

***Port Jersey-Port Authority Marine Terminal –  
Agreement with the City of Bayonne to Provide  
for the Completion of Berth Rehabilitation  
Work at Berths S-1, E-1 and E-2***

**Committee on Operations  
September 18, 2013**

# Background – Project Area

# 2008 EDA Grant Scope and Remaining Work

## ***Benefits of Requested Authorization***

---

- **Protect the Port Authority's newly-acquired asset by completing the work necessary to stabilize the berths for continued use**
- **Enhance the safety of the facility by preventing further deterioration of the existing berths, formation of sinkholes, and loss of upland fill**
- **Preserve continued use of the berths for current and potential future operations**
- **Allow the Port Authority to realize all of the benefits of the needed repairs at a small fraction of the total actual cost through the utilization of grant funding**

## ***Requested Authorization Proposed Terms of Agreement***

---

- **Enter into an agreement with the City of Bayonne (City) to provide for the City to complete a berth rehabilitation project at Berths S-1, E-1 and E-2 at the Port Jersey-Port Authority Marine Terminal**
- **City to complete the work utilizing its current contractor, Flanagan's Contracting Group, Inc., at a total estimated cost of \$8,444,445, with 90% of the cost – or up to \$7.6 million – being funded through a U.S. Department of Commerce Economic Development Administration (EDA) grant**
- **Port Authority to reimburse the City the remaining 10% contribution share upon completion of the project and its expenditures would be capped at \$844,445**
