(1) Journeyman - 8 Hours (1) Electrical Apprentice - 8 Hours
The Electrical Foreman supervised all activities.
The Electricians continued running new lighting, power and Fire Alarm conduits north of the B2 Lobby. This conduit installation is in preparation for relocation of a rack of conduits near column line 19 that interferes with the installation of new ductwork in that area. Most of these conduits are fed from Panels NL-2A and ENL-2 in the B2 Frontage closet. They are being re-routed behind the British Airways counters.

I certify that I have read the applicable paragraphs from the PA Construction Standards manual pertaining to the work/tests described above.

The Electrical General Foreman supervised all activities.
One Journeyman and an Apprentice continued running new conduit to relocate a rack of lighting conduits in front of the B1 Frontage closet. These conduits serve the Arrivals Level exterior lights.
They will need to be re-routed in order to make clearance for a new steel beam and ductwork that will be installed in front of the B1 Frontage closet (column line 8). They pulled a new wire feed for emergency lighting and disconnected the existing line.

Two (2) Journeymen continued running new lighting, power and Fire Alarm conduits north of the B2 Lobby. This conduit installation is in preparation for relocation of a rack of conduits near column line 19 that interferes with the installation of new ductwork in that area.

Net Cost 21C - Construction Staging and Schedule to Accommodate Facility Operational Req. Installation of Temporary Switchboard for Pump Stations #3 & #4
(2) Journeymen - 2 Hours each
Two (2) Journeymen installed Temporary Switchboard #3 as part of the four (4) that were installed today.
This switchboard will be used to temporarily feed Pump Stations #3 & #4.
This provision was not included in the contract.
See attached PA Form 316.

Net Cost to Lump Sum Conversion #1 (Monitoring of Panel DP-G in the South Sub-station)
(1) Electrical General Foreman - 3 Hours
(1) Journeymen - 3 Hours
(1) Electrical Foreman - 3 Hours
The Electricians signed a permit with the PA Electrical Shop and placed CTs (current transformers) and PTs (potential transformers) on all three (3) phases, ground and neutral for the feed to panel DP-G in the South Switchgear Room's A1 Switchboard. This is being done in order to ascertain if the same feed can be used to feed additional loads. The Power Quality monitoring will last for thirty (30) days.
This provision was not included in the contract.

A laborer installed protection over the conveyor belt (OB-5) near the Lower Level Ticket counters and cleaned the area after the Electricians worked in that area.

I certify that I have read the applicable paragraphs from the PA Construction Standards manual pertaining to the work/tests described above.

DAILY NARRATIVE

Contractor: VRH Construction **Contract No.** EWR 264.003

Location: Terminal B Modernization Program Lower Level Expansion & B1 Vertical Circulation

SUB-CONTRACTOR (SM Electric)
Contract Work
Four (4) Journeymen and one (1) Apprentice continued running lighting and power conduits north of the B2 Lobby, near col. line 18.
A Journeyman and one Apprentice continued running communications conduits north of the B2 Lobby.
Three (3) Journeymen and the General Foreman continued placing the Temporary Switchboard T-S in the South Sub-Station.
Three (3) Journeymen and a Foreman continued running 4" RGS conduits for the CT cabinet to Swicthgear NB.

Net Cost 21A - Security Personnel and equipment as Required
(4) Security Escorts - 8 Hours each
Two (2) Security escorts were used for the night shift activities.
Two (2) Security escorts were used for the day shift activities.

Net Cost 21C - Constr. staging and sched. changes to accommodate facility oper. requirements
(1) Electrical Foreman - 7 Hours (4) Journeymen - 7 Hours each
The Electricians completed pulling the fourth Okonite cable in the cable tray. They pulled from the wall behind the ID Office to Switchboard T-N. They then made preparations for the fifth cable pull. This work is continuing on off hours (after midnight) because of lack of access to the gated area (near OB-1 and OB-2) during the day.

I certify that I have read the applicable paragraphs from the PA Construction Standards manual pertaining to the work/tests described above.

SUB-CONTRACTOR (Equipment Erectors Inc.) - Contract Work
One Foreman and four (4) Millwrights continued the installation of trapeze hangers and conveyor sections in the Delta Baggage area.
One Laborer from VRH performed general cleaning of the area.

SUB-CONTRACTOR (SM Electric) - Contract Work
Four (4) Journeymen and one (1) Apprentice continued running lighting and power conduits north of the B2 Lobby, near col. line 18.
A Journeyman and one Apprentice continued running communications conduits north of the B2 Lobby.
Three (3) Journeymen and the General Foreman continued placing the Temporary Switchboard T-S in the South Sub-Station.
Three (3) Journeymen resumed the installation of 4" RGS conduit for the 2000A CT cabinet.

Net Cost 21A - Security Personnel and equipment as Required
(4) Security Escorts - 8 Hours each
(2) Security Escorts - 7.5 Hours each
Two (2) Security escorts were used for the night shift activities in the Delta Baggage area.
Two (2) Security escorts were used for the night shift activities in the El-Al gated area.
Two (2) Security escorts were used for the day shift activities.

Net Cost 21B - Relocation of Underground Utilities in Conflict with Construction
(1) General Foreman - 2 Hours (1) Journeyman - 8 Hours
The General Foreman and one Journeyman continued extending five (5) 3/4" communications conduits across the ceiling framing for the Amenities closet (near the bathrooms) north of the B2 Lobby. The contract called for the conduits to terminate 6" above the ceiling. But the ceiling in that area will be made of sheetrock. The conduit ends had to be made accessible.

Net Cost 21C - Constr. staging and sched. changes to accommodate facility oper. requirements
(1) Electrical Foreman - 7 Hours (4) Journeymen - 7 Hours each
The Electricians worked on properly securing all cables on the cable tray. They then double-checked all connections and supports for the cable tray.
This work is continuing on off hours (after midnight) because of lack of access to the gated area (near OB-1 and OB-2) during the day.

I certify that I have read the applicable paragraphs from the PA Construction Standards manual pertaining to the work/tests described above.

Continued pulling wire for lighting circuits south of the B2 Lobby.
Continued the installation of speakers north of the B2 Lobby.
Continued pulling wire for lighting circuits north of the B2 Lobby.
Continued Hi-Hat lighting installation in the North B2 Lobby.
Continued installation of 4" PVC conduits in the South Generator ductbank.
Continue communications conduit installation to Room 179 in the FIS Building.

Net Cost 21A - Security Personnel and equipment as Required

(3) Security Escorts - 8 Hours each
Three (3) Security escorts were used for SM Electric in the North Sub-Station.

Net Cost 21C - Constr. staging and sched. changes to accommodate facility oper. requirements

(1) General Foreman - 2 Hours (2) Journeymen - 8 Hours each
The Electricians made preparations for the relocation of the Taxi Stand on the Arrivals Level.
They core bored two (2) 1 1/2" holes and began running conduits.
The Taxi Stand has to be relocated to accommodate curb repair in that area.

I certify that I have read the applicable paragraphs from the PA Construction Standards manual pertaining to the work/tests described above.

Continued running Fire Alarm conduits in the Delta Baggage area, as per contract drawing E509.
Continued running power conduits for MCPs in the Delta Baggage area, as per contract drawing E308.
The cables for Supply Fan #1 were pulled and terminated in Panel DP-SA during the night-time electrical shut-down.

Note: The electrical shutdown was performed by Tom LaMarca.

Net Cost 21A - Security Personnel and equipment as Required

(3) Security Escort - 8 Hours each
Three (3) escorts were used for Firewatch for AHUs 5, 6, 7 and the B2 Lobby diesel heater

Net Cost 21D - Maintenance of Traffic Not Shown on The Traffic Drawings

(2) Laborers - 8 Hours each
The laborers laid traffic cones, barrels and message boards to perform a lane closure on the lower roadway. The lane closure was requested by Terminal B Operations so that PAPD could monitor the traffic lights that would be affected by the Electrical shutdown.

Net Cost 21G - Temporary power required for Electrical Shutdowns Not Shown on Contract Dwgs.

(1) General Foreman - 2 Hours (1) Journeyman - 2 Hours
The electricians unloaded light towers that were delivered for the B1 Courtyard and Terminal B Parking Lot. Terminal B Operations requested temporary lighting for those areas because they would be affected by the electrical shutdown.

I certify that I have read the applicable paragraphs from the PA Construction Standards manual pertaining to the work/tests described above.

SUB-CONTRACTOR (SM Electric)

CONTRACT WORK

(1) General Foreman (3) Electrical Foremen (11) Journeymen (2) Apprentices

The following activities were performed:

Continued removal of Switchboard A2 in the North Sub-Station as per contract drawing E200.
Continued cable pulling in the South Station, in preparation of the switch-overs from Swbd. A1 to Swbd. T-S, as per contract drawing E215.
Continued pulling lighting circuits in the Baggage Claim area as per contract drawing E404.
Continued running Fire Alarm conduits in the Delta Baggage area, as per contract drawing E509.
Continued running power conduits for MCPs in the Delta Baggage area, as per contract drawing E308.

Note: Tom Lamarca energized Panel T-MDP in order to provide power for AHU-6 & 7.

Net Cost 21A - Security Personnel and equipment as Required

(6) Security Escort - 8 Hours each
Four (4) escorts were used for Firewatch for AHUs 5, 6, 7 and the B2 Lobby diesel heater
Two (2) escorts were used for contract work in the Delta Baggage Area.

Net Cost 21C - Constr. staging and sched. changes to accommodate facility oper. requirements

(1) General Foreman - 1 Hour (1) Journeyman - 3 Hours (1) Apprentice - 3 Hours

The electricians installed a 1" nipple connection between Panels LLE-TM and LLE-PM in order to energize AHU-5. LLE-PM could not be energized because Panel P-MDP was locked-out by the PA Electric Shop. The lock was placed on Panel P-MDP because the circuit breaker for Pump Station #2 is not lockable. AHU-5 needed to be energized as per a 'heating' request from Terminal B Operations.

Net Cost 21G - Temporary power required for Electrical Shutdowns Not Shown on Contract Dwgs.

(1) Foreman - 2 Hours (4) Journeymen - 7 Hours each

The electricians set-up light towers that were delivered for the B1 Courtyard and Terminal B Parking Lot. Terminal B Operations requested temporary lighting for those areas because they would be affected by the electrical shutdown of Panel DP-SA.

I certify that I have read the applicable paragraphs from the PA Construction Standards manual pertaining to the work/tests described above.

CONTRACT WORK (VRH)
(1) Superintendent (1) Laborer
The Superintendent supervised all activities and the Laborer performed general clean-up. Debris was removed from the general construction area and additional plastic sheeting was placed on Escalators E1 and E2.

CONTRACT WORK (Josloff Glass)
(1) Glazier Foreman (1) Glazier
The Glaziers installed two (2) glass panels on the Mid Level near Escalators E1 and E2 as per contract drawing A0605.

CONTRACT WORK (SM Electric)
(1) General Foreman (3) Electrical Foremen (11) Journeymen (2) Apprentices
Continued preparing cables for termination in the trough next to Switchboard A1 in the South Sub-station as per contract drawing E215.
Spliced power cables in a pull box at column line 10E for termination in new power panels as per contract drawing E303.
Continued installation of lighting fixtures on IB4 conveyor catwalk as per contract drawing E404.
Continued conduit installation for Fire Smoke Dampers (FSD) in D line wall for air handling units as per contract drawing E504.
Continued installation of conduit for emergency lighting fixtures near column line 14F as per contract drawing E404.
Continued removal of bus duct in the North Sub-station as per contract drawing E200.

Net Cost 21A - Security Personnel and equipment as Required
(8) Security Escort - 8 Hours each
Six (6) escorts were used for Firewatch for AHUs 5, 6, 7 and the B2 Lobby diesel heater
One (1) escort was used for contract work in the Delta Baggage Area.
One (1) escort was used for contract work in the North Sub-station.

Net Cost 21C - Constr. staging and sched. changes to accommodate facility oper. requirements
(1) General Foreman - 2 Hours (2) Journeymen - 8 Hours each
Began pulling a new T1 line (Cat 5) from the East Ticketing area to the relocated Ground Transportation Counter, as per a request from Terminal B Operations and PMD.
Note: Fuel was delivered for the B2 Vestibule temporary heater.

I certify that I have read the applicable paragraphs from the PA Construction Standards manual pertaining to the work/tests described above.

Contract Work

Two (2) Journeymen completed the installation of all eight (8) Temporary switchboards near the North Sub-Station. They then began to install interior components such as bus connectors and CTs.
The Electrical General Foreman signed a permit with the PA Electrical Shop and opened the covers for Switchboards A2 and B2 in the North Sub-Station. The covers were removed for visual inspections only.

Net Cost 21A - Security Personnel and equipment as Required

(3) Security Escorts - 8 Hours each
Three (3) Security escorts were used for the day's activities.

Net Cost 21B - Relocation of Underground Utilities in Conflict with Construction

(1) Electrical General Foreman - 1 Hour (1) Electrical Foreman - 8 Hours
(3) Journeymen - 8 Hours each (1) Electrical Apprentice - 8 Hours
The Electrical General Foreman supervised all activities.
One Journeyman and an Apprentice continued running new conduit to relocate a rack of lighting conduits in front of the B1 Frontage closet. These conduits serve the Arrivals Level exterior lights.
They will need to be re-routed in order to make clearance for a new steel beam and ductwork that will be installed in front of the B1 Frontage closet (column line 8).

Two (2) Journeymen continued running new lighting, power and Fire Alarm conduits north of the B2 Lobby. This conduit installation is in preparation for relocation of a rack of conduits near column line 19 that interferes with the installation of new ductwork in that area. Most of these conduits are fed from Panels NL-2A and ENL-2 in the B2 Frontage closet.

I certify that I have read the applicable paragraphs from the PA Construction Standards manual pertaining to the work/tests described above.

SUB-CONTRACTOR (SM Electric)
CONTRACT WORK
(1) General Foreman (2) Electrical Foremen (9) Journeymen (1) Apprentice
The following activities were performed:
The electricians continued the installation of N8 fixtures around the ellipses near column line 15, as per contract drawing E403.
The electricians delivered new bus duct for the North Sub-station and resumed installation of bus duct hangers, as per contract drawing E111.

Net Cost 21A - Security Personnel and equipment as Required
(1) Security Escort - 8 Hours
One (1) Security Escort was used for SM Electric in the North Sub-station.

PACC #50 - Relocation of Conduits in Conflict with Construction
(1) Gen. Foreman - 2 Hours (2) Journeymen - 8 Hours each
Continued relocation of conduits that obstruct the installation of the passenger elevators at column line D5. New 3/4" RGS power conduits were installed with new junction boxes in preparation for re-routing.

PACC #64 - South Sub-station PSE&G Connections
(1) Gen. Foreman - 2 Hours (2) Journeymen - 8 Hours each (1) Apprentice - 8 Hours
The electricians began preparations for re-routing eight (8) sets of 500KCMIL cables from the switchgear extension behind Switchgear SB to the PSE&G stabs box for Switchgear SA.
They removed the cables from the extension box behind Switchgear SB and draped the cables on the floor, between Switchgears SA & SB. Portions of the cable tray above the extension box were then disconnected and removed.

Note: This work is being performed because the sequence that was originally designed would have over-loaded Switchgear SB. The new sequence and design were given by the designer in the PACC #64 sketches, dated March 13, 2009.

I certify that I have read the applicable paragraphs from the PA Construction Standards manual pertaining to the work/tests described above.

DAILY NARRATIVE

Contractor: VRH Construction **Contract No.** EWR 264.003

Location: Terminal B Modernization Program Lower Level Expansion & B1 Vertical Circulation

SUB-CONTRACTOR (SM Electric)
CONTRACT WORK

(1) General Foreman (2) Electrical Foremen (9) Journeymen (1) Apprentice

The following activities were performed:
The electricians continued the installation of N8 fixtures around the ellipses near column line 15, as per contract drawing E403.
The electricians continued the installation of hangers and bus duct in the North Sub-station, as per contract drawing E111.

Net Cost 21A - Security Personnel and equipment as Required

(1) Security Escort - 8 Hours
One (1) Security Escort was used for SM Electric in the North Sub-station.

PACC #50 - Relocation of Conduits in Conflict with Construction

(1) Gen. Foreman - 2 Hours (2) Journeymen - 8 Hours each
Continued relocation of a 3/4" RGS Fire Alarm conduit above the Genco freezers that obstruct the installation of IB4. They also relocated a Fire Alarm Pull Station near the Genco Loading Dock.

PACC #64 - South Sub-station PSE&G Connections

(1) Gen. Foreman - 2 Hours (2) Journeymen - 8 Hours each (1) Apprentice - 8 Hours
The electricians continued preparations for re-routing eight (8) sets of 500KCMIL cables from the switchgear extension behind Switchgear SB to the PSE&G stabs box for Switchgear SA.
They installed a new wall-mounted Kindorf support between the PSE&G stab boxes for Swgrs. SA & SB.
They then installed an individual ring support for each of the eight (8) 500 KCMIL cables.

Note: This work is being performed because the sequence that was originally designed would have over-loaded Switchgear SB. The new sequence and design were given by the designer in the PACC #64 sketches, dated March 13, 2009.

I certify that I have read the applicable paragraphs from the PA Construction Standards manual pertaining to the work/tests described above.

SUB-CONTRACTOR (S&J Electric)

PACC #88 - Construction Staging For Terrazzo At B1

(2) Laborers - 4 Hours each

The laborers performed the following around Formaggio's Cafe:

1 Removed temporary partition panels that separated the terrazzo work area from the public area.
2 Remove all studs and reinforcement for the temporary partition wall.
3 Remove plastic sheeting and tape from the top of the tenant area.
4 Clean and sweep the area of work.
5 Remove the terrazzo machine temporary power cable and receptacle.

I certify that I have read the applicable paragraphs from the PA Construction Standards manual pertaining to the work/tests described above.

PACC #82 - Security Personnel and equipment as Required

(3) Security Escort - 8 Hours each

One security escort was used for the electrical work in the North Sub-station.

One security escort was used in the Delta Baggage Area for the installation of insulation on AHU-7.

One security escort was used for the installation of lighting fixtures on the IB-4 catwalk.

SUB-CONTRACTOR (S&J Electric)

PACC #50 - Relocation of Conduits in Conflict with Construction

(1) General Foreman - 2 Hours (2) Journeymen - 8 Hours each

The electricians completed the removal of all power and communications to the B1 Checkpoint power and communications outlets.

These removals that were not shown in the contract drawings were performed in order to make right-of-way for the installation of new terrazzo flooring.

I certify that I have read the applicable paragraphs from the PA Construction Standards manual pertaining to the work/tests described above.

General Contractor - VRH Construction
(1) Labor Foreman
The Labor Foreman assisted with the pre-testing of the Elevator Recall System.

Sub-Contractor - SM Electric
(1) General Foreman (1) Foreman (9) Journeymen (1) Apprentice
All electricians worked on the installation of temporary conduit and wire for the Switchgear NB circuits that will be switched-over to Switchboard T-N, as per contract drawing E108.

Sub-Contractor - Thyssen Krupp
(1) Elevator Mechanic (2) Technician
Thyssen Krupp performed the Elevator Recall pre-test for all associated smoke detectors.
The following punchlist was generated:

1 Place a smoke detector in the ceiling of the Upper Level Lobby.
2 Program the Elevator Machine Room smoke detector for recall.
3 Modify the Lower Level smoke detector identification to include the words "Lower Level."

PACC #88 - Construction Staging for Terrazzo at B1

Sub-Contractor - AFA, Inc.
(1) F.A. Technician - 2.25 Hours
AFA assisted with the testing of the Elevator Recall System, as per the response to RFI #237.
This work is extra to the contract because 'elevator recall' for these devices was not part of the original contract.

Notes:

1 See attached sign-in sheet for the Elevator Recall pre-test.

I certify that I have read the applicable paragraphs from the PA Construction Standards manual pertaining to the work/tests described above.

DAILY NARRATIVE

Contractor: VRH Construction **Contract No.** EWR 264.003

Location: Terminal B Modernization Program Lower Level Expansion & B1 Vertical Circulation

Sub-Contractor - SM Electric

(1) General Foreman (2) Journeymen

The Journeymen removed the covers of the 3,000A Pringle Switch in the South Sub-station, so that Siemens may inspect/test the switch.

They also removed covers from Switchgear SA and Switchboard A1, so that North Central Electric may begin testing of the switchgear and switchboard, as per specification section 16335-3.04.

3rd Tier Sub-Contractor - North Central Electric

(1) Technician

The Technician manually programmed all Siemens SCJD6 circuit breakers on Switchboard A1.

He then programmed the three (3) Siemens WL circuit breakers with a Siemens BDA PLUS Programmer.

All settings were set as per the approved Coordination Study and specification section 16335-3.04.

He also performed a 'ductor' test on all circuit breakers in Switchboard A1, to ensure the integrity of the closing devices of these circuit breakers, as per specification section 16335-3.04.

Vendor - Siemens

(1) Technician

The Technician inspected/tested the 3,000A Pringle Switch for Switchboard TS, in the South Sub-station.

No abnormalities were found in the inspection/test.

The test was requested because the 3,000A switch tripped 3 times in the past 6 months.

The manufacturer was requested, as per Article 89 of the General Provisions of the specifications.

Notes:

1 See attached Siemens Field Report.

2 See attached Controlled Inspection Report for switchboard A1.

I certify that I have read the applicable paragraphs from the PA Construction Standards manual pertaining to the work/tests described above.

PACC 108 - Relocation of Utilities

(1) Electrical Foreman - 2 Hours (4) Journeymen - 2 Hours each

The electrical shutdown was delayed by 2 hours, due to late flight activities in the B3 Satellite.

