Subject: RE: FOI Request

Dear Mr. Duffy,

I thought that there might actually be something online somewhere that lists the Commissioners going back to at least 2000, with their dates of tenure, and the name of the Governor who appointed them.

Professional background and the committee assignments would be good, but not necessary

CHARLES A. KUSHNER

PROFESSIONAL BACKGROUND

Charles Kushner of Livingston, New Jersey, is chairman of Kushner Companies, one of the nation's fastest growing privately held real estate organizations in the Northeast. He graduated from New York University in 1976 and received a J.D. from Hofstra Law School and an M.B.A. from New York University in 1979. He is currently a member of the bars of the States of New Jersey, New York and Pennsylvania. Until January 1985, he was a partner in the law firm of Brach, Eichler, Rosenberg, Silver, Bernstein, Hammer & Gladstone located in Roseland, New Jersey.

Charles has been instrumental in the expansion and growth and diversification of Kushner Companies. He leads a team of professionals with unparalleled expertise in acquisition, finance, development and operations.

Kushner Companies is a diversified private real estate organization that has earned a reputation as one of the Northeast's most respected owners, developers, redevelopers and managers of prime multi-family, residential, commercial, retail, industrial and hotel properties. Headquartered in Florham Park, New Jersey, with executive offices in Manhattan, the firm continues an aggressive program of development and acquisition with holdings in New Jersey, New York, Connecticut, Pennsylvania, Maryland, Delaware, Massachusetts and Florida.

In addition, the construction division, Westminster Communities, develops hundreds of homes annually, primarily in New Jersey and New York, with some 40 projects in various stages of approval and development. These range from single-family luxury homes to active adult communities, to large mixed-use urban redevelopment projects, hotels and apartment complexes.

The firm, which has been recognized consistently for both its professional and civic activities, has nearly 50 years of development experience, with in-house capabilities to handle all real estate activities. This includes site selection, planning, development and acquisitions, as well as construction, financing, insurance, leasing, sales, marketing and ongoing property management. Kushner Companies also has affiliated businesses involved in banking, insurance, real estate brokerage and technology.

HISTORY AND ACHIEVEMENTS

Kushner received the 1999 New Jersey Ernst & Young Entrepreneur of the Year Award, in the real estate category for his success as an owner, developer and manager of prime residential, commercial, retail and industrial properties. In 2000, he was recognized with The National Conference for Community and Justice Humanitarian of the Year Award.

Kushner attributes his achievements to honesty, tenacity and family values learned from his father, Joseph Kushner, who arrived in the United States from war-ravaged Europe with his wife, Rae, in 1949. By 1954, Joseph, a carpenter by trade, saw a need in his new country for quality-built, affordable single-family homes.
Charles' background in real estate goes back to his childhood, when his father would continually talk to his family about his experiences in the industry. Following a short period of practicing law with a real estate emphasis, he joined his father in 1985.

Unfortunately, Joseph passed away within a year after they began working together. Charles assumed control over the business with a group of three individuals, and today, Kushner Companies has grown to an organization of approximately 800 staff members.

CIVIC AND INDUSTRY INVOLVEMENT

A committed philanthropist, Mr. Kushner was responsible for the development and construction of a new campus for the Joseph Kushner Hebrew Academy and Kushner Yeshiva High School, in memory of his late father. In 1999, he was appointed to the U.S. Holocaust Memorial Council by President Clinton. In 2001, he was the honoree at Cerebral Palsy of North Jersey's "Steps to Independence" dinner.
