List of specific record(s):

I am seeking copies of surveillance video taken at JFK airport, JetBlue security checkpoint from November 18th, 2012, 2:30pm until 5:30pm. I specifically want video at and near the middle line of the security checkpoint where passengers go through the full-body scanner and pat-down area. It is the line with the full-body scanner almost directly in front of the ramp that goes down to the flight status screens. I would also please like to see various angles of this area. Please provide video in MPEG format. If this is unavailable then please provide in any of the following formats: AVI, MP4, RM, RMVB, or DIVX. I am willing to pay up to 25 in advance. If the cost will be more, please advise me. Thank you very much for your help. Sincerely, Devon Mallory