Sub-Contractor - SM Electric (11:00 PM - 7:00 AM)

(1) Foreman (4) Journeymen

The electricians disconnected the existing feeder cables from Switchboard Temp B4, in the B3 Satellite and connected the switchboard to the temporary 400 KVA generator, as per contract drawings E002 and E108.

The electricians then cut the existing Switchboard B4 feeder conduits in the North Sub-station crawlspace and placed a temporary pull box to begin switching over the Switchboard B4 circuit from Switchboard B2 to Switchboard T-N, as per contract drawings E108 and E211.

Notes:

1 Tom LaMarca of the EWR Electric Shop performed a shutdown of Switchboard Temp B4 in Switchboard B2.
2 Temp Switchboard B4 remained on the temporary generator. It will be disconnected from the generator and connected to Switchboard T-N on Friday night.
3 An Electrician from HBC Electric was in attendance for Tonight's shutdown.

I certify that I have read the applicable paragraphs from the PA Construction Standards manual pertaining to the work/tests described above.

Location: *Terminal B Modernization Program Lower Level Expansion & B1 Vertical Circulation*

Sub-Contractor - SM Electric

(1) General Foreman (1) Electrical Foreman (7) Journeymen (1) Apprentice

They continued the installation of hangers for bus duct and conduits for the North Generator, as per contract E120 and PACC #115.

The electricians re-installed the 5 WL circuit breakers that were removed from Switchgear SA for testing. North Central Electric then completed all tests in Switchboard A1, as per specification 16335-3.04.

PACC 79 - Relocation/Replacement of 300 KVA Transformer & 1200A Panel

The electricians continued to bend and installed conduits to feed the 300KVA transformer.

They continued the installation of conduits for the relocation of the door and heater starters.

PACC 101 - Security Personnel and equipment as Required

(3) Security Escorts - 8 Hours each

One (1) Security Escort was used for SM Electric in the North Sub-station.

One (1) Security Escort was used for SM Electric in the North Generator Building.

One (1) Security Escort was used for SM Electric for access through the back door of the North Sub-station.

NOTE: See attached Controlled Inspection Report for North Central Electric's testing.

I certify that I have read the applicable paragraphs from the PA Construction Standards manual pertaining to the work/tests described above.

Sub-Contractor - SM Electric (Sunday night - Monday morning)

PACC 107 - Temporary Power/Lighting for Shutdowns not Covered Under Contract
(1) General Foreman - 7 Hours (O.T.) (1) Journeyman - 7 Hours (O.T.)
(1) Electrical Foreman - 7 Hours (3) Journeymen - 7 Hours each
Tonight's electrical shutdown of Switchboard T-S and Switchboard A1 was cancelled, due to an omission on the permit request. This resulted in an extra to the contractor because the omission was not their fault. The contractor will have to come an additional night to complete the work. The contractor had installed temporary lighting/power for the shutdown. All items were removed. The contractor performed general clean-up of the area.

PACC 101 - Security Personnel and equipment as Required (Sunday night - Monday morning)
(8) Security Escorts - 4 Hours each
The security guards began their shift at 9:00 PM. The electrical shutdown was cancelled at 11:30 PM.

Sub-Contractor - SM Electric (Monday dayshift)
(1) General Foreman (3) Journeymen (1) Apprentice
Continued the installation of bus duct and conduits in the North Generator Room, as per contract drawing E107 and PACC #115.

I certify that I have read the applicable paragraphs from the PA Construction Standards manual pertaining to the work/tests described above.

DAILY NARRATIVE

Contractor: VRH Construction **Contract No.** EWR 264.003

Location: Terminal B Modernization Program Lower Level Expansion & B1 Vertical Circulation

Sub-Contractor - SM Electric (Thursday night - Friday morning)
(1) Electrical Foreman (3) Journeymen
The electricians set-up/removed temporary lighting/power throughout the B3 Satellite (Ops LeveL), airline offices, Virgin Atlantic B3 Connector office, B3 courtyard, outside of door #12 Mid Level and Terminal B Parking Lot for the PSE&G shutdown..
The electricians removed the existing meter wiring for Switchgear NA and removed cables from the existing pull box behind the 4,000 ATS.

Note: PSE&G removed the 5,000A disaster fuses from the Switchgear NB stab.

PACC 101 - Security Personnel and equipment as Required (Thursday night - Friday morning)
(10) Security Escorts - 8 Hours each
The security escorts were used for the following activities:
Firewatches for the areas that are affected by the PSE&G shutdown and as escort for SM Electric.

Sub-Contractor - SM Electric (Friday dayshift)
(1) General Foreman (4) Journeymen (2) Apprentices
Continued the installation of bus duct and conduits in the North Generator Room, as per contract drawing E107 and PACC #115.
They also removed the temporary lighting/power that was set-up for the PSE&G shutdown.

Sub-Contractor - Venture Electric (Friday dayshift)
(2) Controls Technicians
The technicians worked on the integration of AHUs 5-9 with the BMS system as per contract drawing M508.

PACC 101 - Security Personnel and equipment as Required (Friday dayshift)
(3) Security Escorts - 8 Hours each
Two (2) Security Escorts were used for SM Electric in the North Sub-station & generator building.
One (1) Security Escort was used for Venture Electric in the Delta baggage area.

I certify that I have read the applicable paragraphs from the PA Construction Standards manual pertaining to the work/tests described above.

DAILY NARRATIVE

Contractor: VRH Construction **Contract No.** EWR 264.003

Location: Terminal B Modernization Program Lower Level Expansion & B1 Vertical Circulation

Sub-Contractor - SM Electric (Tuesday night - Wednesday morning)
(1) Electrical Foreman (3) Journeymen
The electricians continued circuit switch-overs in the Switchboard A1 pit, as per contract drawing E116.

Note 1: Peter Parfinik (EWR Electric Shop) performed lock-out/tag-outs of Switchboards A1 & T-S.

PACC 107 - Temporary Power/Lighting for Shutdowns not Covered Under Contract
(1) Electrical Foreman - 1 Hour (3) Journeymen - 1 Hour each
Tonight's electrical shutdown of Switchboard T-S and Switchboard A1 was delayed for an hour, due to late flight activity. This delay is an extra because it is not covered under contract.

PACC 101 - Security Personnel and equipment as Required (Tuesday night - Wednesday morning)
(4) Security Escorts - 8 Hours each
The escorts were used for the following activities:
Firewatches for the B1 Conn. Deluge System, B1 Departures Level & B2 Satellite/Sterile Corridor.
Airside escorts for SM Electric to set-up and remove temporary lighting and power.

Sub-Contractor - SM Electric (Wednesday dayshift)
(1) General Foreman (4) Journeymen (2) Apprentices
The electricians continued the removal of existing Switchboard B2, as per contract drawing E211.

PACC 101 - Security Personnel and equipment as Required (Wednesday dayshift)
(2) Security Escorts - 8 Hours each
Two (2) Security Escorts were used for SM Electric in the North Sub-station.

I certify that I have read the applicable paragraphs from the PA Construction Standards manual pertaining to the work/tests described above.

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**General Requirements**

- Schedule Update – VRH submitted a Schedule Update, which included the following completion dates.

  B1 Lobby – Work in this area continues, estimated completion date 11/7/08; GFRG pushed out completion date.

  Baggage Claim Area – Work in this area continues, estimated completion date of 12/17/08.

  East Ticketing Area – Work in this area continues, estimated completion date of 11/12/08.

  Service Elevator – Work continues, estimated completion date of 10/22/08.

- BHS Schedule
  Action: VRH to submit schedule for BHS.

- Switchgear Delivery/Installation Schedule
  Action: VRH to supply dates.

- 2-week look-ahead (see attached)
  - B1 Lobby
    - GFRG Detail
      Action: VRH to supply delivery date.
    - Partitions
      Action: VRH to mark out the location of the partitions on the upper level ASAP.
    - Escalator
      Action: VRH has scheduled the escalator startup for 9/18.
    - Foot Rail
      Action: VRH noted a 9/26 delivery date for interior rail, exterior rail is on-site and scheduled for install the week of 9/22.
    - Glass Guardrail System
      Action: VRH to supply delivery date for glass, stainless steel.
    - Precast Terrazzo Treads
      Action: VRH noted a 10/9 delivery date.
    - Stainless Steel Handrails
      Action: VRH noted a 9/26 delivery date.
    - 3x3 Light Fixtures
      Action: VRH noted an eight week delivery time for samples.
  - B2 Lobby – HVAC piping across elevator lobby, Punchlist
  - Mid Level
    - Expansion Joint
      Action: REO to schedule partial final inspection upon completion.
    - B1 Courtyard – Striping
      Action: VRH to schedule work.
  - Service Elevator
    - Cab/Fixture Delivery
      Action: VRH noted a 9/22/08 delivery date.

Mark	Discussion
	○ South Substation ▪ Testing/Commissioning for Temporary Gear, MDP's **Action: Testing/commissioning are complete, VRH to submit report.** ○ East Ticketing ▪ Return Air Duct **Action: VRH to supply sketch.** ○ South End ▪ Unit AC-2 **Action: REO to provide location.** ▪ Concrete Mock-up **Action: VRH to supply by 9/19.** ○ Bag Claim Hall ▪ BHS/Claim Devices **Action: VRH noted rollers for IB2, IB3 and IB4 have not arrived; VRH to supply date.** ▪ Sprinklers **Action: VRH noted they would be ready to energize the sprinklers on 9/23, REO to schedule.** ○ Genco ▪ Stairs & Handrails **Action: VRH to supply delivery date.**
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** ▪ O&M Manuals – Escalator, Service Elevator, Vestibule Sliding Doors **Action: VRH to contact subcontractors and supply date.** ▪ Glass Guardrail – Structural Calculations **Action: VRH to follow up with subcontractor.** ▪ Reveal Schedule – Metal Plank Ceiling **Action: PA Arch to return with comments.** ▪ South Generator Fence **Action: Design to review and return.** ▪ Service Elevator Machine Room **Action: PA Arch to address fire rating of D-Line Wall.** ▪ BHS **Action: VRH to provide test procedures, O&M Manuals.**
3	**Requests for Information** ▪ Seven (7) RFI's require a response.

5 Field Work/Progress

- Back Offices of Claim Hall
  Action: REO has notified VRH this area will be fit-out to accommodate Delta/Northwest. Design/PMD to supply drawings.
- Temporary Gear in North Substation
  Action: VRH to provide schedule.
- Sprinkler Head Locations @ B1
  Action: Design to provide layout.
- North Generator Bus Duct
  Action: VRH to schedule with SM Electric.
- 1 ½" Drain Line
  Action: PA to investigate.
- Temporary Power for Carousel
  Action: PA to address.

6 Issues

- None were noted.

7 Security Requirements

- Utility Mark-Outs
  Action: VRH to ensure mark-outs have been requested for applicable work.
- SWAC/Photo ID Badges/Temporary Day Passes – VRH was reminded everyone must go through the SWAC background check in order to work on-site. Everyone on-site must have a photo ID. REO is now issuing one-day temporary passes for all workers that will be on-site less than one week or are in the process of obtaining a SWAC ID.
  Action: VRH to return outstanding one-day passes to Bldg. 125.

- Daily Attendance Sheets/Vehicle Information
  Action: PA has requested Attendance Sheets be submitted before 9AM DAILY and be modified to indicate the status of Yellow CMD ID Card. VRH was reminded that no personal vehicles should be on the inner roadway.
- Daily Labor Reports/T&M Tickets – No problems were noted.
- Operation Safety Issues – No problems were noted.

8 Next Meeting

- Tuesday, September 30th at 9:00 AM
  Action: All participants are requested to arrive on time so as not to inconvenience others. The meeting will start promptly at 9:00 AM.

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**Two-Week Look-Ahead Schedule** ▪ Projected Manpower – VRH/SM submitted a two-week look ahead (attached). VRH/SM noted they currently have twenty-eight (28) men on-site. **Action:** o **Item #1 – VRH/SM scheduled to complete this work by 8/15. REO to schedule meeting the week of 8/18 to next phase.** o **Item #2 – VRH/SM continues work.** o **Item #3 – VRH/SM continues work.** o **Item #4 – VRH/SM has halted this work.** o **Item #5 – VRH/SM scheduled to complete this work by 8/15. REO to schedule shutdown for the night of 9/4.** o **Item #6 – VRH/SM has completed this work.** o **Item #7 – VRH/SM continues work on the remaining five legs.** o **Item #8 – VRH/SM continues work.** o **Item #9 – VRH/SM continues work.** o **Item #10 – VRH/SM scheduled to complete this work by 8/15.** o **Item #11 – VRH/SM continues work.** ▪ Projected Delays or Setbacks – None were noted.
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** ▪ Splices/Layout for S. Switchgear **Action: PA Environmental has confirmed the samples of the cables were negative. Work in this area (the pits) has been put on hold until PA Environmental cleans this area of any fallen fireproofing.** ▪ Outstanding Submittals with Designers/PA **Action: URS to review and return North Generator Daytank (Submittal 15030 & 16620).** ▪ Submittals to be Revised/Resubmitted – None were noted. ▪ Outstanding Submittals with the Contractor – None were noted.
3	**Requests for Information** ▪ Electrical RFI's **Action: The following RFI's require a response.** **No. / Title / BIC / Date Req'd** **237 / Smoke Detectors in Elevator Pits / URS / 8/6/08** **246 / Receptacle/Data Outlets / URS / 8/20/08** **248 / Location of Dampers / URS / 8/29/08**
4	**Subcontractor's Approval Requests** ▪ VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC and all contractors working on site including third tier subs must submit an SAR. **Action: VRH/SM was reminded that an SAR for the Rigger (J. Supor & Sons) is required.**
5	**Field Work/Progress** ▪ North Substation – Temporary Gear & Shutdown **Action:**

Contract EWR-264.003
Terminal B Modernization Program - Lower Level Expansion & B-1 Vertical Circulation – Electrical Progress Meeting

Mark	Discussion
	▪ **Scheduled shut-down of Switchboard A2 began this week, it will proceed for one week.** ▪ **Lexan Shield - PA noted the permanent gear shall not include Lexan Shield. The REO is in receipt of Siemens' Letter regarding its removal; SM/VRH to confirm who will remove it. SM to request a field representative from Siemens comes out to finalize the issue.** ▪ LED Lighting **Action: VRH/SM was directed to forward their submittal.** ▪ Generators **Action: VRH/SM noted the south generator is scheduled to ship mid-September. The north generator will ship without the pump package.** ▪ N4 Fixture **Action: VRH/SM to submit two mock-ups in 2-6 weeks. Upon approval the fixtures will be fabricated.** ▪ Switchgears **Action: VRH/SM noted a mid-December delivery date; REO requested factory-testing date.** ▪ South Substation **Action: VRH/SM completed the initial testing and commissioning but will have to be redone now that breakers have been repaired.** ▪ Electrical Shutdowns **Action: VRH/SM was reminded that at least one-week's notice is required for all electrical shutdowns.**
6	**Coordination/Safety** ▪ VRH/Subcontractor **Action: REO requested the B2 Lobby, North Substation, South Substation and all other areas be kept tidy at all times.**
7	**Next Meeting** ▪ Wednesday, September 10th at 10:00 AM **Action: All participants are requested to arrive on time so as not to inconvenience others. The meeting will start promptly at 10:00 AM.**

4	**Subcontractor's Approval Requests** ▪ VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC and all contractors working on site including third tier subs must submit an SAR. **Action: VRH/SM was reminded that an SAR for the Rigger is required.**
5	**Field Work/Progress** ▪ North Substation – Temporary Gear & Shutdown **Action:** ▪ **O&M Manual – URS approved the manuals. URS to bring approval stamp to EWR.** ▪ **A walk thru was held to determine the number of generators and their locations for the feeder replacements in Switchboard NA2; VRH/SM to submit layout.** ▪ **Lexan Shield - PA noted the permanent gear shall not include Lexan Shield. The REO is in receipt of Siemens' Letter regarding the removal of the Lexan Shield; SM/VRH to confirm who will remove the Lexan Shield.** ▪ **The REO has again requested confirmation (via letter) from Siemens that the install of the Belleville Washers is acceptable.** ▪ DPSA/DPSB **Action: PA/URS has approved the proposed layout of the side-mounted troughs.** ▪ 1200A Switch **Action: The REO has this work tentatively scheduled for the week of 6/23.** ▪ Public Address Wiring **Action: VRH/SM has halted the installation of conduits for speakers to Room 179.** ▪ LED Lighting **Action: VRH/SM was directed to cancel the LED purchase order that was placed with Magni Flood and proceed with the GE fixture, as per the contract. VRH/SM noted that the original submittal for the GE fixture was not approved.** ▪ Panel/Transformer Energization **Action: VRH/SM has completed this work. The REO requested that the directories be updated.** ▪ Electrical Shutdowns **Action: VRH/SM was reminded that at least one-week's notice is required for all electrical shutdowns.** ▪ Generator **Action: VRH/SM noted the shipment date for the generator is mid-July and that there would be a cost associated with the storage.** ▪ N4 Fixture **Action: VRH/SM to submit two mock-ups. Upon approval the fixtures will be fabricated.**
6	**Coordination/Safety** ▪ VRH/Subcontractor **Action: REO requested the B2 Lobby, North Substation, South Substation and all other areas be kept tidy at all times.**
7	**Next Meeting** ▪ Wednesday, July 2nd at 10:00 AM **Action: All participants are requested to arrive on time so as not to inconvenience others. The meeting will start promptly at 10:00 AM.**

Contract EWR-264.003
Terminal B Modernization Program - Lower Level Expansion & B-1 Vertical Circulation

Date of Meeting: June 10, 2008
Location: EWR Building 74
Copy to: S. Botas (Severud), B. Hegarty, R. Prince, T. Redden (URS), N. Simeonidis, P. Spina (URS), M. Wallace, E. Williams (URS), Attendee List, File

Attendees:

R. Leonardo	PA Engineering CMD	E. Winkler	VRH Construction
D. Haines	PA Engineering CMD	L. Ricketts	VRH Construction
D. Lochard	PA Engineering CMD	K. Lovas	VRH Construction
S. Dubissette	PA Engineering CMD		
S. Berty	PA Engineering CMD		
S. Sienkiewicz	PA Arch		
K. Dulski	PA PMD		

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**General Requirements** ▪ Progress Schedule B2 Lobby –Work in this area continues – painting, decorative glass, signage, diffusers, column covers, refeeding AC system and curved molding/metal plank ceiling. **Action: VRH is scheduled to perform a hydro test and flush the system on 6/11. VRH to supply clean water report the week of 6/16. Partial Final is scheduled for Friday, June 13th.** B1 Lobby – Work in this area continues – ellipse framing, electrical and mechanical rough-ins. **Action: Escalator delivery scheduled for the first week of July.** Baggage Claim Area – Work in this area continues – terrazzo, ceiling, install of sprinkler heads and high hats. **Action: Baggage Carousel scheduled for delivery 6/23.** South End – Work in this area continues – spray fireproofing, install of concrete ductbank and ductbank conduit to be completed by week's end. **Action: B1 and B2 Elevator install to begin the week of 6/16.** MEP Trades – Work continues – Power to service elevator and IB1 installation to be completed by week's end. N/S & E/W electrical distribution, fit-out of rooms 145 & 146 and install of FA conduit airside continues over the next two weeks. **Action: VRH to perform tone test for PA conduit by 6/13. VRH directed to stop all extra work associated with PA System/Conduit. Power to escalator pit and power curve/door installation for IB1 to begin the week of 6/16.** ▪ Long Lead Items **Action: VRH to submit updated list for review.** ▪ Submittal Log **Action: VRH to revise and submit weekly.**
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** ▪ Escalator **Action: VRH to resubmit O&M Manuals – overdue.** ▪ Elevators Passenger Elevator **Action: VRH to resubmit - overdue.** Service Elevator **Action: VRH to confirm delivery date for cabs/fixtures.** Enclosure **Action: PA Arch to review and return.** Glass Rail System **Action: VRH to submit – overdue.** ▪ Ductwork **Action: PA/URS to review and return - overdue.**

Mark	Discussion
	▪ North Generator Fuel Oil Transfer Pump & Fuel Oil Day Tank **Action: PA/URS to review and return - overdue.**
3	**Requests for Information** ▪ Eleven (11) RFI's require a response.

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**General Requirements** ▪ Schedule Update – VRH noted the following information: B1 Lobby – Work in this area continues; scheduled opening date of 12/17/08. The corrective electrical work in the escalator machine room and outstanding submittals relating to the escalators. Baggage Claim Area – Work in this area continues, estimated completion date of 1/31/09. Opening of the claim hall is dependant on the completion of the foundation for IB1 (by others) and relocation of Mid-Level tenant to Lower Level (drawings pending). East Ticketing Area – Work in this area continues including plastering ellipse and plank ceiling construction, estimated completion date of 12/25. Service Elevator – VRH awaiting delivery of cabs and fixtures. ▪ 2-week look-ahead (see attached) o B1 Lobby ▪ GFRG **Action: VRH has completed this work.** ▪ Deco Glass **Action: VRH expects glass to be on site 11/26; install is scheduled to take 2-3 days.** ▪ Foot Rail **Action: VRH is scheduled to begin installation 12/2.** ▪ Precast Terrazzo Treads **Action: VRH is scheduled to begin caulking 12/2.** ▪ Precast Terrazzo Column **Action: VRH is scheduled to perform installation 11/25.** ▪ 3x3 Light Fixtures **Action: VRH to supply delivery date; temporary lights are not on-site.** o Service Elevator ▪ Cab/Fixture Delivery **Action: VRH to follow up.** ▪ Signage **Action: VRH to ensure all signage has been ordered and scheduled for delivery/installation by elevator completion date.** o B2 East Ticketing **Action: A preliminary above ceiling inspection to be held 11/26.**
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** ▪ O&M Manuals/Training– Escalator, Service Elevator, Vestibule Sliding Doors **Action: VRH to forward O&M manual for AHU-7. VRH to contact subcontractors and supply date for remaining O&M manuals. VRH to supply training dates.** ▪ BHS **Action: VRH to provide test procedures, O&M Manuals.** ▪ South Generator Fence **Action: Re-submittal dependant on redesign of catwalk.**

Mark	Discussion
3	**Requests for Information** ▪ Two (2) RFI's require a response.

