**SUBJECT: REQUEST FOR PROPOSALS FOR THE PERFORMANCE OF EXPERT PROFESSIONAL DESIGN AND ELECTRICAL ENGINEERING SERVICES FOR REDEVELOPMENT PROJECTS AS REQUESTED ON A “CALL-IN” BASIS DURING 2017 (RFP# 47069) - ADDENDUM #2**

Dear Sir or Madam:

The following question was received from an RFP recipient. The question and corresponding Authority answer are provided for your information and use, as appropriate:

**RFP Letter**

**Question:** *Section I, Item C reads: Demonstrated experience as a firm performing and completing a minimum of five (5) programs for electrical infrastructure at public airports and other public transportation facilities and terminals of comparable type and complexity as those in Authority operated airports, and with a construction cost of at least \$200 million, each within the past ten (10) years, or if less than five (5) programs, with a total combined construction cost of at least \$1 billion of comparable type and complexity within the past ten (10) years.*

*Does the \$200M value apply to the value of just the electrical infrastructure services provided; or does it reflect the overall value of the program in which electrical infrastructure services were provided, in addition to other services?*

**Response:** It is the overall value of which the electrical infrastructure was a part.

The due date for submission of proposals remains January 13, 2017.
