REQUEST FOR QUALIFICATIONS FOR THE PERFORMANCE OF FEDERALLY-FUNDED ARCHITECTURAL/ENGINEERING DESIGN SERVICES AS REQUESTED ON A “CALL-IN” BASIS DURING 2011 THROUGH 2014

Firms interested in providing architectural and/or engineering design and related services to The Port Authority of New York and New Jersey are encouraged to submit a copy of the Professional Service Firm Questionnaire (PSFQ) available on our website at <https://psfq.panynj.gov/pls/apexapexapps/f?p=146:3>. These services may be funded in whole or in part by federal agencies. In those cases, the requirements of said agency will be required as part of the agreement and will be applicable to the performance of such services. If you have previously submitted a copy of the PSFQ, you need not resubmit at this time. However, if your prior submission is no longer valid (over five years old, outdated contact information, addresses, etc.), you are encouraged to resubmit your PSFQ at this time.

The completed questionnaire shall serve as your pre-qualification submission when specific federally-funded “call-in” lists are identified, or when current list(s) need to be expanded. Firms deemed most qualified based on information contained in the PSFQ submission shall be issued a Request for Proposal (RFP) for performance of specific services under the Engineering Department’s upcoming 2011 through 2014 Architectural and Engineering Design Services “Call-In” Program.

Questions should be directed to Ms. Mary Lou Rivera via email to mlrivera@panynj.gov or by fax to (201) 395-3492.