Pending Approval:

5 **Issues**

- Back Offices of Claim Hall
  Action: REO has notified VRH this area will be fit-out to accommodate Delta/Northwest. Design/PMD to supply drawings 11/14.
- IB2/IB3
  Action: Elevations and scope of work for IB2/IB3 to be finalized in the field with REO and VRH.
- LED Fixtures
  Action: Lighting consultant to provide comments on mock-up.
- 3x3 Light Fixture
  Action: Luminare not yet released. VRH to provide release and delivery dates. VRH to provide mock-up of coffer, four-week lead-time after approval.
- Genco Ceiling
  Action: VRH to provide schedule.
- Relocation of Ground Transportation Counter
  Action: PMD to provide schedule – work to be performed by others.
- IB1
  Action: PMD to follow up on completion date for IB1 foundation (by others).

7 **Security Requirements**

- SWAC/Photo ID Badges/Temporary Day Passes – VRH was reminded everyone must go through the SWAC background check in order to work on-site. Everyone on-site must have a photo ID. REO is now issuing one-day temporary passes for all workers that will be on-site less than one week or are in the process of obtaining a SWAC ID.
  Action: VRH to return outstanding one-day passes to Bldg. 125.

Venture Electric	

5 **Field Work/Progress**

- Back Offices of Claim Hall
  Action: REO has notified VRH this area will be fit-out to accommodate Delta/Northwest. Design/PMD to supply drawings 11/14.
- Temporary Gear in North Substation
  Action: VRH to provide schedule for completion of switchovers.
- North Generator Bus Duct
  Action: Work requires miscellaneous steel install; VRH to submit route.
- Monitoring of Switchboard A-4 & B-4
  Action: Monitoring of switchboard A-4 and B-4 scheduled for completion 10/30.
- Service Elevator Machine Room
  Action: PA to provide power requirements.
- N3 Light Fixtures
  Action: REO reviewing Design's revised drawing.
- LED Fixtures
  Action: Lighting manufacturer to review fixture on site.
- Genco Ceiling
  Action: Design to provide revised drawing.
- Relocation of Ground Transportation Counter
  Action: PMD to provide schedule – work to be performed by others.
- South Generator Catwalk
  Action: Design to provide revised drawing.

6 **Issues**

- None were noted.

7 **Security Requirements**

- SWAC/Photo ID Badges/Temporary Day Passes – VRH was reminded everyone must go through the SWAC background check in order to work on-site. Everyone on-site must have a photo ID. REO is now issuing one-day temporary passes for all workers that will be on-site less than one week or are in the process of obtaining a SWAC ID.
  Action: VRH to return outstanding one-day passes to Bldg. 125.
- Daily Attendance Sheets/Vehicle Information
  Action: PA has requested Attendance Sheets be submitted before 9AM DAILY and be modified to indicate the status of Yellow CMD ID Card. VRH was reminded that no personal vehicles should be on the inner roadway.
- Daily Labor Reports/T&M Tickets – No problems were noted.
- Operation Safety Issues – No problems were noted.

8 **Next Meeting**

- Tuesday, November 11th at 9:00 AM
  Action: All participants are requested to arrive on time so as not to inconvenience others. The meeting will start promptly at 9:00 AM.

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**Two-Week Look-Ahead Schedule** ▪ Projected Manpower – VRH/SM submitted a two-week look ahead (attached). VRH/SM noted they currently have thirty-three (33) men on-site. **Action:** o **Item #1 – VRH/SM continues work.** o **Item #2 – VRH/SM continues work.** o **Item #3 – VRH/SM continues work.** o **Item #4 – VRH/SM continues work.** o **Item #5 – VRH/SM continues work.** o **Item #6 – VRH/SM continues work.** o **Item #7 – VRH/SM continues work.** o **Item #8 – VRH/SM continues work.** o **Item #9 – VRH/SM continues work.** o **Item #10 – VRH/SM continues work.** o **Item #11 – VRH/SM continues work.** ▪ Projected Delays or Setbacks – None were noted.
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** ▪ Outstanding Submittals with Designers/PA **Action: URS to review and return North Generator Daytank (Submittal 16620).** ▪ Submittals to be Revised/Resubmitted – None were noted. ▪ Outstanding Submittals with the Contractor – None were noted.
3	**Requests for Information** ▪ Electrical RFI's **Action: The following RFI's require a response.**

No.	Title	BIC	Date Req'd
237	Smoke Detectors in Elevator Pits	URS	8/6/08
246	Receptacle/Data Outlets	URS	8/20/08
253	Provide circuit numbers	URS	9/26/08

4	**Subcontractor's Approval Requests** ▪ VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC and all contractors working on site including third tier subs must submit an SAR.
5	**Field Work/Progress** ▪ South Generator Ground Rod Testing **Action: VRH/SM completed testing and report shall be forwarded.** ▪ South Generator Delivery **Action: VRH/SM noted delivery is scheduled for the week of 10/27.** ▪ Temporary Switchboard T-S Inspection & Acceptance **Action: VRH/SM to notify REO when all work is complete.** ▪ Independent Test Reports for Switchboard T-S, Panels PMD-P, TMD-P and EMD-B **Action: VRH/SM to provide reports.**

Contract EWR-264.003
Terminal B Modernization Program - Lower Level Expansion & B-1 Vertical Circulation – Electrical Progress Meeting

Mark	Discussion
	▪ Switch-Overs form Switchgear SA to Switchboard T-S **Action: VRH/SM to provide schedule.** ▪ Installation of 1200AMP Temporary Panel for B1 Lobby **Action: VRH/SM noted the cable tray would be delivered the week of 10/27. VRH/SM to provide approximate installation time and final date of commissioning.** ▪ Install of Hioki 3196 Power Analyzers in North Substation **Action: VRH/SM to confirm whether or not the Hioki can supply a report which shows duration of peaks.** ▪ Switchgear NA Shutdown **Action: VRH/SM supplied a schedule, which was reviewed (see attached). Work is scheduled to start the night of Sunday/Monday (10/26-10/27) with the shutdown of A4, B4 and A2.** ▪ North Generator Bus Duct **Action: VRH/SM to supply layout of routing, meeting to be held.** ▪ Installation of ATS Near North Switchgear Room **Action: VRH/SM is scheduled to start this work 10/28.** ▪ North Substation – Temporary Gear & Shutdown **Action: VRH/SM supplied MSDS for Glastic, URS to review.** ▪ N4 Fixture **Action: VRH/SM noted the fixtures are currently be fabricated and are scheduled to be delivered the week of 10/27.** ▪ Switchgears **Action: VRH/SM noted a mid-December delivery date. VRH/SM supplied factory-testing information.** ▪ Electrical Shutdowns **Action: VRH/SM was reminded that at least one-week's notice is required for all electrical shutdowns.** ▪ LED Lighting (B2 Lobby Ellipse) **Action: PA Arch to make a decision on the mock-up.** ▪ Disconnects for MCP's (IB3 & IB4) **Action: REO to address.** ▪ Junction Boxes in East Ticketing Area **Action: REO to issue directive.**
6	**Coordination/Safety** ▪ VRH/Subcontractor **Action: REO requested the B2 Lobby, North Substation, South Substation and all other areas be kept tidy at all times.**
7	**Next Meeting** ▪ Wednesday, November 5th at 10:00 AM **Action: All participants are requested to arrive on time so as not to inconvenience others. The meeting will start promptly at 10:00 AM.**

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**General Requirements** ▪ Schedule Update – VRH submitted a Schedule Update, which included the following completion dates. B1 Lobby – Work in this area continues including mock-up for LED which has been started. This area has a scheduled completion date of 11/17/08; GFRG, which pushed out the completion date, is scheduled to ship 10/27. Baggage Claim Area – Work in this area continues, estimated completion date of 12/17/08. East Ticketing Area – Work in this area continues including soffit framing, estimated completion date of 11/12/08. Service Elevator – Work continues, estimated completion date of 12/22/08. Elevator cab tentatively scheduled for delivery the week of 10/20. ▪ BHS Schedule **Action: VRH has submitted schedule for BHS.** ▪ Switchgear Delivery/Installation Schedule **Action: VRH supplied a mid-November delivery date and will supply installation schedule. VRH forwarded factory and testing schedule which is to be performed the week of 10/13.** ▪ 2-week look-ahead (see attached) o B1 Lobby ▪ Deco Glass **Action: VRH to supply delivery date.** ▪ Foot Rail **Action: Delivery date for interior rail is tentatively 10/24, exterior rail is on-site and scheduled for install the week of 10/20.** ▪ Glass Guardrail System **Action: Delivery date for stainless steel is tentatively end of November, glass has arrived. VRH to confirm foot rail on glass rail is non-directional.** ▪ Precast Terrazzo Treads **Action: VRH noted a 10/20 delivery date; 2-3 day installation time noted.** ▪ Stainless Steel Handrails **Action: VRH noted a 3-week delivery time for glass, rail to arrive mid-November.** ▪ Temporary Partitions **Action: VRH to install the week of 10/27.** ▪ 3x3 Light Fixtures **Action: VRH noted samples are scheduled to arrive 10/14.** o Mid Level ▪ Expansion Joint **Action: Flood test and corrections being performed.** ▪ Temporary Partitions **Action: VRH to install the week of 10/27.**

Mark	Discussion
	▪ B1 Courtyard – Striping **Action: VRH to schedule work.** o Service Elevator ▪ Cab/Fixture Delivery **Action: VRH noted a 10/22/08 delivery date.** ▪ Signage **Action: VRH to ensure all signage has been ordered.** o South Substation ▪ Testing/Commissioning for Temporary Gear, MDP's **Action: Testing/commissioning are complete, VRH to submit report. Inspection for temp. CT cabinet to be held 9/30.** o South End ▪ Unit AC-2 **Action: A housekeeping pad, to be provided by others, is to be installed.** o Bag Claim Hall ▪ BHS/Claim Devices **Action: VRH noted rollers for IB2, IB3 and IB4 have not arrived; tentatively scheduled for week of 10/20.** ▪ Sprinklers **Action: REO to decide if system shall be drained or energized.** o Genco ▪ Stairs & Handrails **Action: VRH to supply delivery date.**
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** ▪ O&M Manuals – Escalator, Service Elevator, Vestibule Sliding Doors **Action: VRH to contact subcontractors and supply date.** ▪ Glass Guardrail – Structural Calculations **Action: VRH to follow up with subcontractor.** ▪ N3 Fixtures **Action: PA Arch to supply sketches.** ▪ Service Elevator Machine Room **Action: PA Arch has supplied detial.** ▪ BHS **Action: VRH to provide test procedures, O&M Manuals.** ▪ South Generator Fence **Action: PA returned Not Approved.**
3	**Requests for Information** ▪ Nine (9) RFI's require a response.

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**Two-Week Look-Ahead Schedule** ▪ Projected Manpower – VRH/SM submitted a two-week look ahead (attached). VRH/SM noted they currently have thirty-one (31) men on-site. **Action:** o **Item #1 – VRH/SM to continue work pending cable size which shall be determined after load monitoring.** o **Item #2 – VRH/SM to begin upon completion of temporary generator cables.** o **Item #3 – VRH/SM continues work.** o **Item #4 – VRH/SM has resumed this work, the installation of fire rated ceiling is complete.** o **Item #5 – VRH/SM has completed this work.** o **Item #6 – VRH/SM to perform tie-in to switchboard SB on 10/3.** o **Item #7 – VRH/SM continues work.** o **Item #8 – VRH/SM continues work.** o **Item #9 – VRH/SM continues work.** o **Item #10 – VRH/SM has completed this work.** o **Item #11 – VRH/SM has completed this work; PA to address issue with junction boxes.** o **Item #12 – VRH/SM continues work.** ▪ Projected Delays or Setbacks – None were noted.
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** ▪ Outstanding Submittals with Designers/PA **Action: URS to review and return North Generator Daytank (Submittal 16620).** ▪ Submittals to be Revised/Resubmitted – None were noted. ▪ Outstanding Submittals with the Contractor – None were noted.
3	**Requests for Information** ▪ Electrical RFI's **Action: The following RFI's require a response.**

No.	Title	BIC	Date Req'd
237	Smoke Detectors in Elevator Pits	URS	8/6/08
246	Receptacle/Data Outlets	URS	8/20/08
248	Location of Dampers	URS	8/29/08
253	Provide circuit numbers	URS	9/26/08

4	**Subcontractor's Approval Requests** ▪ VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC and all contractors working on site including third tier subs must submit an SAR. **Action: PA REO has approved J. Supor & Sons.**
5	**Field Work/Progress** ▪ South Generator Ground Rod Testing **Action: VRH/SM completed testing and report shall be forwarded the week of 9/29.**

Contract EWR-264.003
Terminal B Modernization Program - Lower Level Expansion & B-1 Vertical Circulation – Electrical Progress Meeting

Mark	Discussion
	▪ Supporting of Conduits and Boxes (punchlist) **Action: VRH/SM continues wokk and will notify REO when complete; this work is required before an above ceiling reinspection of the B1 Lobby and Baggage Claim Area can be performed.** ▪ Install of Hioki 3196 Power Analyzers in North Substation **Action: VRH/SM has installed the analyzers on panels NHDP-M and DP-NA. The monitoring of Transformer T-C, Switchboard A4 and B4 will begin upon completion of panels NHDP-M and DP-NA.** ▪ North Generator Bus Duct **Action: REO noted possible work options are Monday through Thursday (7-11AM)/Friday (all day) or Sunday through Thursday (evenings). VRH/SM to confirm which option works best and supply start date.** ▪ Installation of ATS Near North Switchgear Room **Action: VRH/SM to supply proposed start date and schedule upon approval of J. Supor & Sons (Rigger).** ▪ Switchgear SB Shutdown (for Temp Board tie-in) **Action: REO has confirmed with VRH/SM the shutdown for the eight sets of 500 MCM cables will take place 10/2-10/3 and will be complete in one night shift. VRH/SM to supply megger report for cables the week of 10/6. VRH/SM has transmitted the coordination study for review.** ▪ Independent Test Reports for Switchboard T-S, Panels PMD-P, TMD-P and EMD-P **Action: VRH/SM to provide reports the week of 10/6.** ▪ Installation of 1200AMP Temporary Panel for B1 Lobby **Action: VRH/SM noted a 10/13 delivery date for the panel (tentative). VRH/SM to provide approximate installation time and final date of commissioning. URS to address ground fault protection.** ▪ North Substation – Temporary Gear & Shutdown **Action: Lexan Shield - Siemens to provide MSDS sheet for Glastics.** ▪ Generators **Action: VRH/SM noted the north generator is currently in storage and the south generator is scheduled to arrive the week of 10/6.** ▪ N4 Fixture **Action: VRH/SM noted a mock-up would be available for review and approval the week of 10/6. Upon approval the fixtures will be fabricated.** ▪ Switchgears **Action: VRH/SM noted a mid-December delivery date; REO requested factory-testing date.** ▪ Electrical Shutdowns **Action: VRH/SM was reminded that at least one-week's notice is required for all electrical shutdowns.**
6	**Coordination/Safety** ▪ VRH/Subcontractor **Action: REO requested the B2 Lobby, North Substation, South Substation and all other areas be kept tidy at all times.**
7	**Next Meeting** ▪ Wednesday, October 8th at 10:00 AM **Action: All participants are requested to arrive on time so as not to inconvenience others. The meeting will start promptly at 10:00 AM.**

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**Two-Week Look-Ahead Schedule** ▪ **Projected Manpower – VRH/SM submitted a two-week look ahead (attached). VRH/SM noted they currently have eighteen (18) men on-site.** o **Bus Duct Installation at North Substation – VRH/SM continue work.** o **'A' Side Stab Enclosure Installation in North Substation – VRH/SM noted enclosure to arrive 6/12.** o **Main Bus Feeder NA-1 North Substation – VRH/SM noted the bus feeder is to arrive 6/15.** o **Bus Duct – South Emergency Run Check Pieces – VRH/SM scheduled to start work 6/8.** o **Receive South Substation Temporary Tie-In Equipment – VRH/SM noted the arrival of equipment scheduled for week of 6/15.** o **South Substation Temporary Feeder Tie-In Modifications – VRH/SM continue work.** o **South Substation Conduit Relocations – VRH/SM to begin work 6/4.** o **Additional Smoke Dampers Power and Fire Alarm Conduit – VRH/SM continue work.** o **Welcome Center Branch Circuits – VRH/SM to begin work 6/4.** o **Additional Exit Signs – VRH/SM continue work.** o **Type N8 Fixture Installation – VRH/SM continue work.** o **Conduit Relocations at B1 Lobby Elevators – VRH/SM continue work.** o **South Generator Initial Startup – VRH/SM to perform the week of 6/1.**
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** **No outstanding submittals were noted.**
3	**Requests for Information** ▪ Electrical RFI's **Action: The following RFI's require a response.**

No.	Title	BIC	Date Req'd
285	Shunt Trip Breaker	URS	3/23/09
288	Circuit Designation for Signs	URS	4/22/09

4	**Subcontractor's Approval Requests** ▪ VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC and all contractors working on site including third tier subs must submit an SAR.
5	**Field Work/Progress** ▪ South Generator Manufacturer's Corrective Work **Action: REO provided preliminary (not all inclusive) punchlist; reinspection to be performed 6/8.** ▪ South Substation **Action: VRH/SM continues work on cable tray rerouting. VRH/SM to provide schedule.** ▪ North Substation **Action: VRH/SM currently installing bus duct. VRH/SM noted that Siemens is reworking the stab enclosure, which is scheduled for delivery 6/12. VRH/SM to investigate loose bolts on Switchboard A2 and confirm that Switchboard A2 (Section 5) should be bottom fed; VRH/SM to supply date items will be addressed so board can be inspected. VRH/SM to provide schedule.**

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**Two-Week Look-Ahead Schedule** ▪ Projected Manpower – VRH/SM submitted a two-week look ahead (attached). VRH/SM noted they currently have fifteen (15) men on-site. o **Bus Duct Installation at North Substation – VRH/SM continue work.** o **'B' Side Stab Enclosure Installation in North Substation – VRH/SM has started work, stab enclosure to arrive in two weeks.** o **Wire Installation and Terminations for North 600A ATS's – VRH/SM continue work.** o **Misc. Cleanup in Baggage Area – VRH/SM continue work.** o **Enclosure Fabrication for South Substation Temporary Tie In – VRH/SM continue work.**
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** ▪ North Generator Daytank (Submittal 16620) **Action: URS to review and return.** ▪ Light Poles **Action: PA Arch to review and return.**
3	**Requests for Information** ▪ Electrical RFI's **Action: The following RFI's require a response.**

No.	Title	BIC	Date Req'd
285	Shunt Trip Breaker	URS	3/23/09
288	Circuit Designation for Signs	URS	4/22/09

4	**Subcontractor's Approval Requests** ▪ VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC and all contractors working on site including third tier subs must submit an SAR.
5	**Field Work/Progress** ▪ South Generator **Action: VRH/SM to supply schedule. VRH/SM noted the 1-year warranty begins upon the start-up or commissioning of the generator or September 2009. REO is preparing change order to address cable issue.** ▪ Monitoring Gear in South Substation **Action: REO to issue a change order. VRH/SM was advised that there are other monitors in this room under a separate contract.** ▪ Monitoring Gear in North Substation **Action: VRH/SM to forward reports upon approval of cost.** ▪ ATS near North Switchgear Room **Action: VRH/SM is continuing the conduit work from the mini-ATS Room to the North Generator.** ▪ Switchgear NA, Switchboard A2, A3 and Life Safety Panel **Action: REO to schedule inspection the week of 5/11.** ▪ Stab Work – South Substation **Action: VRH/SM supplied shop drawings for modified bus. URS has verbally approved the shop drawings and will officially respond with minor comments.**

Contract EWR-264.003
Terminal B Modernization Program - Lower Level Expansion & B-1 Vertical Circulation – Electrical Progress Meeting

Mark	Discussion
	▪ North Substation **Action: REO requested VRH/SM install conduit, in accordance with the Contract. VRH/SM to submit RFI stating the reason why they feel bus duct must be used in lieu of the specified conduit.** ▪ Fire Alarm System **Action: REO to hold partial final inspection 5/8.** ▪ Electrical Shutdowns **Action: VRH/SM was reminded that at least one-week's notice is required for all electrical shutdowns.** ▪ Manpower **Action: VRH/SM noted that due to diminishing work they may be forced to reduce the manpower on-site; the resumption of work in the South Substation is critical to maintain continuity.**
6	**Coordination/Safety** ▪ VRH/Subcontractor **Action: REO requested the B2 Lobby, North Substation, South Substation and all other areas be kept tidy at all times.**
7	**Next Meeting** ▪ Wednesday, May 20th at 10:00 AM **Action: All participants are requested to arrive on time so as not to inconvenience others. The meeting will start promptly at 10:00 AM.**

5 **Issues**

- Alternate Stab for South Substation
  Action: Switchover of circuits to temporary gear is on hold.

6 **Security Requirements**

- Utility Mark-Outs
  Action: VRH was reminded that all Utility mark-outs must be performed prior to any work that could affect underground utilities.
- SWAC/Photo ID Badges/Temporary Day Passes – VRH was reminded everyone must go through the SWAC background check in order to work on-site. Everyone on-site must have a photo ID. REO is now issuing one-day temporary passes for all workers that will be on-site less than one week or are in the process of obtaining a SWAC ID.
  Action: VRH to return outstanding one-day passes to Bldg. 125.
- Daily Attendance Sheets/Vehicle Information
  Action: PA has requested Attendance Sheets be submitted before 9AM DAILY and be modified to indicate the status of Yellow CMD ID Card. VRH was reminded that no personal vehicles should be on the inner roadway.
- Daily Labor Reports/T&M Tickets
  Action: It was reported that T&M tickets are not being submitted daily; VRH to address.
- Operation Safety Issues – No problems were noted.

