I am seeking video from the George Washington Bridge on Saturday 2/23/13 from 4-5pm, regarding a hit and run accident. There should be video of the driver approaching the GWb Toll, may have used an easy pass. The driver was in one of the far right lanes in a small white car licence plate was orange- NY plate. We unfortunately did not have a chance to get his plate as it all happened so fast. The 2nd or 3rd digit was a W. The driver came from one of the far right lanes, spun out and hit me head on in my lane 2nd lane from the left. I would like to hold the driver responsible for the damages and need to track him down ASAP. Please know this is an URGENT request and would appreciate your cooperation and assistance in this matter. Thank You so very much for your time and dedication to your job
