
(4) Email address  
(5) Phone number and fax number; and  
(6) Proof that the SIM has been issued a SWAC credential.*

* If your firm’s designated SIM has been issued a SWAC credential, submit it with your response. Proof of SWAC issuance can be provided by submitting a photocopy of the face of the SWAC card. While you are not required to have a SIM with SWAC at the time of RTQ submission, you are highly encouraged to do so. Firms may supplement their response to provide proof of issuance of a SWAC credential after they are notified of their Prequalification determination.

(b) Checklist for Project Team

You must submit a Microsoft spreadsheet providing the status, at the time of the RTQ submission, of your firm’s team for this project with respect to information security requirements. The spreadsheet should list all persons at your firm that may require access to Port Authority Confidential or Confidential and Privileged Information, and set forth their status as to whether they have (1) undergone Port Authority Information Security Training; (2) executed a Port Authority NDA; (3) executed a Port Authority Exhibit A to the a NDA; (4) executed an Exhibit B to the NDA; and (5) been issued a SWAC credential.

7. Background Qualification Questionnaire Package

The Port Authority has implemented a Project Corruption Prevention Program ("PCPP") for this Project. One of the components of the PCPP is contractor and vendor screening, designed to ensure that, in addition to demonstrated records of quality performance and solid financial capacities, firms awarded contracts for work on PATH Projects possess high ethical standards and records of law abiding conduct. Screening is performed through the use of a background qualification questionnaire package ("BQQP"). This Contract requires prospective bidders to complete a BQQP as part of their RTQ. In addition, prospective bidders will also be required to ensure that their respective subcontractors, subconsultants and vendors, of all tiers, also complete BQQPs.

The BQQP document may be downloaded at:

http://www.panynj.gov/inspector-general/inspector-general-programs.html

IV. SUBMISSION INSTRUCTIONS

Respondents must clearly indicate the RTQ# and Title on the outside of any package or document submitted in connection with this Contract.

The respondent shall submit one (1) hard copy and six (6) copies in CD-Rom format to sprechan@panynj.gov in sufficient time so that the Authority receives it no later than 4:00 p.m. on 7/26/13 to:

Suchetha Premchan
The Port Authority of New York and New Jersey
Procurement Department
2 Montgomery Str.
Jersey City, NJ 07302

Late submittals may be rejected.

Any questions concerning this RTQ should be directed to Suchetha Premchan at sprechan@panynj.gov. Neither Ms. Premchan nor any employee of the Authority is authorized to interpret the RTQ or give additional information as to its requirements. Such interpretation or additional information will only be given by written addendum to this RTQ.
V. NOTIFICATION

Notification as to whether a prospective bidder has been pre-qualified will be made only by a notice in writing, signed by the Director of Procurement or her designated representative on behalf of the Authority and mailed or delivered to the office designated by the prospective bidder in its response to this RTQ.