Terminal B Modernization Program - Lower Level Expansion & B-1 Vertical Circulation

Mark	Discussion
7	**Next Meeting** ▪ Tuesday, May 12th at 9:00 AM **Action: All participants are requested to arrive on time so as not to inconvenience others. The meeting will start promptly at 9:00 AM.**

Prepared by: Dawn Haines
Date: May 6, 2009

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**Two-Week Look-Ahead Schedule** ▪ Projected Manpower – VRH/SM submitted a two-week look ahead (attached). VRH/SM noted they currently have seventeen (16) men on-site. o **Bus Duct Installation at North Substation – VRH/SM continue work on the bus duct install from A2 to NA.** o **Conduit Installation for 600 AMP ATS's at North Substation – REO to request PA Environmental test area.** o **Switchboards NA and A2 Testing and Circuit Breaker Setting – VRH/SM to start work 4/22; one week duration.** o **Fire Alarm Programming in Bag Claim Area – VRH/SM scheduled to begin work on 4/13.** o **Trim Out Baggage Claim Area – VRH/SM continue work.** o **Lighting in Rooms and Corridors at South End of Terminal – VRH/SM continue work.** o **Provide Temporary Power and Lighting for Terrazzo – VRH/SM continue work at night.**
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** ▪ Outstanding Submittals with the Contractor o North Generator Daytank (Submittal 16620) **Action: VRH/SM to resubmit submittal with the required 150% vs. the 110% capacity for the secondary containment; it was noted the 150% tank may not fit.** ▪ Layout for North Generator **Action: VRH to submit 4/22.**
3	**Requests for Information** ▪ Electrical RFI's **Action: The following RFI's require a response.**

No.	Title	BIC	Date Req'd
285	Shunt Trip Breaker	URS	3/23/09
288	Circuit Designation for Signs	URS	4/22/09
289	Fire Alarm Recall	URS	4/23/09

4	**Subcontractor's Approval Requests** ▪ VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC and all contractors working on site including third tier subs must submit an SAR.
5	**Field Work/Progress** ▪ South Generator **Action: VRH/SM to supply schedule and warranty info for generator. VRH/SM informed the REO that they would soon begin making preparations to test the South Generator without cables. They also reiterated that the cables were not part of the original contract. PA notified VRH/SM that the generator could not be turned over without the cables.** ▪ Back Offices & Vestibule **Action: REO to schedule partial final inspection for the week of 4/27.** ▪ Baggage Claim Area **Action: Final above ceiling inspection held on 4/7; VRH/SM working on punchlist items.**

Contract EWR-264.003

288	Circuit Designation for Signs	URS	4/22/09
289	Fire Alarm Recall	URS	4/23/09

4	**Subcontractor's Approval Requests** ▪ VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC and all contractors working on site including third tier subs must submit an SAR.
5	**Field Work/Progress** ▪ South Generator **Action: VRH/SM to supply schedule and warranty info for generator. VRH/SM informed the REO that they would soon begin making preparations to test the South Generator without cables. They also reiterated that the cables were not part of the original contract. PA notified VRH/SM that the generator could not be turned over without the cables.** ▪ Back Offices & Vestibule **Action: REO to schedule partial final inspection for the week of 4/27.** ▪ Baggage Claim Area **Action: Final above ceiling inspection held on 4/7; VRH/SM working on punchlist items.**

Contract EWR-264.003

Terminal B Modernization Program - Lower Level Expansion & B-1 Vertical Circulation – Electrical Progress Meeting

Mark	Discussion
	▪ Monitoring Gear in South Substation **Action: REO to issue directive. VRH/SM was advised that there are other monitors in this room under a separate contract.** ▪ Monitoring Gear in North Substation **Action: VRH/SM to forward reports upon approval of cost.** ▪ ATS near North Switchgear Room **Action: VRH/SM ~~has substantially completed~~ the conduit work in the mini-ATS Room.** ▪ Switchgear NA & Switchboard A2 **Action: VRH/SM is currently installing bus duct. Switchboard and gear are currently being tested.** ▪ North Substation **Action: URS to provide specifications for transformer.** ▪ Smoke Detectors in South Substation **Action: VRH has cleaned the smoke detectors.** ▪ Stab Work – South Substation **Action: VRH/SM supplied shop drawings for modified bus. URS has verbally approved the shop drawings and will officially respond with minor comments.** ▪ North Substation **Action: REO requested VRH/SM install conduit, in accordance with the Contract. VRH/SM to submit RFI stating the reason why they feel bus duct must be used in lieu of the specified conduit.** ▪ Electrical Shutdowns **Action: VRH/SM was reminded that at least one-week's notice is required for all electrical shutdowns.** ▪ Manpower **Action: VRH/SM noted that due to diminishing work they may be forced to reduce the manpower on-site; the resumption of work in the South Substation is critical to maintain continuity.**
6	**Coordination/Safety** ▪ Electrical Shutdowns **Action: REO and VRH/SM to supply info regarding the number of shutdowns required for all work over the next year.** ▪ VRH/Subcontractor **Action: REO requested the B2 Lobby, North Substation, South Substation and all other areas be kept tidy at all times.**
7	**Next Meeting** ▪ Wednesday, May 6th at 10:00 AM **Action: All participants are requested to arrive on time so as not to inconvenience others. The meeting will start promptly at 10:00 AM.**

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**General Requirements**

- Schedule Update – VRH noted the following information:

  B1 Lobby – Escalators E1 and E2 failed 24-hour run test; E1 stopped – possible relay and E2 – handrail newel running hot. TKI/VRH to complete all escalator open items by COB 2/3/09 and restart 24-hour test.

  B2 Lobby/East Ticketing Area – Work in this area continues; opening scheduled for the week of 2/2.

  Service Elevator – Frames have been installed and the installation of the elevator cab and fixtures is in progress.

- 2-week look-ahead (see attached)
  - B1 Lobby
    - Emergency Lighting (Temporary)
      Action: VRH has all feeds pulled; install to be complete by 2/3.
    - Escalator
      Action: Issues being addressed. VRH to supply maintenance program.
    - Partitions
      Action: VRH is scheduled to remove the mid-level temporary partition 2/3. Temporary partitions at the mid-level are scheduled to be put up the week of 2/9.
    - N4 Light Fixtures
      Action: VRH noted delivery of the fixtures is scheduled for the end of April; coffers have been fabricated.
  - Baggage Claim Hall
    - Above Ceiling
      Action: Upon completion of all work an inspection is to be held, by 2/6.
    - Foundation for IB1
      Action: Install, by others, is complete but VRH noted the roadway needs to be relocated.
    - BHS
      Action: VRH/EEI submitted test procedures.
    - Stainless Steel Bag Drops
      Action: IB1 has been substantially installed, IB2 – 80% of side panels are onsite, IB3 needs to be field measured.
  - B2 East Ticketing
    - Elevator Lobby
      Action: VRH anticipates the elevator lobby ceiling will be complete by 2/6.
    - North Corridor Ceiling
      Action: An above ceiling inspection is scheduled for 2/4.
  - E5 Escalator
    Action: VRH to provide factory test and delivery date.
  - Passenger Elevator
    - Calculations
      Action: Severud to review and return.
    - Fixtures
      Action: VRH to revise and resubmit.

Issues

- Alternate Stab for South Substation
  Action: URS to provide design drawings the week of 2/2. Switchover of circuits to temporary gear is on hold.
- Air Curtains
  Action: Design to provide complete drawings the week of 2/9.
- Airline Offices
  Action: PMD to provide concurrence. Temporary counters to be provided by SEMAC.

Mark	Discussion
5	▪ Specification for Fuel Oil Tank (N. Generator) **Action: URS to clarify.** ▪ Light Poles **Action: The fixture change requires a lamp that makes it custom. PA Arch/REO to review.** ▪ Transverse Joint **Action: VRH to perform leak test.**
7	**Security Requirements** ▪ SWAC/Photo ID Badges/Temporary Day Passes – VRH was reminded everyone must go through the SWAC background check in order to work on-site. Everyone on-site must have a photo ID. REO is now issuing one-day temporary passes for all workers that will be on-site less than one week or are in the process of obtaining a SWAC ID. **Action: VRH to return outstanding one-day passes to Bldg. 125.** ▪ Daily Attendance Sheets/Vehicle Information **Action: PA has requested Attendance Sheets be submitted before 9AM DAILY and be modified to indicate the status of Yellow CMD ID Card. VRH was reminded that no personal vehicles should be on the inner roadway.** ▪ Daily Labor Reports/T&M Tickets **Action: It was reported that T&M tickets are not being submitted daily; VRH to address.** ▪ Operation Safety Issues – No problems were noted.
8	**Next Meeting** ▪ Tuesday, February 17th at 9:00 AM **Action: All participants are requested to arrive on time so as not to inconvenience others. The meeting will start promptly at 9:00 AM.**

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**General Requirements** ▪ Schedule Update – VRH noted the following information: B1 Lobby – Work in this area continues; scheduled opening date of 1/19. Baggage Claim Area – Delays in completion of Stage I attributed to corrective actions in escalator machine room, outstanding escalator submittals and delays in testing fire alarm/smoke purge system. Work in this area continues, estimated completion date of 1/31; opening is dependant on completion of foundations for IB1 and power availability. B2 Lobby/East Ticketing Area – Work in this area continues; scheduled opening date of 1/19. Service Elevator – Frames have been installed and the installation of the elevator cab and fixtures is to begin 1/7. ▪ 2-week look-ahead (see attached) o B1 Lobby ▪ Electric Heater **Action: VRH has cable scheduled to arrive 1/6. REO to schedule shutdown for 1/9 for installation.** ▪ Fire Alarm/Smoke Purge **Action: VRH/AFA currently programming.** ▪ Escalator **Action: Testing is scheduled for 1/6. VRH to supply maintenance program, step break certification and training (1/14/09).** ▪ Infill Steel @ Concourse Level **Action: Severud to review and return shop drawings.** ▪ HVAC **Action: VRH has completed programming for smoke purge for AHU-7, training tentatively scheduled for 1/15, work continues on AHU-5 and AHU-6. URS to review and return O&M Manuals.** ▪ Temporary N4 Light Fixtures **Action: VRH noted delivery the week of 1/12, VRH to supply exact date.** o Baggage Claim Hall ▪ Foundation for IB1 **Action: Install, by others, is complete but VRH noted the roadway needs to be relocated.** ▪ Glass, Window, Storefronts **Action: Stainless steel is on-site for all openings and install should be complete by 1/9. Upon completion of install all door glass shall be ordered (8-week lead-time).** ▪ BHS **Action: VRH/EEI to submit test procedures.** ▪ Stainless Steel Bag Drops **Action: Fabrication complete, delivery by 1/9.**

Mark	Discussion
	o B2 East Ticketing ▪ Mid-Level Rail **Action: VRH anticipates the Mid-Level Rail will be complete by 1/8.** ▪ Foot Rails **Action: It was noted the foot rails require correction, VRH to supply delivery date for new foot rails.** ▪ Elevator Lobby **Action: VRH anticipates the elevator lobby ceiling will be complete by 1/9.** ▪ North Corridor Ceiling **Action: VRH to submit proposal for additional work.** o E5 Escalator **Action: VRH to provide factory test and delivery date.** o Passenger Elevator ▪ Calculations **Action: Severud to review and return.** ▪ Fixtures **Action: VTX to review and return.** o Service Elevator ▪ Cab/Fixture Delivery **Action: VRH is scheduled to start the installation 1/7 and will take approximately 3-4 weeks to complete.** ▪ O&M Manuals **Action: VRH to supply delivery date.**
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** ▪ BHS **Action: VRH to provide test procedures, O&M Manuals.** ▪ South Generator Fence **Action: VRH to forward submittal.**
3	**Requests for Information** ▪ Three (3) RFI's require a response.

Contract EWR-264.003
Terminal B Modernization Program - Lower Level Expansion & B-1 Vertical Circulation

Date of Meeting: December 23, 2008
Location: EWR Building 74
Copy to: S. Botas (Severud), B. Hegarty, R. Prince, T. Redden (URS), N. Simeonidis, P. Spina (URS), M. Wallace, E. Williams (URS), Attendee List, File

Attendees:

R. Leonardo	PA Engineering CMD	E. Winkler	VRH Construction
D. Haines	PA Engineering CMD	A. Leichert	VRH Construction
D. Lochard	PA Engineering CMD		
S. Dubissette	PA Engineering CMD		
S. Sienkiewicz	PA Engineering Arch		
C. Johnson	PA PMD		

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**General Requirements**

- Schedule Update – VRH noted the following information:

  B1 Lobby – Work in this area continues; scheduled opening date of 1/12/09.

  Baggage Claim Area – Delays in completion of Stage I attributed to corrective actions in escalator machine room, outstanding escalator submittals and delays in testing fire alarm/smoke purge system. Work in this area continues, estimated completion date of 1/31/09; opening is dependant on completion of foundations for IB1 and power availability.

  B2 Lobby/East Ticketing Area – Work in this area continues; scheduled opening date of 1/12/09.

  Service Elevator – Frames have been installed and the installation of the elevator and call boxes is to begin 12/23.

- 2-week look-ahead (see attached)
  Action: REO has requested all work required for vertical circulation be added to the two-week look-ahead.
  - B1 Lobby
    - Fire Alarm/Smoke Purge
      Action: VRH/AFA investigating open loop in Fire Alarm System, this is preventing programming and testing.
    - Escalator
      Action: VRH installing receptacles, wiring is complete, testing tentatively scheduled for 1/6/09. VRH to supply maintenance program, step break certification and training (1/8/09).
    - Infill Steel @ Concourse Level
      Action: Severud to review and return shop drawings.
    - HVAC
      Action: VRH has tentatively scheduled to complete the programming for the VAV boxes 1/5/09. URS to review and return O&M Manuals. Honeywell to complete programming before training can take place.
    - 3x3 Light Fixtures
      Action: PA Ops. to review current lighting conditions and concur. Additional temporary lights are not required.
  - Baggage Claim Hall
    - Foundation for IB1
      Action: Install, by others, is expected to be complete by 12/31/08.
    - Glass, Window, Storefronts
      Action: Stainless steel is on-site for all openings and install should be complete by 1/2/09. Upon completion of install all door glass shall be ordered (8-week lead-time).
    - BHS
      Action: VRH/EEI to submit test procedures.
    - Stainless Steel Bag Drops
      Action: Fabrication complete, delivery on 1/5/09.
  - B2 East Ticketing
    - Mid-Level Rail
      Action: Scheduled to arrive 12/23 and scheduled for completion by 1/2/09.
    - Elevator Lobby
      Action: MEP's currently being installed with an anticipated completion date of 12/30/08; elevator lobby ceiling complete by 1/8/09.

Mark	Discussion
	▪ North Corridor Ceiling **Action: VRH to submit proposal for additional work.** ▪ Terrazzo – Mid-Level **Action: Scheduled to begin 1/5/09.** ▪ Inspections **Action: An above ceiling inspection to be held 12/30/08.. REO to schedule framing inspection for area in front of the elevator and a pre-test for the fire smoke dampers the week of 12/29/08.** o E5 Escalator **Action: VRH to provide factory test and delivery date.** o Passenger Elevator ▪ Calculations **Action: Severud to review and return.** ▪ Fixtures **Action: VTX to review and return.** o Service Elevator ▪ Cab/Fixture Delivery **Action: Delivery scheduled for 12/23/08.** ▪ O&M Manuals **Action: VRH to supply delivery date.**
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** ▪ BHS **Action: VRH to provide test procedures, O&M Manuals.** ▪ South Generator Fence **Action: Re-submittal dependant on redesign of catwalk.**
3	**Requests for Information** ▪ Three (3) RFI's require a response.

No.	Title	BIC	Date Req'd
130	**Conflict w/Existing Sanitary Lines**	REO	10/16/07
258	**Location of Dampers**	PA Arch	10/29/08
265	**Communication Method for VMS Signs**	URS	12/19/08

4 **Subcontractor's Approval Requests**

VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC.

Approved:

G. Panetta & Sons	Artisan, Inc.
McCann Acoustics	Monmouth Controls & Instrument Co.
SM Electric	Railroad Construction Co.
Carol Hardy Mechanical	RISA Management Corp.
Josloff Industries, LLC	American Architectural, Inc.
D. Magnan & Co.	Moretrench American Corporation
Kone, Inc.	PAPP Iron Works, Inc.
Mazzocchi Wrecking Inc. (Demo Only)	Guardian Fence Co, Inc.
Schnell Contracting Services	Northeast Sheet Metal Works
Able Rolling Door, Inc.	Garden State Engineering
Zabransky Mechanical Corp.	Alpha Steel Construction
Signs & Decals Corp.	Amanda Contracting, Inc.
PAR Environmental Corp.	A. Liss & Co, Inc.
Pompton Painting Co.	ThyssenKrupp Elevator
Equipment Erectors, Inc.	MCS Electrical Contracting
Mazzocchi Wrecking, Inc. (Asbestos)	MetComm LLC
D-Star Waterproofing	Building Systems & Services
AFA Protective Systems	Fine Painting
FJC Security Services	Berto Construction
Metro Insulation	Active Tank & Environmental Services
XLE Metals, Inc.	S&J Electrical Contracting
North Central Electric	New Vision Enterprise, Inc.
United Drilling	Artisan Tile & Marble
New York Gypsum Floors	ANS Consultants, Inc.
J. Supor & Son Trucking	Venture Electric

Pending Approval:

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**Two-Week Look-Ahead Schedule** ▪ Projected Manpower – VRH/SM submitted a two-week look ahead (attached). VRH/SM noted they currently have twenty-nine (29) men on-site. **Action:** o **Item #1 – VRH/SM continues this work.** o **Item #2 – VRH/SM continues this work.** o **Item #3 – VRH/SM continues this work.** o **Item #4 – VRH/SM has been asked to put this work on HOLD.** o **Item #5 – VRH/SM to perform this work 12/10.** o **Item #6 – VRH/SM to perform this work 12/12.** o **Item #7 – VRH/SM continues this work.** o **Item #8 – VRH/SM to begin work upon removal of old equipment.** o **Item #9 – VRH/SM continues this work.** o **Item #10 – VRH/SM continues this work.** ▪ Projected Delays or Setbacks – None were noted.
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** ▪ Outstanding Submittals with Designers/PA **Action: URS to review and return North Generator Daytank (Submittal 16620).** ▪ Submittals to be Revised/Resubmitted – None were noted. ▪ Outstanding Submittals with the Contractor – None were noted.
3	**Requests for Information** ▪ Electrical RFI's **Action: The following RFI's require a response.**

No.	Title	BIC	Date Req'd
263	Demo of Revenue Meter Conduit	URS	12/9/08
264	Demo for Emergency Shutdown Conduit	URS	12/9/08

4	**Subcontractor's Approval Requests** ▪ VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC and all contractors working on site including third tier subs must submit an SAR.
5	**Field Work/Progress** ▪ South Generator Delivery **Action: VRH/SM has the delivery set for 12/3.** ▪ Temporary Switchboard T-S Inspection & Acceptance **Action: Inspection scheduled for 12/5.** ▪ Switch-overs form Switchgear SA to Switchboard T-S **Action: REO has requested this work be put on hold.** ▪ North Substation Turnover List **Action: VRH/SM is in receipt of list of equipment and shall turn over all listed equipment to PA Electrical.** ▪ Install of Hioki 3196 Power Analyzers in North Substation **Action: VRH/SM to submit load readings to PA Electrical.**

Contract EWR-264.003

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**Field Work** ▪ 2-Week Look Ahead **Action: VRH submitted (see attached).** ▪ AHU 3 **Action: VRH to submit schedule and air balancing report. Carol Hardy Mechanical will not schedule work until PACC is issued for additional work for VAV's.** ▪ AHU 4 **Action: System is balanced with the exception of diffusers in and around Room 119. VRH to submit interim balance report.** ▪ AHU 5, 6 **Action: Air balancing reports returned Approved as Noted, VRH to address and resubmit by 1/8/10.** ▪ AHU 7 **Action: VRH to perform air balancing by 1/8/10.** ▪ IB4 **Action: VRH to submit O&M manuals and as-builts week of 1/11/10; CMD to finalize punchlist and forward to VRH.** ▪ BMS System **Action: URS has responded to RFI; CMD to schedule meeting to review submittal/schedule.** ▪ Leak Detection System **Action: System was successfully tested. VRH to provide placard for system the week of 1/11/10, partial final inspection and training to be performed.** ▪ North Generator Delivery **Action: REO has confirmed the building is watertight. VRH to provide schedule for generator delivery including delivery of heating equipment by next electrical progress meeting (1/13/10). VRH was directed to remove the bollards.** ▪ Delta Corridor **Action: VRH to install exit sign, not done; VRH to follow up.** ▪ Express Escalator **Action: VRH to provide delivery date for escalator.** ▪ E5 Escalator **Action: The escalator is operational; VRH anticipates completing the punchlist by 1/15/10.** ▪ Service Elevator **Action: VRH is in the process of installing the drain piping for the sump pump; testing of the pumps to be performed 1/7/10. Response for RFI #320 is required for completion of the punchlist.** ▪ Public Address System **Action: VRH to submit remaining test procedures; originally scheduled by 12/24/09.** ▪ Conduit Relocation @ Genco **Action: VRH is scheduled to complete this work by 1/8/10.**

Mark	Discussion
	▪ South Generator Louver **Action: VRH to follow up on repair.** ▪ HVAC Commissioning **Action: CMD/DT/VRH to follow up on completed items.** ▪ Passenger Elevator **Action: Piston and controllers are expected on site in early February; VRH to confirm. All components are due on site in eighteen (18) weeks from release date of 12/21/09; VRH to attempt to improve delivery date.**
2	**Extra Work** ▪ Service Elevators **Action: VRH to submit pricing for BMS portion of Extra Work under PACC 77. VRH to provide back up for proposal for reprogramming to lock-out three (3) levels.** ▪ Fire Alarm Tie-Ins for SF-1, SF-2 and Static Pressure Sensors Relocation **Action: VRH to supply revised proposal.**
3	**Submittals, Shop Drawings, Catalog Cuts, Samples** ▪ Differential Pressure Sensors, Circuit Setters – AHU 5-9 **Action: VRH to resubmit catalog cuts, overdue.** ▪ IB3, 4 **Action: VRH to submit O&M Manuals for IB3 by 1/8/10 and IB4 by 1/15/10.** ▪ Escalator **Action: VRH to submit Final O&M manuals and spare parts; must be turned over prior to expiration period of the Maintenance Program for E1/E2.** ▪ Service Elevator **Action: VRH to submit O&M Manuals and Maintenance Program by 1/5/10.** ▪ Passenger Elevator **Action: VRH to submit O&M Manual and Maintenance Program. VRH to resubmit cab drawings.** ▪ E3/E4 **Action: VRH submitted a revised shoring plan for the steel work; Severud to review.**
4	**Requests for Information** ▪ Four (4) RFI's require a response.

