SUBJECT: REQUEST FOR PROPOSALS FOR THE PERFORMANCE OF EXPERT PROFESSIONAL SERVICES FOR NEWARK LIBERTY INTERNATIONAL AIRPORT TERMINAL A REDEVELOPMENT PROGRAM – DESIGN OF THREE (3) MULTI-SPAN BRIDGE STRUCTURES, AT-GRADE ROADWAYS AND ASSOCIATED SIGNAGE AND APPURTENANCES (RFP #46659) ADDENDUM #4

Dear Sir or Madam:

The following question is from RFP recipients. The question and the corresponding Authority answer are provided for your information and use, as appropriate.

Question #1: The Authority's BIM standards do not provide parameters at LoD350. Please clarify this.

Answer #1: As noted in Section 7.9.4 of the Authority's BIM standards, the Authority's specification is aligned with the BIMForum LoD Specification, which may be referenced for further guidance on LoD 350. The successful Consultant shall identify the parameters proposed to be used for LoD 350 as part of the BIM Execution Plan, which must demonstrate sufficient LoD to ensure that the required coordination between disciplines and clash-free model is provided.

The date for receipt of proposals for the subject RFP remains 2:00 P.M. on August 31, 2016.

If you have any questions, please contact Ms. Ekatherina Carrera, Senior Contract Specialist, at ecarrera@panynj.gov.

Sincerely,

David Gutiérrez
Assistant Director
Procurement Department
