Request for any subsequent reports pursuant to PAs own Bicycle Master Plan, 92910. If there were no subsequent reports, simply state that. Electronic copies are fine. Thank you. This Bicycle Master Plan establishes the framework for various facilities owned and/or operated by the PPANYNJ to meet the goals and objectives contained in the February 25, 2010 Bicycle Policy. It identifies recent trends, current conditions, and challenges while offering both short- and long-term initiatives to improve the amenities available to bicyclists at the Aviation, Ports, Port Authority Trans Hudson, and Tunnels, Bridges, and Terminals facilities today. This Bicycle Master Plan is a starting point. Over the coming months, bicycle planning will become an integral part of the business planning process, and data collection efforts will be carried out to support planning, implementation and reporting activities. <http://www.panynj.gov/aboutpdfpanynj-bicycle-master-plan.pdf>