No.	Title	BIC	Date Req'd
308	**Existing Fire Door**	PMD	10/13/09
314	**CMU Wall Removal for Escalators** **Action: VRH to identify extent of removal req'd.**	PA-ARC	11/30/09
316	**Stainless Steel Cover Plate** **Action: VRH to provide as-built conditions.**	PA-ARC	12/1/09
320	**Recall on Fire Alarms**	URS	1/11/10

5 **Subcontractor's Approval Requests**

VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC.

Approved:

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**Two-Week Look-Ahead Schedule** ▪ **Projected Manpower – VRH/SM submitted a two-week look ahead (attached). VRH/SM noted they currently have thirteen (13) men on-site.** o **North Substation Switchgear NA and Swtichboard A2 Switchovers – VRH/SM continue work; time to complete is one day.** o **North Substation 'A' Side Temporary Branch Circuit Removal from Temporary Switchboard – VRH/SM plan to start this work on 1/18; time to complete is one week.** o **North Substation 'A' Side Temporary Feeder Removal from Switchgear NB – VRH/SM plan to start this work 1/18; time to complete is one day.** o **North Substation 'B' Side Temporary Feeder Tie-In to Switchgear NA – VRH/SM plan to start this work 1/19; time to complete is four days.** o **North Substation 'B' Side Temporary Branch Circuit Installation – VRH/SM plan to start this work 1/25; time to complete is two weeks.** o **Bus Duct Installation in North Generator Building – VRH/SM plan to start this work 1/20; time to complete is three weeks.** o **Installation of North Generator Building Switchboards – VRH/SM will schedule this work once it is determined how the building will be heated.** o **Relocate Starters in North Substation – VRH/SM will schedule this work once they receive their submitted drawing approved; REO to return.** o **Installation of New Switchboard A1 in South Substation – VRH/SM will schedule this work upon the completion of the trench supports, by others; the completion of the trench supports is tentatively scheduled for completion on 1/14.** o **Installation of Remaining Bus Duct from Switchgear SA – VRH/SM plan to start this work 1/18; time to complete is one week.** o **Rough-In at B1 Lobby – VRH/SM continue this work; time to complete is approximately two weeks.**
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** No outstanding Electrical Submittals were noted.
3	**Requests for Information** ▪ No outstanding Electrical RFI's were noted. **No. | Title | BIC | Date Req'd**
4	**Subcontractor's Approval Requests** ▪ VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC and all contractors working on site including third tier subs must submit an SAR.
5	**Field Work/Progress** ▪ South Generator • Louvers **Action: VRH/SM to repair; date to be supplied.** • Automatic Fuel Gauge **Action: VRH/SM to supply date of delivery.** • Remote Annunciator **Action: URS to supply design by 1/15.**

Mark	Discussion
	• Amber Beacon **Action: URS to provide sketch.** • Interior Light Fixture **Action: REO to issue directive to VRH for this work as well as the beacon.** ▪ South Substation • Completion of Switchboard A1 Support **Action: Shutdown scheduled for 1/14.** ▪ North Substation • Shutdown for Panel DP-E & Switchboard A4 **Action: Shutdown scheduled for 1/14.** • Cable Tray Re-Feed to Switchgear NA **Action: REO to check availability of PA Electrical for shutdown.** • Elevator B7 Circuit Breaker (Defective?) **Action: VRH/SM to contact Siemens to inquire about settings. VRH/SM to troubleshoot problem by replacing the breaker** ▪ North Generator • Current Activities **Action:** • Installation of Temporary 300 KW Generator **Action:** • Power for Heaters **Action: VRH/SM would like to schedule the removal of the existing North Generator but how the building will be heated needs to be resolved; URS to supply information. URS/REO to also address the permanently open louvers.** • DEP Commissioning Rating for Generators **Action: VRH/SM to submit letter from manufacturer.**
6	**Coordination/Safety** ▪ VRH/Subcontractor **Action: REO requested the B2 Lobby, North Substation, South Substation and all other areas be kept tidy at all times.**
7	**Next Meeting** ▪ Wednesday, January 27th at 10:00 AM **Action: All participants are requested to arrive on time so as not to inconvenience others. The meeting will start promptly at 10:00 AM.**

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**Field Work** ▪ 2-Week Look Ahead **Action: VRH submitted (see attached).** ▪ AHU 3 **Action: VRH to submit schedule and air balancing report. Carol Hardy Mechanical will not schedule work until PACC is issued for additional work for VAV's.** ▪ AHU 4 **Action: System is balanced with the exception of diffusers in and around Room 119. VRH to submit interim balance report by 1/22.** ▪ AHU 5, 6 **Action: Air balancing reports returned Approved as Noted, VRH to address and resubmit by 1/22 - overdue.** ▪ AHU 7 **Action: VRH has performed the air balancing; report to be submitted.** ▪ BMS System **Action: URS has responded to RFI; VRH to submit schedule by 1/22/10.** ▪ Leak Detection System **Action: System was successfully tested. Partial final inspection and training are tentatively scheduled for 1/26.** ▪ Express Escalators **Action: VRH to confirm if the escalators will be delivered by the end of January.** ▪ E5 Escalator **Action: The escalator is operational; VRH to confirm punchlist is complete.** ▪ Service Elevator **Action: Testing of the sump pump is scheduled for 1/20. VRH to complete all punchlist items; a follow-up inspection is tentatively scheduled for the week of 1/25.** ▪ Public Address System **Action: Manufacturer's representative to inspect system. It was noted that additional submittals are not required.** ▪ South Generator Louver **Action: VRH to follow up on repair.** ▪ HVAC Commissioning **Action: VRH to supply status report on DomeTech's issues list by 1/22.**
	▪ Passenger Elevator **Action: VRH noted the following delivery dates: pistons, controllers, pumps, rails – 3/15 and cab, platform - 4/15. The elevator is scheduled for completion in June '10.** ▪ Camera at ID Office **Action: VRH to supply missing bracket for camera.** ▪ Elevator B7 **Action: VRH has reset the settings; the elevator has not tripped the breaker since.** ▪ South Substation (Pringles Switch) **Action: VRH to supply date for Siemens to address.**

1	**Field Work** ▪ 2-Week Look Ahead **Action: VRH submitted (attached).** ▪ AHU 2 **Action: Unit to be balanced.** ▪ AHU 3 **Action: VRH to submit air balancing report by 3/19.** ▪ AHU 4 **Action: VRH to submit air balancing report by 3/19.** ▪ AHU 7 **Action: Carbon air filters must be replaced prior to balancing; Facility to replace.** ▪ AHU 8, 9 Smoke Purge **Action: Relays need to be replaced, VRH to follow up.** ▪ AHU's 1-4 VFD's – Automatic Mode **Action: REO to address.** ▪ AHU's 1-4 Interface Panels **Action: VRH to confirm when AME will start installation.** ▪ AHU's 5-9 Interface Panels **Action: VRH to confirm when BS will start installation.** ▪ BMS System **Action: VRH to submit schedule.** ▪ Leak Detection System **Action: System was successfully tested. Re-test/Inspection and training to be scheduled.** ▪ E5 Escalator **Action: The escalator is operational; VRH to confirm punchlist is complete.** ▪ HVAC Commissioning **Action: VRH to supply status report on DomeTech's issue list - overdue.** ▪ Passenger Elevator **Action: VRH noted the elevator shaft is currently being installed, the steel framing is scheduled for completion 3/11 (including removal of scaffolding/shoring towers), United Drilling (pistons) would be a two week duration and TKE (platforms) would be four weeks. The elevator is scheduled for completion in June '10.** ▪ S1/S2 Elevators **Action: VRH currently repairing leak on pump unit for S1.** ▪ Welding Procedures for Elevator **Action: VRH to submit 3/16.** ▪ South Substation (Pringles Switch) **Action: VRH/Siemens to supply report.**
2	**Extra Work** ▪ PACC #87 - Fire Alarm Tie-Ins for SF-1, SF-2 and Static Pressure Sensors Relocation **Action: VRH to provide schedule for SF1, SF2; it was noted additional conduit is required. Facility to replace carbon filters for AHU 4 for proper programming of static pressure sensors.** ▪ PACC #104 - Differential Pressure Sensors, Circuit Setters – AHU 5-9 **Action: VRH to resubmit catalog cuts, overdue; response to RFI is required.**

Terminal B Modernization Program - Lower Level Expansion & B-1 Vertical Circulation

Mark	Discussion
3	**Submittals, Shop Drawings, Catalog Cuts, Samples** ▪ Escalator **Action: VRH to supply final O&M manuals.** ▪ Service Elevator **Action: VRH to confirm O&M Manuals and Maintenance Program have been submitted.** ▪ Passenger Elevator **Action: VRH to submit O&M Manual and Maintenance Program.** ▪ Loading Dock Ceiling **Action: VRH to submit pricing for nylon mesh. A possible alternative is a partition wall; REO/PMD to discuss with Bob Coda.** ▪ E3/E4 **Action: VRH to submit rigging plan.**
4	**Requests for Information** ▪ Four (4) RFI's require a response.

No.	Title	BIC	Date Req'd
308	**Existing Fire Door**	PMD	10/13/09
314	**CMU Wall Removal for Escalators**	PA-ARC	11/30/09
316	**Stainless Steel Cover Plate** **Action: VRH to provide as-built conditions.**	PA-ARC	12/1/09
324	**WF24 Connection to New Steel**	SA	3/1/10

5 **Subcontractor's Approval Requests**

VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC.

Approved:

G. Panetta & Sons	Artisan, Inc.
McCann Acoustics	Monmouth Controls & Instrument Co.
SM Electric	Railroad Construction Co.
Carol Hardy Mechanical	RISA Management Corp.
Josloff Industries, LLC	American Architectural, Inc.
D. Magnan & Co.	Moretrench American Corporation

Cooper Power Systems	Venture Electric
J. Supor & Son Trucking	Altel Systems, Inc.

6 **Issues**

- North Generator Delivery
  Action: REO has confirmed the building is watertight. Generators cannot be delivered until the building's temperature can be regulated. VRH has been directed via PACC #110 and #111 to supply power to the heaters, install motorized dampers and lighting.
- South Generator – Additional Interior Light
  Action: Facility requested additional interior lights. CMD to issue directive to VRH for Extra Work.

Mark	Discussion
7	**Security Requirements** ▪ Utility Mark-Outs **Action: VRH was reminded that all Utility mark-outs must be performed prior to any work that could affect underground utilities.** ▪ SWAC/Photo ID Badges/Temporary Day Passes – VRH was reminded everyone must go through the SWAC background check in order to work on-site. Everyone on-site must have a photo ID. REO is now issuing one-day temporary passes for all workers that will be on-site less than one week or are in the process of obtaining a SWAC ID. **Action: VRH to return outstanding one-day passes to Bldg. 125.** ▪ Daily Attendance Sheets/Vehicle Information **Action: PA has requested Attendance Sheets be submitted before 9AM DAILY and be modified to indicate the status of Yellow CMD ID Card. VRH was reminded that no personal vehicles should be on the inner roadway.** ▪ Daily Labor Reports/T&M Tickets **Action: It was reported that T&M tickets are being submitted daily.** ▪ Operation Safety Issues – No problems were noted.
8	**Next Meeting** ▪ Tuesday, March 30, 2010 at 9:00 AM **Action: All participants are requested to arrive on time so as not to inconvenience others. The meeting will start promptly at 9:00 AM.**

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**Two-Week Look-Ahead Schedule** ▪ **Projected Manpower – VRH/SM submitted a two-week look ahead (attached). VRH/SM noted they currently have five (5) men on days and four (4) men on nights.** o **North Substation 'B' Side Temporary to Permanent Switchovers – VRH/SM continue this work.** o **Relocation of Starters at North Substation – VRH/SM continue this work.** o **Panel DP-A Installation at North Substation – VRH/SM have this work tentatively scheduled to begin 3/29.** o **Cove Lighting and Fixture Trim Out between Columns 4 & 5 at Southwest End of Terminal – VRH/SM continue this work.**
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** No outstanding submittals, shop drawings, catalog cuts or samples were noted.
3	**Requests for Information** ▪ No outstanding Electrical RFI's were noted. **No. | Title | BIC | Date Req'd**
4	**Subcontractor's Approval Requests** ▪ VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC and all contractors working on site including third tier subs must submit an SAR.
5	**Field Work/Progress** ▪ South Substation • Inspection for Switchboard A1 **Action: URS to review testing report. PA Electrical to visually inspect; REO to confirm date.** • 3rd Party Testing Reports for Switchgear SA **Action: SM will supply all reports once all testing is complete.** • Switchover Sequence for South Substation **Action: VRH/SM provided 'South Substation 'A' Side Connection Summary' and noted that all the necessary work for Switchboard A1 temporary feeder connection to temporary switchboard must be completed before any other work can be performed.** ▪ North Substation • Next Week's Lock-Out/Tag-Out **Action: It was noted that all the necessary requests are in. SM provided a schedule for the work that is to be performed.** ▪ North Generator • PACC #111 **Action: REO has issued this PACC, which will cover the motorized dampers.** • PACC #110 **Action: REO has issued this PACC, which will cover the necessary power for the heaters and lighting.** ▪ Specification 16120 – Splicing • Cold Shrink vs. Polaris Connectors **Action: REO noted all permanent splicing should be cold shrink.**

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**Two-Week Look-Ahead Schedule** ▪ **Projected Manpower – VRH/SM submitted a two-week look ahead (attached). VRH/SM noted they currently have nine (9) men on site.** o **Panel DP-A Chili's Circuit Switchover – VRH/SM to coordinate this work with the REO, tentatively scheduled for 6/24.** o **Removal of Existing Panel DP-A and Transformer TA - VRH/SM to coordinate this work with the REO, tentatively scheduled for 6/24.** o **Install Remaining Sections of Switchboard B2 – VRH/SM have this work tentatively scheduled to begin 6/23.** o **Install Remaining Branch Circuits in Switchboard B2 – VRH/SH have this work tentatively scheduled to begin 6/28.** o **Additional Temporary Cables for Switchboard B1 – VRH/SM have this work tentatively scheduled to begin 6/21; pending cable delivery on 6/18.** o **Terminate Additional Temporary Cables in South Temporary Switchboard – VRH/SM have this work tentatively scheduled to begin 6/28; pending cable delivery on 6/18. VRH/SM noted that a shutdown of the temporary board is required for this work.** o **Rearrange Existing Temporary Cables in South Temporary Switchboard – VRH/SM have this work tentatively scheduled to begin 6/30. VRH/SM noted that a shutdown of the temporary board is required for this work.** o **Cut South Substation 'B' Side Existing Stab Enclosure – VRH/SM to coordinate this work with the REO as to not effect holiday travel.**
2	**Requests for Information** ▪ No outstanding Electrical RFI's were noted. **No. | Title | BIC | Date Req'd**
3	**Subcontractor's Approval Requests** ▪ VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC and all contractors working on site including third tier subs must submit an SAR.
4	**Field Work/Progress** ▪ South Substation • Rearrange & Install of Cables in Switchboard T-S **Action: VRH/SM to confirm start date.** • 3rd Party Testing Reports for Switchgear SA to URS **Action: URS to review and return; submittal overdue PM to follow up.** • Outstanding Shop Drawings/Submittals with URS **Action: PM to follow up.** • Replace Labels in Switchboards T-S for Switchboard B1 Switch Overs **Action: REO has requested VRH/SM address this immediately.** • Replace Black Labels with Orange Labels for Panels & Transformers in Rm 145 Action: **REO has requested VRH/SM address this immediately.** • Place Circuit Breaker Locks on Six (6) Circuit Breakers in Panel T-MDP **Action: It was noted a shutdown is required. VRH/SM to verify they have the locks.** • Replacement of Cover for Panel DP-E4 Pull Box in MER #2 **Action: VRH/SM to install a pull box cover over the existing doors to the old MER #2 transfer switch. The covers will comply with the gage, material and color requirements of the specifications.** • PSE&G Stab Work **Action: VRH/SM noted the box is scheduled to arrive 6/18.**

Mark	Discussion
	▪ North Substation • 300 KVA Transformer and 120/208V Panel DP-A Shutdown **Action: It was noted this work is tentatively scheduled for Friday night, 6/18.** • New Cover for Panel DP-A **Action: VRH/SM to supply delivery date.** • Schedule for Switchboard B2 and Switchgear NB **Action: VRH/SM to submit a schedule once all other work/dates are finalized.** • Siemens Meeting Concerning Oxidized Bus Bars **Action: A meeting is scheduled for 6/16 to address this issue.** ▪ North Generator • VRH Coordination between MCS Electric and SM Electric **Action: VRH was reminded that all work being performed by MCS Electrical and SM Electric must be coordinated.** • USE-EPR Cables for Exterior Conduits **Action: VRH was reminded that all exterior cables must be USE-EPR, as per contract.** • Expansion Joint Fittings Between Two Independent Structures **Action: VRH was reminded that all conduits that cross building expansion joints or connect two independent structures must contain approved expansion joint fittings.** • Anticipated Schedule of Delivery/Installation of North Generator **Action: VRH/SM to supply delivery date pending completion of other critical work.** • PACC Nos. 110 & 111 **Action: VRH has started the necessary work for PACC Nos. 110 & 111. The delivery of the North Generator is dependant on the completion of this work.** • Maintenance of Areas **Action: VRH was reminded that all work areas must be cleaned and maintained daily.**
5	**Coordination/Safety** ▪ VRH/Subcontractor **Action: REO requested the B2 Lobby, North Substation, South Substation and all other areas be kept tidy at all times.**
6	**Next Meeting** ▪ Wednesday, June 30th at 10:00 AM **Action: All participants are requested to arrive on time so as not to inconvenience others. The meeting will start promptly at 10:00 AM.**

Terminal B Modernization Program - Lower Level Expansion & B-1 Vertical Circulation

Date of Meeting: August 17, 2010
Location: EWR Building 74
Copy to: N. Simeonidis, M. Wallace, Attendee List, File

Attendees:

D. Lochard	PA Engineering CMD	E. Winkler	VRH Construction
D. Haines	PA Engineering CMD		
S. Ahmed	PA Engineering CMD		
E. Pirozzi	PA Engineering CMD		

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**Field Work** ▪ 2-Week Look Ahead **Action: VRH submitted a two-week look ahead (attached).** ▪ Fireproofing B1 Core **Action: VRH has completed this work; reports to be submitted.** ▪ Passenger Elevator **Action: VRH is currently performing the glass installation. VRH to supply delivery date for cab.** ▪ Escalators **Action: VRH is currently installing the escalator, the completion is scheduled for the end of September.** ▪ North Generator Louvers **Action: VRH started the installation of the louvers 8/17, the installation will take approximately 1-1 ½ weeks to complete. .**
2	**Extra Work** ▪ PACC #87 - Fire Alarm Tie-Ins for SF-1, SF-2 and Static Pressure Sensors Relocation **Action: VRH is currently working on the punchlist.**
3	**Submittals, Shop Drawings, Catalog Cuts, Samples** ▪ Welding Submittals **Action: PA to review and return.**
4	**Requests for Information** ▪ Four (4) RFI's require a response.

No.	Title	BIC	Date Req'd
308	**Existing Fire Door**	PMD	10/13/09
314	**CMU Wall Removal for Escalators**	PA-ARC	11/30/09
316	**Stainless Steel Cover Plate** **Action: VRH to provide as-built conditions.**	PA-ARC	12/1/09
328	**Emergency Generator Discharge**	SA	7/14/10

5	**Subcontractor's Approval Requests** VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC. Approved:

G. Panetta & Sons	Artisan, Inc.
McCann Acoustics	Monmouth Controls & Instrument Co.
SM Electric	Railroad Construction Co.
Carol Hardy Mechanical	RISA Management Corp.
Josloff Industries, LLC	American Architectural, Inc.
D. Magnan & Co.	Moretrench American Corporation
Kone, Inc.	PAPP Iron Works, Inc.

J. Supor & Son Trucking	Altel Systems, Inc.
Analytical Quality & Monitoring Service	Environmental Climate Control
Welder Training & Testing Institute	Layout, Inc.

6 **Issues**

- North Generator Delivery
  Action: VRH has tentatively scheduled the delivery for mid-September.

