PORT AUTHORITY TRANS-HUDSON CORPORATION

M. Rizwan Baig, P.E.
Chief Engineer/Director
The Port Authority of New York and New Jersey

INITIALLED BY THE BIDDER:

- d. The subcontracted work to be bid or proposed on by the MBE, WBE or SDVOB will be controlled and supervised by said firm without duplication of supervisory personnel from the Contractor or their affiliates (other than routine communication between the supervisory personnel of the subcontractor and other supervisors necessary to coordinate the work).
- e. If the MBE, WBE or SDVOB firms are given opportunities to bid or propose through a joint venture, only the percentage amount equal to the proportion of the total dollar value of the subcontract to be awarded equal to clearly defined portion of the subcontracted work the MBE/WBE/SDVOB is proposed to perform with its own forces will be counted towards the respective Outreach Goal.
- f. If the MBE, WBE or SDVOB proposes to subcontract to another firm part of the Work to be awarded to the MBE, WBE or SDVOB, the value of the work subcontracted to another firm may be counted toward Outreach Goals only if the proposed second-tier subcontractor is also itself an MBE, WBE or SDVOB.

F. Monthly Outreach Plan Progress Report

The Contractor shall submit a report each month ("Monthly Report") to the Engineer providing information on implementation of its Outreach Plans. Such Monthly Reports shall be submitted in an Excel format or such other forms or a third-party platform as advised by the Authority (currently the B2G Diversity Management Software platform at the following link: <https://panynj.diversitysoftware.com>) that include the firm name, address and type of proposed subcontracting services for every MBE, WBE and SDVOB firm that was contacted to bid or propose to participate in the Work.
