Dear Sir or Madam:

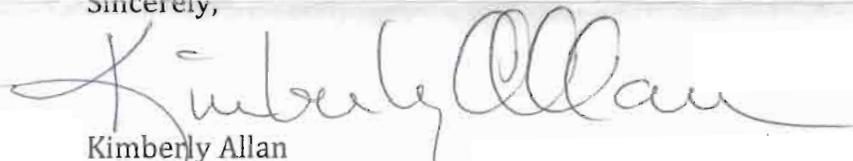

Our car was hit three times in the JFK employee parking lot. We have been advised by AVM Parking Management and the Port Authority of NYC Claims supervisor, that our only resort to identify the person(s) responsible is by requesting the security tapes. (By way of background, we were advised that employees are to park at their own risk but the police department will not request the security tapes on our behalf.)

That said, this is a request to obtain the video/security tapes for Lot 8 (Lefferts Blvd employee lot), from Sunday, April 21 at 1:30PM until Friday, April 26 at 8:00PM. The vehicle, (1994 Cadillac), was parked around the mid-point of row E08. At the time the car was parked, it was parked next to an SUV, that probably would have had the ability to inflict the amount of damage to our car.

Again, we would very much appreciate your support as many employees of this community rely on employee parking to go to work and to help our overall economy. If there is no recourse, as we have been advised, we are willing to invest in this exercise of reviewing the security tapes with your support. In addition, that the persons who inflicted this damage do not continue to do so on others. (Please be advised that we have also filed a police report upon our return, specifically on 5/3.)

Thank you for your assistance. Please feel free to call me with any questions, (917.207.2039).

Sincerely,

Kimberly Allan