7 **Security Requirements**

- Utility Mark-Outs
  Action: VRH was reminded that all Utility mark-outs must be performed prior to any work that could affect underground utilities.
- SWAC/Photo ID Badges/Temporary Day Passes – VRH was reminded everyone must go through the SWAC background check in order to work on-site. Everyone on-site must have a photo ID. REO is now issuing one-day temporary passes for all workers that will be on-site less than one week or are in the process of obtaining a SWAC ID.
  Action: VRH to return outstanding one-day passes to Bldg. 125.
- Daily Attendance Sheets/Vehicle Information
  Action: PA has requested Attendance Sheets be submitted before 9AM DAILY and be modified to indicate the status of Yellow CMD ID Card. VRH was reminded that no personal vehicles should be on the inner roadway.
- Daily Labor Reports/T&M Tickets
  Action: It was reported that T&M tickets are not being submitted daily.
- Operation Safety Issues – No problems were noted.

8 **Next Meeting**

- Tuesday, August 31st at 9:00 AM
  Action: All participants are requested to arrive on time so as not to inconvenience others. The meeting will start promptly at 9:00 AM.

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**Two-Week Look-Ahead Schedule** ▪ **Projected Manpower – VRH/SM submitted a two-week look ahead (attached). VRH/SM noted they currently have ten (10) men on-site.** o **Conduit and Wire to AHU-8&9 Machine Room – VRH/SM continue work.** o **Conduit and Wire to Elevator Machine Room – VRH/SM continue work.** o **Power and Lighting in Mechanical and Elevator Machine Rooms - VRH/SM are scheduled to start work 8/31.** o **Mini ATS Room 4" Conduit Installation Northeast Side of Terminal – VRH/SM continue work.** o **Switchgear NA 2" Revenue Metering Conduit, CT's and Meter Pan – VRH/SM are awaiting response from PSE&G regarding the use of FRE Conduit in CT compartment.** o **Roadway PA System Conduits to Column D12 – VRH/SM is scheduled to start 8/26.** o **South Substation "A" Side Switchovers – VRH/SM is tentatively scheduled to start this work 9/14.**
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** ▪ 4000 ATS O&M Manual **Action: URS to review and return.**
3	**Requests for Information** ▪ Electrical RFI's **Action: The following RFI's require a response.**

No.	Title	BIC	Date Req'd
285	Shunt Trip Breaker	URS	3/23/09
301	Size/Quantity of PSE&G Cables	URS	7/22/09

4	**Subcontractor's Approval Requests** ▪ VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC and all contractors working on site including third tier subs must submit an SAR.
5	**Field Work/Progress** ▪ North Generator **Action: REO confirmed the building is scheduled to be water tight in three days. SM to notify REO if an additional walk-thru is required to coordinate rigging.** ▪ North Substation **Action: VRH/SM is currently installing bus duct. VRH/SM have received all check pieces, installation is scheduled for 8/27. VRH/SM will begin the meter conduit installation for Switchgear NA upon approval of FRE by PSE&G. SM has addressed PSE&G filing for revenue meter in Switchgear NA. VRH/SM to proceed with replacement of Lexan Shields with Glastix Arc Shields in Switchboard A2. REO noted inspection of Switchgear NA and Switchboard A2 for 'cut-in letter' can only be performed after the Glastix Arc Shield is installed. VRH/SM to supply start date for installation of Siemens Bus Duct from North Substation to North Generator. REO has tentatively scheduled the shutdowns for the week of 9/14 and 9/21.**

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**General Requirements**

- Architectural & Civil Items
  - E-5 Escalator Completion Work
    Action: VRH has scheduled to complete all work 9/1 with the exception of the terrazzo work.
  - Pile Driving
    Action: VRH is scheduled to complete the pile driving operation by 8/31.
  - Terrazzo Work (Concourse Level)
    Action: VRH has put this work on hold pending PA approval of the staging plan.
  - Punchlist Items for B2, B1, Baggage Claim
    Action: VRH to update.
  - North Substation New Room Expansion
    Action: VRH to complete firestopping.
  - Deco Glass
    Action: VRH to supply delivery date.
  - South Bravo Ramp Railing
    Action: PA to issue directive, extra work.
  - GFRG Repair
    Action: PA Architect to address manufacturer's repair.

- Electrical & Miscellaneous Items
  - Fire Extinguishers for Fire Hose Cabinets
    Action: VRH to install today (8/18).
  - BNP Punchlist
    Action: PA to supply updated list to VRH.
  - Service Elevator Punchlist
    Action: VRH to address Thyssen Krupp punchlist.
  - Heat Detection Devices
    Action: PA to take VRH on walk-thru to confirm the locations for the removal of the heat detection devices and associated wiring above the ceiling.
  - Finished Panel Interface with Baggage @ IB2 Drop
    Action: VRH to supply date for bumpers and install.
  - Steel Faced Curb for IB1/2/3
    Action: VRH to supply date.
  - South Substation Electrical Shutdown
    Action: PA has scheduled shutdown to begin August 24th but issues with temporary power may push back start date.
  - Cooper/Kohler Punchlist for South Generator
    Action: VRH to address.
  - Cable Replacement for South Generator Feeder
    Action: VRH awaiting manufacturer's review of cable.
  - Labeling of Electrical Equipment in Rooms 145 & 146
    Action: VRH to confirm this will be done by 8/21.
  - Keys and Programming Instructions for Siemens Panels
    Action: VRH has submitted the programming instructions and one set of keys.
  - North Substation Bus Duct Check Pieces
    Action: VRH has confirmed all pieces have arrived and will supply installation date.

Mark	Discussion
	o North Generator Delivery **Action: PA has confirmed the doorway opening is 12' x 12' and the room will be watertight by September 1st. VRH to schedule rigger on site to review site conditions.** o Leak Detection System **Action: VRH to supply completion date.** o South Generator Dike Wall **Action: VRH to install petrol pipe and complete by 8/28.** o IB3 **Action: VRH to complete by 9/4, testing to be scheduled.** o Permanent Airline Offices **Action: VRH is scheduled to complete the south side in 4-6 weeks. VRH requested PMD supply a date when IB1 can be demolished so remaining work in the area can be finished.**
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** ▪ O&M Manuals for E1/E2 – S1/S2 **Action: VTX to review and return O&M Manuals for E1/E2. VRH to submit O&M Manuals for S1/S2.** ▪ O&M Manuals for North & South Generator **Action: URS to review and return.** ▪ O&M Manuals ATS O&M Manuals & Spare Parts List **Action: VRH to submit.** ▪ O&M Manuals for Baggage Handling System, Spare Parts List & As-Built Drawings **Action: URS to review and return.**
3	**Requests for Information** ▪ Five (5) RFI's require a response.

No.	Title	BIC	Date Req'd
285	**Shunt Trip Breaker**	URS	3/23/09
291	**Access to PLC System**	BNP	5/13/09
292	**Fastener for Existing Block Wall**	PA Arch	5/13/09
300	**Storm Drain Lines Conflict**	PA Arch	6/26/09
301	**Size/Quantity of PSE&G Cables**	URS	7/22/09

4 **Subcontractor's Approval Requests**

VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC.

Approved:

G. Panetta & Sons	Artisan, Inc.
McCann Acoustics	Monmouth Controls & Instrument Co.
SM Electric	Railroad Construction Co.
Carol Hardy Mechanical	RISA Management Corp.
Josloff Industries, LLC	American Architectural, Inc.

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**Two-Week Look-Ahead Schedule** ▪ **Projected Manpower – VRH/SM submitted a two-week look ahead (attached). VRH/SM noted they currently have five (5) men on days and four (4) men on nights.** o **North Substation 'B' Side Temporary to Permanent Switchovers – VRH/SM continue this work.** o **Relocation of Starters at North Substation – VRH/SM continue this work.** o **Panel DP-A Installation at North Substation – VRH/SM have this work tentatively scheduled to begin 3/29.** o **Cove Lighting and Fixture Trim Out between Columns 4 & 5 at Southwest End of Terminal – VRH/SM continue this work.**
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** No outstanding submittals, shop drawings, catalog cuts or samples were noted.
3	**Requests for Information** ▪ No outstanding Electrical RFI's were noted. **No. | Title | BIC | Date Req'd**
4	**Subcontractor's Approval Requests** ▪ VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC and all contractors working on site including third tier subs must submit an SAR.
5	**Field Work/Progress** ▪ South Substation • Inspection for Switchboard A1 **Action: URS to review testing report. PA Electrical to visually inspect; REO to confirm date.** • 3rd Party Testing Reports for Switchgear SA **Action: SM will supply all reports once all testing is complete.** • Switchover Sequence for South Substation **Action: VRH/SM provided 'South Substation 'A' Side Connection Summary' and noted that all the necessary work for Switchboard A1 temporary feeder connection to temporary switchboard must be completed before any other work can be performed.** ▪ North Substation • Next Week's Lock-Out/Tag-Out **Action: It was noted that all the necessary requests are in. SM provided a schedule for the work that is to be performed.** ▪ North Generator • PACC #111 **Action: REO has issued this PACC, which will cover the motorized dampers.** • PACC #110 **Action: REO has issued this PACC, which will cover the necessary power for the heaters and lighting.** ▪ Specification 16120 – Splicing • Cold Shrink vs. Polaris Connectors **Action: REO noted all permanent splicing should be cold shrink.**

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**Two-Week Look-Ahead Schedule** ▪ **Projected Manpower – VRH/SM submitted a two-week look ahead (attached). VRH/SM noted they currently have ten (10) men on-site.** o **North Substation Bus Duct Runs – VRH/SM continue work.** o **Fire Smoke Damper Conduit and Wiring (South End) – VRH/SM continue work.** o **Conduit and Wire to AHU-8&9 Machine Room – VRH/SM continue work.** o **Conduit and Wire to Elevator Machine Room – VRH/SM continue work.** o **Mini ATS Room 4" Conduit Installation – VRH/SM is scheduled to start work 8/13.** o **South Substation "A" Side Switchovers – VRH/SM is scheduled to start 8/23.**
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** ▪ 4000 ATS O&M Manual ***Action: URS to review and return.***
3	**Requests for Information** ▪ Electrical RFI's **Action: The following RFI's require a response.**

No.	Title	BIC	Date Req'd
285	Shunt Trip Breaker	URS	3/23/09
301	Size/Quantity of PSE&G Cables	URS	7/22/09
302	Spec for Differential Pressure Reg.	URS	8/4/09

4	**Subcontractor's Approval Requests** ▪ VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC and all contractors working on site including third tier subs must submit an SAR.
5	**Field Work/Progress** ▪ North Generator **Action: REO confirmed the building is scheduled to be water tight in three weeks. REO requested VRH/SM have rigger come to the site to determine the means required to get generator into the building. REO to determine when VRH can gain access to the building to pour concrete pads.** ▪ North Substation **Action: VRH/SM is currently installing bus duct. VRH/SM have received all check pieces with the exception of two, which are scheduled to arrive within two weeks. VRH/SM is scheduled to begin the meter conduit installation for Switchgear NA the week of 8/10. SM to address PSE&G filing for revenue meter in Switchgear NA. VRH/SM to submit pricing for Glastix Arc Shields in Switchboard A2. REO noted inspection of Switchgear NA and Switchboard A2 for 'cut-in-letter' can only be performed after SM addresses PSE&G filing for the revenue meter and the Glastix Arc Shield is installed. VRH/SM to supply start date for installation of GE Bud Duct from North Substation to North Generator and schedule of shutdowns.** ▪ South Generator **Action: VRH/SM currently addressing the punchlist for manufacturer's corrective work and deficiencies that were noted during training. REO requested VRH/SM supply pricing for fuel gauge and red beacon installation; PA to supply beacon. PA to supply location for annunciator.**

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**Two-Week Look-Ahead Schedule** ▪ **Projected Manpower – VRH/SM submitted a two-week look ahead (attached). VRH/SM noted they currently have six (6) men on-site.** o **Conduit and Wire to AHU-8&9 Machine Room – VRH/SM continue work.** o **4" Conduit Installation in North Substation – VRH/SM start work on 9/9.** o **Temporary Power and Lighting Preparation for South Substation "A" Side Switchovers – VRH/SM plan on starting work 9/10.** o **South Substation "A" Side Switchovers – VRH/SM is tentatively scheduled to start this work 9/14.**
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** ▪ 4000 ATS O&M Manual **Action: URS to review and return.**
3	**Requests for Information** ▪ Electrical RFI's **Action: The following RFI's require a response.**

No.	Title	BIC	Date Req'd
285	Shunt Trip Breaker	URS	3/23/09
301	Size/Quantity of PSE&G Cables	URS	7/22/09

4	**Subcontractor's Approval Requests** ▪ VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC and all contractors working on site including third tier subs must submit an SAR.
5	**Field Work/Progress** ▪ North Generator **Action: REO confirmed the building is scheduled to be water tight in three weeks. SM to notify REO if an additional walk-thru is required to coordinate rigging. VRH/SM noted a 4-6 week fabrication time for the Siemens bus duct to the North Generator.** ▪ North Substation **Action: VRH/SM to submit shop drawing for links, URS to expedite review and return so order can be place; a 5-day fabrication was noted. VRH/SM has completed the meter conduit installation for Switchboard NA. VRH/SM to supply delivery/install date for Glastics Shield in Switchgear NA. An inspection of Switchgear NA and Switchboard A2 performed 9/8, PA to forward punchlist. REO has tentatively scheduled shutdowns to begin 9/24.** ▪ South Generator **Action: VRH/SM currently addressing the punchlist for manufacturer's corrective work and deficiencies that were noted during training; SM to follow up with Kohler/Cooper on dates items will be addressed. PA to supply beacon and its proposed location. PA to supply location for annunciator and where it will ring. URS to address load bank dump mechanism.**

Contract EWR-264.003
Terminal B Modernization Program - Lower Level Expansion & B-1 Vertical Circulation – Electrical Progress Meeting

Mark	Discussion
	▪ South Substation **Action: VRH/SM noted labels have arrived for Rooms 145 and 146; SM to install. VRH/SM to submit programming instructions. VRH/SM to provide lead-time for WL circuit breaker locks. REO noted shutdowns are to begin Monday night (9/14), the following week will begin Sunday night (9/20).** ▪ General Work **Action: VRH/SM to supply date for completion of PA System and Conveyor Catwalk Lighting .**
6	**Coordination/Safety** ▪ VRH/Subcontractor **Action: REO requested the B2 Lobby, North Substation, South Substation and all other areas be kept tidy at all times.**
7	**Next Meeting** ▪ Wednesday, September 23rd at 10:00 AM **Action: All participants are requested to arrive on time so as not to inconvenience others. The meeting will start promptly at 10:00 AM.**

E. Williams	URS Electrical		

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**Two-Week Look-Ahead Schedule** ▪ **Projected Manpower – VRH/SM did not submit a two-week look ahead. VRH/SM noted they currently have sixteen (16) men on-site.** o **Public Address System Conduit and Wire – VRH/SM continue work.** o **Fire Alarm Conduit and Wire AHU-8 & 9 Mechanical Room – VRH/SM continue work.** o **Removal of Existing Switchboard A1 in South Substation – VRH/SM noted this work will be complete today (10/7).** o **Installation of New Switchboard A1 in South Substation – VRH/SM plan on starting this work tomorrow (10/8).** o **North Emergency Bus Duct Hangers at El Al – VRH/SM continue this work.** o **IB1 Catwalk Lighting and Receptacles – VRH/SM continue work.** o **IB4 Catwalk Lighting and Receptacles – VRH/SM continue work.** o **North Substation Switchgear NA and Switchboard A2 Switchovers – VRH/SM have this work tentatively scheduled to begin 10/12.** o **Removal of Existing Switchgear SA in South Substation – VRH/SM have this work tentatively scheduled to begin 10/16.** o **Installation of New Switchgear SA in South Substation – VRH/SM have this work tentatively scheduled to begin 10/26.**
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** ▪ 4000 ATS O&M Manual **Action: SM to submit by 10/9.**
3	**Requests for Information** ▪ Electrical RFI's **Action: The following RFI requires a response.** **No. | Title | BIC | Date Req'd** **307 | Grounding of Day Tank | URS | 10/7**
4	**Subcontractor's Approval Requests** ▪ VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC and all contractors working on site including third tier subs must submit an SAR.
5	**Field Work/Progress** ▪ North Generator **Action: VRH/SM has tentatively scheduled the delivery of the generator for the week of 11/9. REO to confirm who will remove the bollards.** ▪ North Substation **Action: VRH/SM noted the links have been installed; shop drawings to be corrected. VRH/SM noted the labels for the ATS are scheduled to arrive by 10/9. VRH/SM has tentatively scheduled the switchovers for Switchgear NA and Switchboard A2 to begin 10/12 assuming a final inspection has been held for North Substation equipment, a cut-in card has been issued to PSE&G, Switchgear NA has been energized and temporary power requirements are established so temporary power and lighting equipment can be procured.** ▪ South Generator **Action: REO to schedule inspection once SM has painted floor. PA has forwarded beacon to VRH; REO to issue directive.**

Mark	Discussion
	▪ South Substation **Action: VRH/SM noted labels have arrived for Rooms 145 and 146; REO insisted the labels be installed as they've been promised for the last couple of weeks. VRH/SM to submit programming instructions. VRH/SM has tentatively scheduled the removal of existing Switchgear SA to begin 10/16 assuming PSE&G performs the necessary shutdowns so that the existing utility bus connection can be removed and temporary power requirements are established so temporary power and lighting equipment can be procured. VRH/SM has tentatively scheduled the installation of the new Switchgear SA to begin 10/26 assuming the existing gear is removed and the door buck is removed to prevent equipment from being laid over.**
6	**Coordination/Safety** ▪ VRH/Subcontractor **Action: REO requested the B2 Lobby, North Substation, South Substation and all other areas be kept tidy at all times.**
7	**Next Meeting** ▪ Wednesday, October 21st at 10:00 AM **Action: All participants are requested to arrive on time so as not to inconvenience others. The meeting will start promptly at 10:00 AM.**

J. Supor & Son Trucking	Venture Electric

6 **Security Requirements**

▪ Utility Mark-Outs
Action: VRH was reminded that all Utility mark-outs must be performed prior to any work that could affect underground utilities.

▪ SWAC/Photo ID Badges/Temporary Day Passes – VRH was reminded everyone must go through the SWAC background check in order to work on-site. Everyone on-site must have a photo ID. REO is now issuing one-day temporary passes for all workers that will be on-site less than one week or are in the process of obtaining a SWAC ID.
Action: VRH to return outstanding one-day passes to Bldg. 125.

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion	Responsibility
1	**General Requirements** ▪ Revised MBE/WBE Plan – VRH to submit revised plan, which will include at least two additional M/WBE Subcontractors. ▪ Submittal Log – VRH to submit log weekly for review. ▪ Long-Lead Items – VRH to submit using revised format.	
	Action ▪ VRH to submit revised M/WBE Plan by 2/6. ▪ VRH to submit updated submittal log each Friday for review. ▪ VRH to resubmit Long-Lead Items by 2/6.	 VRH VRH VRH
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** <u>Environmental</u> ▪ Lead & Asbestos Abatement – Submitted for review 1/10. <u>Geo-technical</u> ▪ Mini-Piles –Submitted for review 1/9. <u>Architectural</u> ▪ Temporary Partitions, Lighting – Submittals are currently in for PA review. VRH to submit revised sketch, which will show the widening of the partitions to capture sprinkler heads and lighting. <u>Structural</u> ▪ Concrete, rebar, subgrade – Concrete and subgrade submitted for review 1/10. Rebar submittals expected the week of 1/29. ▪ Structural Steel – Submittals expected the week of 1/29. ▪ Quality Control Plans – Submitted for review 1/11. ▪ Temporary Shoring – Submittals to follow once RFIs are answered. ▪ Expansion Joint – Detail for expansion joint was revised; curb in redesign. <u>MEP, Fire Protection</u> ▪ Ductwork – Submittals to follow. ▪ Air Handling Units – Submittals to follow. ▪ Coordination Drawings – to follow. ▪ North & South Switchgear Upgrades – Submittals to follow. ▪ North & South Emergency Generators – Submittals to follow. VRH noted there is a 16-week lead-time upon approval. <u>Vertical Circulation</u> ▪ Escalators – Submittals to follow. ▪ Elevators – Drawings for Service Elevator are expected the week of 1/15. <u>Baggage Handling Systems</u> ▪ Conveyor Layout – to follow. ▪ Controls – Submittals to follow.	
	Action ▪ PMD to issue PACC for revised detail and added scope for expansion joint. ▪ VRH to continue submittal process and provide updated submittal log. ▪ Submit sketch for revised layout for temporary partitions. ▪ REO to verify if shut down monitoring for Escalators is part of the contract work. ▪ VRH to submit letter detailing why one of the three PA preferred Elevator subcontractor were not chosen.	 PMD VRH VRH VRH VRH

Mark	Discussion	Responsibility
3	**Requests for Information** ▪ Seventeen (17) RFI's have been issued to date, all but four are closed.	
	Action ▪ Response to RFI Nos. 2 (Supplemental) and 14. ▪ Response to RFI No. 17. ▪ Response to RFI No. 13.	PA Arch. REO REO/Severud
4	**Subcontractor's Approval Requests** VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC. SAR's approved to date as follows: ▪ G. Panetta & Sons ▪ McCann Acoustics ▪ SM Electric ▪ Carol Hardy Mechanical ▪ Josloff Industries, LLC ▪ D. Magnan & Co. ▪ Kone, Inc. ▪ Mazzocchi Wrecking, Inc. (Demo Only) Pending Approval: ▪ Artisan , Inc. ▪ Railroad Construction Co. ▪ Monmouth Controls & Instrument Co. ▪ PAR Environmental Corp. ▪ RISA Management Corp. ▪ American Architectural, Inc. ▪ Champion Steel Erectors, Inc. ▪ Moretrench American Corporation ▪ Equipment Erectors, Inc. ▪ PAPP Iron Works, Inc. ▪ Mazzocchi Wrecking, Inc. (Asbestos Removal)	
	Action ▪ VRH to continue SAR submittal process.	VRH
5	**Field Work/Progress** ▪ 2-Week Look Ahead – submitted for review. ▪ The installation of barriers at the B1, B2 walkway has been performed. Installation of temporary lighting on the Lower Level and construction of a temporary ramp continues. Over the following two weeks the installation of the temporary ramp, construction of temporary partitions, ceiling removal and the sidewalk/curbs for the temporary passageway will be performed. Access to Electrical Substations was discussed. ▪ Location of VRH's Construction Trailer was discussed; final location to be determined after walk thru. ▪ Removal of Ground Transportation Counter – B1 Mid-Level Lobby – PMD to finalize plans for the removal. VRH agreed to include this item in their schedule. ▪ Temporary Signage – PMD is to provide temporary signs. ▪ Availability of Service Elevator (B1, B2) – 2/7/07 – The service elevator cannot be taken out of service until the Concessions Elevator(s) are rehabilitated. ▪ Soil removal, testing – VRH to transmit pricing for the transportation and disposal of clean excess soil the week of January 15th. VRH awaiting PA report on soil. ▪ B2 Lobby Work – CMD has stated that this area is available to the Contractor immediately. ▪ Daily Labor Reports.	
	Action ▪ Transmit 2-week look ahead. ▪ Confirm who will remove Ground Transportation Counter. ▪ Provide status on Temporary Signage. ▪ Provide status on Concessions Elevator Work. ▪ Transmit pricing for transportation and disposal of excess soil. ▪ Determine how VRH will access/work in Electrical Substations.	VRH PMD PMD PMD VRH PA Elect.
6	**Security Requirements** ▪ Photo ID Badges ▪ Daily Attendance Sheets ▪ Vehicle Information	
	Action ▪ All on-site employees must have a company issued ID as well as a CMD issued ID.	VRH
7	**Next Meeting** ▪ Tuesday, January 23rd at 9:00 AM	

Mark	Discussion	Responsibility
	Action ▪ All participants are requested to arrive on time so as not to inconvenience others. The meeting will start promptly at 9:00 AM.

