

## Siemens Diversity Supplier Fair

20 July, 2011

On behalf of Siemens Industry, Inc. Rail Automation, Mobility Division, I cordially invite you to participate as a potential supplier at our upcoming **Siemens Diversity Supplier Fair**. Siemens is a leading provider of transportation and logistics solutions. Siemens Rail Automation supplies railway markets worldwide with solutions and turnkey installations for railway automation and telecommunication. We pride ourselves on providing the most modern rail communications and signaling systems.

This fair is specifically focused on companies that specialize in engineering services, distributors and manufacturers of commissioning, installation and/or IT/ network equipment and providers of printing services. Also, if a supplier is certified with PATH or MTA, and they believe that their products/services will be valuable to us, they should feel free to join as well. The purpose of the fair is to assist us in actively developing our M/W/DBE supplier base with a focus on the above mentioned commodities.

M/W/DBE companies are invited to come speak to us in detail with respect to their capabilities and possible synergies. Please designate a representative from your organization who will participate at the fair. This event is free of charge and refreshments will be provided.

The fair will take place on Monday, August 1, 2011 between the hours of 9 a.m. to 5 p.m. at U.S. Department of Commerce/Minority Business Development Agency, 26 Federal Plaza, Room K, 6th Floor, GSA Conference Center, New York, NY 10278. There are three time slots available:

9am - 12 noon                      12 noon - 3pm                      3pm - 5pm

Please RSVP to Karsten Wolter > [karsten.wolter.ext@siemens.com](mailto:karsten.wolter.ext@siemens.com) no later than Wednesday, July 27, 2011 with the name and contact information of the representative for your company, description of services/materials your company provides and the time slot you will like to attend.

We thank you in advance for your cooperation in participating at this event; if you need further information please do not hesitate to contact me.

If you need directions on event day please call 212.264.3262 or 347.498.4831
