1. GENERAL INVITATION

The Port Authority of New York and New Jersey (“Port Authority” or “the Authority” or “PA”) seeks responses to this Request for Information (RFI) from commercial uniform providers that supply, launder and dry clean work and dress uniforms. Our goal is to refine and streamline the Port Authority’s current uniform program while still maintaining the high level of service currently provided. The findings from this RFI may be used in guiding the design of a future Bid Specifications or Request for Proposals (RFP) or other procurement solution, with respect to the procurement of Uniform Services. However, by issuing this RFI, the Authority is not committing to any particular course of action.

2. ABOUT THE PORT AUTHORITY

The Port Authority is an agency of the States of New York and New Jersey, created and existing by virtue of the Compact of April 30, 1921, made by and between the two States, and thereafter consented to by the Congress of the United States. It is charged with providing transportation, terminal and other facilities of trade and commerce within the Port District. The Port District comprises an area of about 1,500 square miles in both States, centering about New York Harbor. The Port District includes the Cities of New York and Yonkers in New York State, and the cities of Newark, Jersey City, Bayonne, Hoboken and Elizabeth in the State of New Jersey, and over 200 other municipalities, including all or part of seventeen counties, in the two States. The Port Authority manages and/or operates all of the region’s major commercial airports (Newark Liberty International, John F. Kennedy International, Teterboro, LaGuardia and Stewart International Airports), marine terminals in both New Jersey and New York (Port Newark and Elizabeth, Howland Hook and Brooklyn Piers); and its interstate tunnels and bridges (the Lincoln and Holland Tunnels; the George Washington, Bayonne, and Goethals Bridges; and the Outerbridge Crossing), which are vital “Gateways to the Nation.”

The Port Authority is a financially self-supporting public agency that receives no tax revenues from any state or local jurisdiction and has no power to tax. The revenues of the Port Authority are derived principally from the tolls, fares, landing and dockage fees, rentals and other charges for the use of, and privileges at, certain of the Port Authority’s facilities.

3. CURRENT OPERATIONS

The Port Authority provides Uniform Rental Services and a Direct Purchase Program to approximately 2,400 employees located at all Port Authority and PATH facility locations throughout New York and New Jersey.

The Uniform Rental Services requires once a week laundry pick-up/drop off to 1,500 maintenance and operations staff at all Port Authority facilities. These garments require laundering and/or dry cleaning, repair and replacement as needed. There are two types of uniforms rented under the Uniform Rental Services; Work and Dress. Most employees receiving rentals of work uniforms require eleven (11) work shirts, eleven (11) work pants, two (2) Eisenhower jackets and one (1) winter Parka. Employees receiving rentals of dress uniforms require eleven (11) dress/polo shirts, two (2) sweaters, one (1) parka and (11) pants (or skirts).

Depending on the job classification, the following may also be required:

- (1) Insulated Coverall
- (1) Fire Resistant Coverall
- (1) Fire Resistant Insulated Coverall
- (1) Hi Viz Parka
- (2) Fisher Cloth Coveralls.
- (2) Blazers

Note: All Electrician uniforms require garments that meet NFPA70E standards.

In addition to the uniforms, the Rental Service Program includes various linen type products such as pillowcases, sheets, tablecloths, table skirts, napkins, aprons, lab coats and like items as needed for various operational services. The rental service provides measuring of Port Authority Employees at the various facility locations prior to the issuance of garments.

The Direct Purchase Program provides new work and dress uniforms to approximately 900 Port Authority operations staff and PATH maintenance and operations staff. Employees in the Direct Purchase Program do not receive weekly cleaning service and usually are allowed one (1) set of new uniforms per year. The direct purchase uniform styles are similar to those of the rental program, however, the quantities of uniforms received are much less. Typically each person receives six (6) work or dress pants, six (6) work, dress or polo shirts, one (1) parka, and one (1) insulated coverall. Employees in both Rental and Direct Purchase Program also receive direct purchase T-shirts, belts, caps and other accessories as needed.

There are approximately one hundred and fifty-one (151) rental stop locations that require weekly service and approximately two hundred sixty (260) direct purchase locations that require service as needed.

The billing for the current program is structured so that each facility stop location is billed separately. Each facility or unit is responsible for reviewing and paying their own invoices.

See Attachment B for uniform specifications