	Action ▪ Diamond Plate Sample/Response to RFI No. 2 (Supplemental). ▪ Response to RFI Nos. 13 and 14. ▪ Response to RFI No. 17. ▪ Response to RFI No. 18.	VRH/PA Arch. URS REO
4	**Subcontractor's Approval Requests** VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC. SARs approved to date are as follows: ▪ G. Panetta & Sons ▪ McCann Acoustics ▪ SM Electric ▪ Carol Hardy Mechanical ▪ Josloff Industries, LLC ▪ D. Magnan & Co. ▪ Kone, Inc. ▪ Mazzocchi Wrecking, Inc. (Demo Only) ▪ Artisan, Inc. ▪ Railroad Construction Co. ▪ Monmouth Controls & Instrument Co. ▪ RISA Management Corp. ▪ American Architectural, Inc. ▪ Moretrench American Corporation ▪ PAPP Iron Works, Inc. Pending Approval: ▪ PAR Environmental Corp. ▪ Champion Steel Erectors, Inc. ▪ Equipment Erectors, Inc. ▪ Mazzocchi Wrecking, Inc. (Asbestos)	
	Action ▪ VRH to continue SAR submittal process.	VRH
5	**Field Work/Progress** ▪ 2-Week Look Ahead – to be emailed 2/6. ▪ The installation of barriers at the B1, B2 walkway, the temporary ramp and temporary lighting on the Lower Level have all been performed. Over the following two weeks construction of temporary partitions, ceiling removal on the Lower Level, sidewalk/curbs for the temporary passageway, survey of the Switchgear Rooms and installation of the temporary power panel will be performed. ▪ Removal of Ground Transportation Counter – B1 Mid-Level Lobby – PMD to finalize plans for the removal. ▪ Temporary Signage –VRH will be directed to put up PA supplied signs on a Net Cost Basis. ▪ Availability of Service Elevator (B1, B2) – 2/7/07 – The service elevator cannot be taken out of service until the Concessions Elevator(s) are rehabilitated. ▪ Soil removal, testing – VRH to transmit pricing for the transportation and disposal of excess soil. ▪ B2 Lobby Work – VRH has tentatively scheduled to begin work in this area 3/1, pending submittal approval. ▪ Daily Labor Reports.	
	Action ▪ Transmit 2-week look ahead. ▪ Confirm who will remove Ground Transportation Counter. ▪ Provide status on Temporary Signage. ▪ Provide status on Concessions Elevator Work. ▪ Transmit pricing for transportation and disposal of excess soil. ▪ Determine how VRH will access/work in Electrical Substations.	VRH PMD PMD PMD VRH PA Elect.
6	**Security Requirements** ▪ Photo ID Badges ▪ Daily Attendance Sheets ▪ Vehicle Information	
	Action ▪ All on-site employees must have a company issued ID as well as a CMD issued ID.	VRH
7	**Next Meeting** ▪ Tuesday, February 20th at 9:00 AM	
	Action ▪ All participants are requested to arrive on time so as not to inconvenience others. The meeting will start promptly at 9:00 AM.

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion	Responsibility
1	**General Requirements** ▪ Revised MBE/WBE Plan – OBJO has reviewed and approved the plan. ▪ Submittal Log/Schedule – VRH to submit weekly for review. ▪ Baseline Schedule – VRH to submit revised schedule.	
	Action ▪ Submit general requirements.	VRH
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** Environmental ▪ Asbestos Abatement – VRH to revise and resubmit week of 3/12. ▪ Lead - VRH to revise and resubmit week of 3/5. Architectural ▪ Temporary Partitions – Exterior partition layout approved, interior partition layout for B2 Lobby to be returned to VRH the week of 3/5. A separate meeting will be held with VRH and PA Operations to discuss layout and schedule. Structural ▪ Rebar – PA responses due the week of 3/5. ▪ Miscellaneous Steel – Pit Ladders & Sump Pit Not Approved; VTX will only review/approve elevator submittals as one complete package. ▪ Structural Steel – PA responses for mid-level floor opening due the week of 3/12. (100+ Drawings to be submitted) ▪ Temporary Shoring – VRH to revise and resubmit. ▪ Expansion Joint – VRH to revise and resubmit. ▪ Curb Shop Drawings – VRH to submit the week of 3/5. MEP, Fire Protection ▪ Ductwork – layout for area between column line 8 & 16 to be submitted the week of 3/5; layout for B2 Lobby expected the week of 3/19. ▪ Air Handling Units – Responses are overdue. ▪ Fire Protection – Catalog cuts to be submitted the week of 3/12. Shop drawings to be prepared after approved ductwork drawings. ▪ North & South Switchgear Upgrades – Overdue; VRH to submit the week of 3/12; VRH stated that actual equipment sizes are larger than shown on drawings. ▪ North & South Emergency Generators – Overdue. Vertical Circulation VRH awaiting pricing from Kone and Thyssen Krupp for this work. ▪ Escalators – Overdue. ▪ Elevators – Submittals have not been approved; Hutcherson is not one of the PA specified elevator contractors. Baggage Handling Systems Catalog cuts were received by VRH; shop/layout drawings expect in 1-2 weeks. ▪ Conveyor Layout ▪ Controls	
	Action ▪ PMD to issue PACC for revised detail and added scope for expansion joint. ▪ VRH to continue submittal process and provide updated submittal log weekly.	PMD VRH

Mark	Discussion	Responsibility
3	**Requests for Information** ▪ Twenty-Eight (28) RFI's have been issued to date; all but four have been addressed.	
	Action ▪ Response to RFI No. 2 (supplemental), RFI No. 13 (make/model). ▪ Response to RFI No. 26. ▪ Response to RFI Nos. 27 and 28.	PA Arch. URS/PA Traffic/Civil URS
4	**Subcontractor's Approval Requests** VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC. SARs approved to date are as follows: ▪ G. Panetta & Sons ▪ McCann Acoustics ▪ SM Electric ▪ Carol Hardy Mechanical ▪ Josloff Industries, LLC ▪ D. Magnan & Co. ▪ Kone, Inc. ▪ Mazzocchi Wrecking, Inc. (Demo Only) ▪ Artisan, Inc. ▪ Railroad Construction Co. ▪ Monmouth Controls & Instrument Co. ▪ RISA Management Corp. ▪ American Architectural, Inc. ▪ Moretrench American Corporation ▪ PAPP Iron Works, Inc. ▪ Guardian Fence Co, Inc. Pending Approval: ▪ PAR Environmental Corp. ▪ Champion Steel Erectors, Inc. ▪ Equipment Erectors, Inc. ▪ Mazzocchi Wrecking, Inc. (Asbestos) ▪ Able Rolling Steel Door, Inc. ▪ Fine Painting & Decorating ▪ Schnell Contracting Services ▪ Northeast Sheet Metal Works ▪ Garden State Engineering	
	Action ▪ VRH to continue SAR submittal process.	VRH
5	**Field Work/Progress** ▪ 2-Week Look Ahead – submitted for review. ▪ The office trailer rough-in/seeming, demo of concrete Guard Post Bravo Ramp, sidewalk removals between column lines 16 and 8 (could be delayed pending confirmation of Drop Off Zone location), ceiling suspension removals, demo of Lower Level cove lighting at column line 8.5 and the installation of temporary lighting between column lines 7 and 8.5 will be completed the week of 3/5. The cutting/removal of fill between column lines 8 and 1, passageway construction, survey for pile drilling, and the pulling of office trailer feeders will be performed thru 3/16. ▪ Removal of Ground Transportation Counter – B1 Mid-Level Lobby – PMD to finalize plans for the removal. ▪ Temporary Signage –VRH will be directed to put up PA supplied signs on a Net Cost Basis. ▪ Availability of Service Elevator (B1, B2) – 2/7/07 – The service elevator cannot be taken out of service until the Concessions Elevator(s) are rehabilitated. ▪ Soil removal, testing – VRH to transmit pricing for the transportation and disposal of excess soil. ▪ B2 Lobby Work – VRH has tentatively scheduled to begin work in this area 3/19, pending submittal approval. ▪ Daily Labor Reports.	
	Action ▪ Transmit 2-week look ahead. ▪ Ground Transportation Counter – demolition/relocation of tenants. ▪ Scope of work for Concessions Elevator to be finalized. ▪ Transmit pricing for transportation and disposal of excess soil.	VRH PMD PMD/CMD VRH
6	**Security Requirements** ▪ Photo ID Badges ▪ Daily Attendance Sheets ▪ Vehicle Information	

Mark	Discussion	Responsibility
	Action ▪ All on-site employees must have a company issued ID as well as a CMD issued ID.	VRH
7	**Next Meeting** ▪ Tuesday, March 20th at 9:00 AM	
	Action ▪ All participants are requested to arrive on time so as not to inconvenience others. The meeting will start promptly at 9:00 AM.

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion	Responsibility
1	**General Requirements** ▪ Submittal Log/Schedule – VRH submitted its submittal log. It was forwarded to PMD; there are discrepancies between the PA & VRH logs. ▪ List of Long Lead Items – submitted via email for review. ▪ Revised Baseline & Progress Schedules – VRH to submit by month's end.	
	Action ▪ Submit general requirements. ▪ Meeting between CMD & VRH to review logs	VRH CMD
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** Environmental ▪ Asbestos Abatement – VRH to revise and resubmit week of 3/26. ▪ Lead - VRH to revise and resubmit week of 3/19. Architectural ▪ Temporary Partitions – Both exterior and interior partition layouts have been approved at the B2 Lobby; VRH to supply revised drawing for interior layout and calculations. VRH to revise the layout at B1 Mid-Level Structural ▪ Concrete – Quality Control Plan to be resubmitted. ▪ Miscellaneous Steel – New curb shop drawings/layout submitted the week of 3/12; stainless steel gutter to be submitted the week of 3/26; area to be surveyed and layout to be submitted. ▪ Structural Steel – All submittals have been sent in for review with the exception of the infill slab @ B1. ▪ Temporary Shoring – VRH to revise and resubmit for record purposes. ▪ Expansion Joint – PA response overdue. MEP, Fire Protection ▪ Ductwork – Survey of B2 Lobby expected to start the week of 3/19. Shop drawings for Baggage Claim Area expected the week of 3/19. ▪ Air Handling Units – PA responses are overdue. ▪ Fire Protection – Catalog cuts to be submitted the week of 3/19. Shop drawings to be prepared after approved ductwork drawings. ▪ North & South Switchgear Upgrades – Overdue; VRH to submit the week of 3/19; VRH stated that actual equipment sizes are larger than shown on drawings, RFI to follow. ▪ North & South Emergency Generators – Overdue. Vertical Circulation VRH awaiting pricing from Kone and Thyssen Krupp for this work. ▪ Escalators – Overdue. ▪ Elevators – Submittals have not been approved; Hutcherson is not one of the PA specified elevator contractors. Baggage Handling Systems Catalog cuts/product data was received by VRH; shop/layout drawings expected in 1-2 weeks. ▪ Conveyor Layout ▪ Controls	
	Action ▪ VRH to continue submittal process and provide updated submittal log weekly.	VRH

Mark	Discussion	Responsibility
3	**Requests for Information** ▪ Thrity (30) RFI's have been issued to date; all but five have been addressed – PMD to follow up on all outstanding responses.	
	Action ▪ Response to RFI No. 2 (supplemental). ▪ Response to RFI No. 26. ▪ Response to RFI Nos. 27 (meeting to be scheduled) ▪ Response to RFI Nos. 28 and 29.	PA Arch. URS/PA Traffic/Civil URS/PMD URS
4	**Subcontractor's Approval Requests** VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC. SARs approved to date are as follows: ▪ G. Panetta & Sons ▪ McCann Acoustics ▪ SM Electric ▪ Carol Hardy Mechanical ▪ Josloff Industries, LLC ▪ D. Magnan & Co. ▪ Kone, Inc. ▪ Mazzocchi Wrecking, Inc. (Demo Only) ▪ Artisan, Inc. ▪ Railroad Construction Co. ▪ Monmouth Controls & Instrument Co. ▪ RISA Management Corp. ▪ American Architectural, Inc. ▪ Moretrench American Corporation ▪ PAPP Iron Works, Inc. ▪ Guardian Fence Co, Inc. ▪ Schnell Contracting Services ▪ Northeast Sheet Metal Works ▪ Able Rolling Steel Door, Inc. ▪ Garden State Engineering Pending Approval: ▪ PAR Environmental Corp. ▪ Champion Steel Erectors, Inc. ▪ Equipment Erectors, Inc. ▪ Mazzocchi Wrecking, Inc. (Asbestos) ▪ Fine Painting & Decorating ▪ Amanda Contracting, Inc. ▪ Pompton Painting Co.	
	Action ▪ VRH to continue SAR submittal process.	VRH
5	**Field Work/Progress** ▪ 2-Week Look Ahead – submitted for review. ▪ Survey for pile drilling, install of concrete infill/ramps at passageway, field measuring for grillage steel and ceiling removal on lower level between columns 4-6d will be completed the week of 3/19. Soil disposal, mobilization and start of pile drilling, fire taping, install of scored particleboard and vestibule partition in passageway and the pulling of telephone lines for the temporary trailer will be performed thru 3/16. ▪ Detour @ B1 scheduled to be in place on or about April 2nd. ▪ Temporary Signage –VRH will be directed to put up PA supplied signs on a Net Cost Basis. ▪ Rehabilitation of the Concessions Elevator will be done as Extra Work. ▪ Soil removal – VRH is currently locating a PA approved disposal site. ▪ Lead Abatement in Delta Bag Room was to be performed under call-in contract. PMD to schedule meeting to determine alternate means. ▪ Relocation of Delta Storage/Workshop Space – Operations Level – PMD to finalize plans. ▪ Additional asbestos abatement required at Mid Level - VRH will be directed to remove the Asbestos on a Net Cost basis. ▪ B2 Lobby Work – VRH has tentatively scheduled to begin work in this area 4/2, pending submittal approval. Work to be performed off-hours. ▪ Daily Labor Reports – submitted daily. ▪ VRH requested that access to the inner roadway from the ~~north~~ south end be reviewed with traffic – this would minimize vehicular construction traffic crossing the B1 and B2 pedestrian walkways. CMD to investigate.	

Contract EWR-264.003

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**General Requirements** ▪ Baseline & Progress Schedule – VRH Baseline Schedule approved with comments. **Action: VRH to submit updated Progress Schedule.** ▪ Submittal Log **Action: VRH to revise and submit weekly.** ▪ List of Long Lead Items – VRH submitted. **Action: PA to review and comment.**
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** ▪ Asbestos Abatement – VRH submitted. **Action: PA to review and return (overdue) – Not in PA Expedition Log.** ▪ Temporary Partitions (B2 Lobby) **Action: VRH to resubmit.** ▪ Concrete (QC Plan) **Action: PA to review and return; once approved pre-concrete meeting to be scheduled with PA Materials and subcontractor.** ▪ Plumbing Layout As-built – Surveyor on-site 4/13. **Action: VRH to submit the week of 4/30 (Dirt Area Only).** ▪ Expansion Joint – Detail supplied to VRH. **Action: VRH to supply lead-time on curb, submit catalog cut for revised expansion joint.** ▪ Waterproofing (Eliminator) – Returned by PA – NA; VRH submittal incomplete. **Action: VRH to resubmit.** ▪ Curb Layout shop drawing **Action: VRH to submit the week of 4/30.** ▪ E1/E2 Escalators **Action: VRH to submit drawings/manuals the week of 4/30 (overdue – expected week of 4/2). VRH to request submittal/project schedule from ThyssenKrupp.** ▪ Service Elevator **Action: VRH to submit by mid-May (overdue - expected week of 4/2).** ▪ Concessions Elevator – Facility requested change in scope: 4' diamond plate on cab walls and delete handrails – VRH stated this is a no cost change. **Action: VRH to submit submittals/schedule. PMD to confirm code compliance of deletion of handrails.** ▪ B2 Lobby Ductwork **Action: VRH to submit the week of 4/30; excluding Dirt Area (overdue – expected week of 3/19).**

Mark	Discussion
	▪ Emergency Generators **Action: VRH to submit (overdue).** ▪ Temporary Switchgear Equipment **Action: PA to review and return.** ▪ Fireproofing – PA Materials requires information on existing ACM Fireproofing prior to approval of new Fireproofing that is to butt into the existing. **Action: PA Materials to release all submittals with the exception of fireproofing material that is to be placed against existing ACM Fireproofing.** **Overdue Responses** ▪ Structural Steel **Action: Severud to respond.** ▪ Steel Deck **Action: Severud to respond.** ▪ Interior Metal Stairs **Action: PA Arch to coordinate with Severud and respond.** ▪ Ornamental Metal Work **Action: PA Arch to coordinate response; answer to VRH by 5/4.**
3	**Requests for Information** ▪ Fifty-Five (55) RFI's have been issued to date; all but sixteen (16) have been addressed. **Action:** **URS to address the following RFI's 33, 39, 40, 44, 45, 46, 47, 48, 49, 50, 52, and 54.** **PA Arch to address RFI 55.** **URS/PA Traffic/Civil to address RFI 26.** **URS/PMD to address RFI 27.** **PA REO to address RFI 43.**
4	**Subcontractor's Approval Requests** VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC. Approved: G. Panetta & Sons SM Electric Josloff Industries, LLC Kone, Inc. Artisan, Inc. RISA Management Corp. American Architectural, Inc. PAPP Iron Works, Inc. Schnell Contracting Services Able Rolling Steel Door, Inc. Zabransky Mechanical Corp. Amanda Contracting, Inc. PAR Environmental Corp. Pompton Painting Co. McCann Acoustics Carol Hardy Mechanical D. Magnan & Co. Mazzocchi Wrecking, Inc. (Demo Only) Railroad Construction Co. Monmouth Controls & Instrument Co. Moretrench American Corporation Guardian Fence Co, Inc. Northeast Sheet Metal Works Garden State Engineering Signs & Decals Corp. Alpha Steel Construction A. Liss & Co, Inc. Pending Approval: Equipment Erectors, Inc. Metro Insulation FJC Security Services Mazzocchi Wrecking, Inc. (Asbestos) ThyssenKrupp Elevator Building Systems & Services
5	**Field Work/Progress** ▪ 2-Week Look Ahead – VRH submitted for review. **Action: Mechanical removals at vestibule, underground hanger installation, demolition of the B-2 partitions, and slab on grade removal to be completed the week of 4/30. Electrical removals/recircuiting, 4" sanitary in crawl space, lead abatement, drilling/grouting of piles will be performed thru 5/11.** ▪ Temporary Partitions (B2 Lobby) - Work has commenced; hours of work are between 11PM and 7AM. ▪ Expansion Joint Replacement – dependant on lead-time for steel-faced curb and revised expansion joint. ▪ Tenant Relocation (ACI) – Tentative start date 5/7; dependent on receipt of drawings from PMD. ▪ Removal of glass rail @ B1 Mid-Level – Start date 5/7.

...inal B Modernization Program - Lower Level Expansion & B-1 Vertical Circulation

Mark	Discussion
6	**Extra Work** ▪ Removal of Ground Transportation Counter/Tenant Relocation (B1 Lobby) **Action: PA Arch to forward Drawings to REO pending completion of estimate; for estimating purposes PA Arch reminded this work would be performed off-hours.** ▪ Revisions to Glass Rail System **Action: PA Arch to forward Drawings to REO pending completion of estimate; estimate to arrive by 5/15.** ▪ Expansion Joint at Mid-Level **Action: PMD to issue PACC.** ▪ Additional Lead/Asbestos Abatement **Action: PA Environmental to issue drawings.** ▪ Removal/Disposal of Excess Soil **Action: VRH to submit a unit price proposal.** ▪ Security Personnel (Escorts) **Action: VRH to submit a unit price proposal.**
7	**Security Requirements** ▪ Security – Access to Inner Roadway ▪ Photo ID Badges – No problems were noted. ▪ Daily Attendance Sheets/Vehicle Information – No problems were noted. ▪ Daily Labor Reports – No problems were noted.
9	**Next Meeting** ▪ Tuesday, May 15th at 9:00 AM
	Action ▪ All participants are requested to arrive on time so as not to inconvenience others. The meeting will start promptly at 9:00 AM.

