Good afternoon. Im a structural engineering student in the faculty Federico II of Naples, Italy. I need technical drawings of the George Washington Bridge and the calculation report to make a structural analysis of the bridge and to compare the results obtained at the time of the construction with the results obtained considering the modern codes. I hope you can help me. Thank you. Best regards, Riccardo Ricamato Univerity of Naples, Federico II Faculty of Engineering

Re: Freedom of Information Reference No. 13537

Dear Mr. Ricamato:

This is a response to your October 23, 2012 request, which has been processed under the Port Authority's Freedom of Information Code, (the "Code"), for copies of the technical drawings of the GWB and the calculation report to make a structural analysis of the bridge.

The material responsive to your request is exempt from disclosure pursuant to exemption (4) of the Code.

Very truly yours,

Daniel D. Duffy
