[www.asdoonline.com/QUEENS/queens.htm](http://www.asdoonline.com/QUEENS/queens.htm)

*See reverse side for more details*

The Queens Air Services Development Office (ASDO) is a non-profit organization that facilitates business opportunities between aviation industry purchasers and local businesses. Our program serves the industry at John F. Kennedy International and LaGuardia airports and over 1,600 local vendors. ASDO is funded by the Port Authority of New York and New Jersey and their airline partners and administered by the Aviation Development Council. All services are free of charge.

We hope you will be able to participate in our upcoming 30th Aviation Networking Event. In this “reverse” trade show, buyers and major contractors staff tables, while vendors and service suppliers visit each table, sharing information on products and services that are available locally.

If you are personally unable to attend, perhaps you can send a company representative. We are certain that your company can benefit from this networking opportunity.

**We look forward to seeing you on May 11th!**
