**AIRPORT SECURITY MANAGER'S BULLETIN #15-1**

**To:** All airport stakeholders, contractors, vendors, and service providers

**Subject:** Clear Zones – This is a Reminder

This is a reminder that a three (3) foot clear-zone must be maintained around the airport perimeter fence line. All equipment, vehicles, and service tools must be removed immediately.

Please routinely inspect your tenant spaces adjacent and along the perimeter and report any clear-zone violations to the Port Authority Aviation Operations Office at (718) 533-3700.

Failure to adhere to LaGuardia Airport clear-zone policies may compromise security, result in a breach of rules (BOR), and possible civil penalties from the Transportation Security Administration.

Thank you for making your commitment to Aviation Security a top priority!