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**General Requirements** ▪ Progress Schedule **Action: VRH to submit Schedule Update No. 3 by 7/6 incorporating all comments made to Update No. 2.** ▪ Vertical Circulation Schedule **Action: VRH to follow up with ThyssenKrupp – overdue, promised since week of 5/21.** ▪ Submittal Log **Action: VRH to revise and submit weekly.** ▪ List of Long Lead Items – Submitted list did not include up to date information. **Action: VRH to submit list incorporating every schedule update by 7/6.**
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** <u>Critical Submittals</u> ▪ Ornamental Metal Work **Action: VRH to resubmit by COB 7/3.** ▪ Terrazzo Flooring **Action: VRH to resubmit shop drawings. VRH was reminded that a mock-up, which will become part of the finished floor, is required. Samples are approved.** ▪ Snap-In Metal Pan Ceiling **Action: VRH to resubmit the week of 7/16.** ▪ Glazed Aluminum Window Wall **Action: VRH to resubmit the week of 7/16.** ▪ Crystallized Glass Panel **Action: VRH to resubmit the week of 7/16.** ▪ Vestibule Sliding Doors (Horton) – Shop Drawings **Action: VRH to review package and resubmit.** ▪ Glass & Glazing (Elevator Enclosures) **Action: VRH to resubmit week of 7/9. VRH requested RFI No. 80 be responded to ASAP in order to incorporate response into resubmittal.** ▪ Escalator/Elevators **Action: VRH to resubmit week of 7/9.** <u>Critical Overdue Responses</u> ▪ Anchor Bolt Plan, Details, Sections – Not overdue, returned AAN. **Action: PA Expedition Log must be updated to show returned package. PMD to follow up.** ▪ Grillage Steel Elevations, Sections – Not overdue, returned AAN. **Action: PA Expedition Log must be updated to show returned package. PMD to follow up.** ▪ B1, B2 Elevator Entrance Plan **Action: VTX to respond. PMD to follow up.** ▪ Generator Set **Action: URS to respond by 7/5.**

Mark	Discussion
	▪ Public Address System **Action: URS to respond by COB 7/3.** ▪ Ductwork (SM-1, SM-3, SM-9, SM-10 and SM-11) - overdue **Action: URS to respond by 7/10.**
3	**Requests for Information** ▪ Ninety-One (91) RFI's have been issued to date; all but sixteen (16) have been addressed. **Action:**

Number	Title	BIC	Req'd
27	**Temporary Power for AHU-7**	URS	3/05
33	**Electrical Equip in N. & S. Switchgear Rm**	URS	3/30

85	**Roadway Clearance for S. Generator**	URS	7/03
87	**Clarify Comments for ATC**	URS	7/06
90	**Removal of West Wall**	URS	7/06
91	**Manufacturer's Recommendation SM-12**	URS	7/06

4 **Subcontractor's Approval Requests**

VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC.

Approved:

G. Panetta & Sons	McCann Acoustics
SM Electric	Carol Hardy Mechanical
Josloff Industries, LLC	D. Magnan & Co.
Kone, Inc.	Mazzocchi Wrecking, Inc. (Demo Only)
Artisan, Inc.	Railroad Construction Co.
RISA Management Corp.	Monmouth Controls & Instrument Co.
American Architectural, Inc.	Moretrench American Corporation
PAPP Iron Works, Inc.	Guardian Fence Co, Inc.
Schnell Contracting Services	Northeast Sheet Metal Works
Able Rolling Steel Door, Inc.	Garden State Engineering
Zabransky Mechanical Corp.	Signs & Decals Corp.
Amanda Contracting, Inc.	Alpha Steel Construction
PAR Environmental Corp.	A. Liss & Co, Inc.
Pompton Painting Co.	ThyssenKrupp Elevator
FJC Security Services	Fine Painting
Equipment Erectors, Inc.	

Pending Approval:

Mazzocchi Wrecking, Inc. (Asbestos)	
Metro Insulation	Building Systems & Services
D-Star Waterproofing	AFA Protective Systems
MCS Electrical Contracting	MetComm LLC

5 **Field Work/Progress**

▪ 2-Week Look Ahead – VRH submitted for review. (See attached)
Action: Lead abatement (Columns 21-22, B2 North), duct bank/sanitary line removal, form/waterproof S2 Elevator Pit Slab, reconfigure B1 Entrance Lower Level and additional SOG removal (B1) are to be completed the week of 7/2. Lead Abatement (Bag Claim Columns 10.5-13.5), cut/remove excess fill (Columns 8-4), DGABC/poly/rebar (Columns 8.5-10.5), install Pit Slab rebar, place concrete and form pit walls (rebar) for S2 Elevator, place concrete SOG pour #4, concrete tie beam removals (Columns 7b, 6d), layout Phase II piles, B1 slab opening, necessary work for Ground Transportation Counter removal, B2 toilet area (framing/layout), saw cut/remove SOG (Columns 2-3.5) and pile caps/grade beams adjacent to elevator are to be performed thru 7/13.

Mark	Discussion
	▪ Concessions Elevator – Submittal approved; fabrication in progress. **Action: VRH scheduled to begin work on 7/16 with duration of 3-4 weeks; PA to take elevator out of service.** ▪ Asbestos/Lead Abatement – South Substation **Action: REO to schedule coordination meeting which will be held week of 7/9.** ▪ Steel Shoring for Mid Level Slab Opening **Action: VRH to begin this work after the placement of DGA base course.** ▪ Grillage Steel **Action: VRH to start work the week of 7/16.** ▪ Spray Fireproofing (abated steel) **Action: VRH to begin this work after placement of DGA is acceptable; PA directed VRH to start this work ASAP.** ▪ Plumbing Rough-In (B2 Lobby) – Work in progress.
6	**Issues** ▪ Expansion Joint at Mid-Level (PACC #5) – Drawings have been transmitted to VRH electronically. **Action: REO to issue RFQ.** ▪ Revised substation layout/equipment (PACC #15) – Drawings have been transmitted to VRH electronically. **Action: REO to issue RFQ.** ▪ Removal/Disposal of Excess Soil **Action: VRH awaiting letter from Overpeck.** ▪ B2 Vestibule Revisions **Action: PA Arch to supply Drawings.** ▪ Women's Room Revisions **Action: PA Arch to supply Drawings for additional changes.** ▪ Cleanliness of Public Areas **Action: As noted by PMD, VRH is to maintain cleanliness in all public areas.** ▪ Temporary Power for B1 Lobby **Action: PMD to address.**
7	**Security Requirements** ▪ SWAC – VRH was reminded everyone must go through the SWAC background check in order to work on-site. ▪ Photo ID Badges – No problems were noted. ▪ Daily Attendance Sheets/Vehicle Information – No problems were noted. ▪ Daily Labor Reports – No problems were noted.
8	**Next Meeting** ▪ Tuesday, July 17th at 9:00 AM **Action: All participants are requested to arrive on time so as not to inconvenience others. The meeting will start promptly at 9:00 AM.**

5 **Field Work/Progress**

- 2-Week Look Ahead – VRH submitted for review (see attached).
- As-Builts/Deviations for Piles
  Action: VRH reminded approval must be granted prior to constructing pile caps; REO to follow up with Severud for approval.
- Topping Slab
  Action: VRH to place slab 9/17, 9/18 and 9/19, conduit layout for the new Ground Transportation Counter is required. URS to provide conduit layout by 9/7/07.
- Steel Shoring for Mid Level Slab Opening
  Action: VRH to start this work upon completion of DGA.
- Ceiling Mock-Ups
  Action: VRH to perform within a couple of weeks.
- Test Pits for South Generator Ductbank
  Action: VRH to request mark-out this week.

Mark	Discussion
6	**Issues** ▪ Redesign of B1/B2 Glass Rail System – Re-design in progress. **Action: PA Arch requested meeting with glass subcontractor to review preliminary drawings/schedule; meeting to be held 8/31, VRH to confirm.** ▪ Redesign of B1/B2 Ductwork **Action: Design to forward complete package to CMD.** ▪ Redesign of Ground Transportation Counter **Action: URS to complete conduit layout by 9/7.** ▪ PACC-9 – Redesign Status **Action: PA Arch to provide rooms affected by the re-design.** ▪ Asbestos/Lead Abatement – South Substation **Action: PA Environmental to supply estimate; PMD to follow up.**
7	**Security Requirements** ▪ SWAC – VRH was reminded everyone must go through the SWAC background check in order to work on-site. ▪ Photo ID Badges – No problems were noted. ▪ Daily Attendance Sheets/Vehicle Information – No problems were noted. ▪ Daily Labor Reports – No problems were noted.

Field Work/Progress

ATS Room Ceiling
Action: PA/Severud to issue redesign to address ceiling strength required for bus ducts.
South Switchgear Room – Distribution Panel PMDP
Action: VRH/SM have it tentatively scheduled to arrive in May and are currently trying to rush delivery.
South Substation
Action: REO noted NEC 110.26, a clearance violation and requested VRH reroute water lines and provide protection for gear ASAP.
North Substation – Temporary Gear & Shutdown
Action:
<u>CT Cabinet/Service Switch</u>

Factory Test Reports - REO again reminded VRH/SM of this requirement; VRH/SM to follow up with Siemens for arrival date. A shutdown cannot be performed without these reports.
Independent Field Test – VRH/SM tentatively has testing scheduled for either 2/15 or 2/19; Tom LaMarca to be notified of date and time.
O&M Manual – REO again reminded VRH/SM of this requirement; VRH/SM to follow up with Siemens for arrival date.
Gear Inspection After Cleaning – REO noted PA Electrical must inspect the gear before it can be energized.
Rubber Matting – VRH/SM to supply; SM has them on-site.

<u>Switchboard T-N</u>

Factory Test Reports - REO again reminded VRH/SM of this requirement; VRH/SM to follow up with Siemens for arrival date. A shutdown cannot be performed without these reports.
Independent Field Test – VRH/SM tentatively has testing scheduled for either 2/15 or 2/19; Tom LaMarca to be notified of date and time.
Coordination Study – VRH/SM is currently waiting for Siemens.
Lockable Doors - VRH/SM to confirm arrival date; install upon arrival.
O&M Manual – REO again reminded VRH/SM of this requirement; VRH/SM to follow up with Siemens for arrival date.
Labels – VRH/SM has the labels on-site and will attach ASAP.
Gear Inspection After Cleaning - REO noted PA Electrical must inspect the gear before it can be energized.
Spare Parts and Tools – VRH/SM to follow-up with Siemens.
Firestopping of Cable Tray Penetration in Substation Wall – VRH/SM submitted for review/approval; work is proceeding.
Cable Tray Protection Near Catwalk and Top of Stairs – VRH/SM to confirm delivery date.
Drip Pan – REO issued directive and reminded VRH/SM this work must be performed before gear is energized.
Relocation of Conveyor Conduits in Cable Tray – REO to request permit; VRH/SM to investigate.
Sealant in Conduits Above Switchboard – VRH/SM to submit catalog cut; REO noted duct seal could not be used.
VRH/SM to ensure that there are no gaps between switchboard sections.
Rubber Matting – VRH/SM to supply; SM has them on-site.

Contract EWR-264.003
Terminal B Modernization Program - Lower Level Expansion & B-1 Vertical Circulation – Electrical Progress Meeting

Mark	Discussion
	▪ **Hoffman Box 48"x36"x24" – VRH/SM expects delivery 2/14 and is scheduled to install ASAP.** ▪ **REO requested all conduit penetrations from Crawl Space be sealed before the gear is energized.** ▪ **The Shutdown scheduled for 2/20 and 2/21 was tentatively cancelled pending walk-thru with Herman Ret to determine the shutdown process and to address the possibility that the tap may violate PSE&G's rules because it would be unmetered.**
6	**Coordination/Safety** ▪ VRH/Subcontractor **Action: REO requested the North Substation and all other areas be kept tidy at all times.**
7	**Next Meeting** ▪ Wednesday, February 27th at 10:00 AM **Action: All participants are requested to arrive on time so as not to inconvenience others. The meeting will start promptly at 10:00 AM.**

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**General Requirements** ▪ Progress Schedule **Action: VRH to revise and resubmit. VRH supplied the following completion dates (tentatively):** **B1 Lobby – July 29, 2008** **B2 Lobby – End of April, 2008** **Baggage Claim Area – September 1 2008** ▪ Long Lead Items **Action: VRH submitted for review.** ▪ Submittal Log **Action: VRH to revise and submit weekly.**
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** ▪ Ceilings **Action: GFRG samples will be returned ACC. Metal panel samples were shipped from manufacturer on 2/15/08.** ▪ Elevators **Action: Elevator Cab – PA/VTX to review and return. Elevator Enclosure mock-up – Arch to review and provide comments.** ▪ Escalators **Action: PA returned Test Report not approved. VRH to submit outstanding submittals and testing procedures; VRH to follow-up with subcontractor (TKE). VRH has tentatively scheduled the escalator factory testing for 4/21 and expects the escalator to be on-site 5/21.** ▪ Baggage Handling System **Action: BNP to address all overdue submittals listed on page one of the PA Expedition Submittal Log by BIC. VRH to submit Carousel (mechanics only) submittal the week of 2/18.** ▪ Generator **Action: PA/URS to return shop drawings for record purposes; overdue.** ▪ N. Substation Bus Ducts **Action: PA/URS to review and return.** ▪ Collapsible Joint in Ceilings **Action: PA to provide to VRH.** ▪ Generator Fence **Action: PA to return.** ▪ Signage **Action: VRH to submit RFI regarding missing information on VM signs.** ▪ Permanent Switchgear **Action: VRH to submit the week of 2/25.** ▪ North Temporary Switchgear **Action: VRH to submit O&M Manuals and Test Reports.**

Mark	Discussion
	▪ IB1, IB3 **Action: BNP to provide drawings for required canopies.**
3	**Requests for Information** ▪ One Hundred and Seventy-Five (175) RFI's have been issued to date; twelve (12) have not been addressed.

No.	Title	BIC	Date Req'd
63	**Sump Pump & Water Heater Wiring (Clarify)**	URS	7/16
130	**Conflict w/Existing Sanitary Lines**	REO	10/16

PAR Environmental Corp.	A. Liss & Co, Inc.
Pompton Painting Co.	ThyssenKrupp Elevator
Equipment Erectors, Inc.	MCS Electrical Contracting
Mazzocchi Wrecking, Inc. (Asbestos)	MetComm LLC
D-Star Waterproofing	Building Systems & Services
AFA Protective Systems	Fine Painting
FJC Security Services	Berto Construction
Metro Insulation	Active Tank & Environmental Services
XLE Metals, Inc.	S&J Electrical Contracting
North Central Electric	

Pending Approval:

None	

5 **Field Work/Progress**

- 2-Week Look Ahead – VRH submitted for review (see attached).
- North Temporary Switchgear, 800-AMP Breaker
  Action: VRH has on-site.
- South Generator Ductbank
  Action: VRH to supply start date upon return of submittal.
- Mid-Level Tenant Relocation
  Action: PA to schedule inspection.
- Crane
  Action: PA to schedule meeting for coordination of crane near AirTrain.
- Delays – None were noted.

6 **Issues**

- Women's Room Changes
  Action: PA Arch to forward sketches and estimate.

Contract EWR-264.003
Terminal B Modernization Program - Lower Level Expansion & B-1 Vertical Circulation

Mark	Discussion
7	**Security Requirements** ▪ SWAC – VRH was reminded everyone must go through the SWAC background check in order to work on-site. ▪ Photo ID Badges – No problems were noted. ▪ Daily Attendance Sheets/Vehicle Information **Action: PA has requested Attendance Sheets be submitted before 9AM DAILY and be modified to indicate the status of Yellow CMD ID Card. VRH was reminded that no personal vehicles should be on the inner roadway.** ▪ Daily Labor Reports – No problems were noted. ▪ Operation Safety Issues – No problems were noted.
8	**Next Meeting** ▪ Tuesday, March 4th at 9:00 AM **Action: All participants are requested to arrive on time so as not to inconvenience others. The meeting will start promptly at 9:00 AM.**

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**Two-Week Look-Ahead Schedule** ▪ Projected Manpower – VRH/SM submitted a two-week look ahead (attached). VRH/SM noted they currently have thirty-two (32) men on-site. **Action:** o **Item #1 – VRH/SM continues work.** o **Item #2 – VRH/SM continues work.** o **Item #3 – VRH/SM continues work.** o **Item #4 – VRH/SM have the electrical work on hold pending the completion of the floor, approximately one month.** o **Item #5 – VRH/SM to start work during the week of 3/3, one-day install.** o **Item #6 – VRH/SM to start work the week of 3/3.** o **Item #7 – VRH/SM to start work the week of 3/10.** o **Item #8 – VRH/SM to start upon completion of Item #7.** o **Item #9 – VRH/SM to start upon completion of Item #8.** o **Item #11 – VRH/SM continues work.** o **Item #12 – VRH/SM continues work.** o **Item #13 – VRH/SM to start work the week of 3/10.** o **Item #14 – VRH/SM to start work pending coordination study.** o **Item #15 – VRH/SM to start work upon arrival of doors, tentatively week of 3/3.** o **Item #16 – VRH/SM tentatively scheduled to begin work the week of 3/3; SM to submit drawing for review/approval. *Existing Drip Pan to be investigated – reroute cable tray or relocate Drip Pan?** o **Item #17 – VRH/SM continues work** ▪ Projected Delays or Setbacks – None were noted.
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** ▪ Generator Duct Bank at South End **Action: VRH/SM forwarded submittal; PA to review and return the week of 3/3.** ▪ Splices/Layout for N/S Switchgear **Action: VRH/SM was directed to terminate six conduits; the six to be terminated will be determined during the shutdown by 'ringing-out' each of the cables.** ▪ Outstanding Submittals with Designers/PA **Action: PA requested VRH/SM supply a list of critical submittals, as needed.** ▪ Submittals to be Revised/Resubmitted – None were noted. ▪ Outstanding Submittals with the Contractor **Action: VRH/SM to transmit the Switchgear submittal the week of 3/3 and requested a timely turnaround by PA/URS.**
3	**Requests for Information** ▪ Electrical RFI's **Action: It was noted that the following four (4) RFI's require a response.**

No.	Title	BIC	Date Req'd
63	**Sump Pump & Water Heater Wiring *Clarification Required***	URS	7/16
78	**THHN/THWN or XHHW for LSZH *VRH/SM requested PA/URS reconsider the use of LSZH Cable**	REO	12/20
172	**Availability of Circuits**	URS	2/7/08
178	**Sketch SKE-2 (E231)**	URS	3/3

Contract EWR-264.003

Mark	Discussion
1	**Two-Week Look-Ahead Schedule** ▪ Projected Manpower – VRH/SM submitted a two-week look ahead (attached). VRH/SM noted they currently have eighteen (18) men on-site and additional men will be added in the coming weeks. **Action:** o **Item #1 – VRH/SM submitted RFI; there is a conflict with conduit and wire for public address, work on hold.** o **Item #2 – VRH/SM require information on shunt trip operation from switchgear; PA Electrical to investigate issue and advise. VRH/SM to supply date for connection as to not interfere with airport operations.** o **Item #3 – Work ongoing.** o **Item #4 – SM forwarded submittal to VRH on 1/2.** o **Item #5 – SM to forward submittal to VRH on 1/3. VRH/SM awaiting response to RFI.** o **Item #6 – SM to forward submittal to VRH on 1/3.** o **Item #7 – SM to forward submittal to VRH on 1/3.** o **Item #8 – Work ongoing.** o **Item #9 – Work ongoing. SM submitted layout and catalog cut for cable tray to VRH on 1/2; VRH to submit for review.** o **Item #10 – VRH/SM to start work 1/7; REO to issue bulletin.** o **Item #11 – VRH/SM is tentatively scheduled to start work 1/14.** o **Item #12 – VRH/SM have Hoffman Box and hand hole on-site and have tentatively scheduled to start work by week's end.** ▪ Projected Delays or Setbacks o El Al Area **Action: VRH/SM to start work overnight in this area on 1/7.**
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** ▪ Splices/Layout for N/S Switchgear **Action: VRH/SM submitted RFI; PA/URS to respond.** ▪ Cable Tray/Okonite Cable **Action: SM submitted layout and catalog cut for cable tray to VRH on 1/2; VRH to submit for review.** ▪ Outstanding Submittals with Designers/PA **Action: 1. REO requested VRH remove an existing fixture at the west end to retrieve model number; URS to respond to RFI. 2. PA requested VRH/SM supply a list of critical submittals, as needed. **VRH/SM noted the Switchgear submittal would be transmitted for review the beginning of January and requested a timely turnaround by PA/URS.** ▪ Submittals to be Revised/Resubmitted **Action: VRH/SM to submit color swatch for lighting.** ▪ Outstanding Submittals with the Contractor **Action: None were noted.**

Contract EWR-264.003
Terminal B Modernization Program - Lower Level Expansion & B-1 Vertical Circulation – Electrical Progress Meeting

<table>
<tr><th>Mark</th><th>Discussion</th></tr>
<tr><td>3</td><td>Requests for Information
▪ Electrical RFI's
Action: It was noted that the following eleven (11) RFI's require a response.
<table>
<tr><th>No.</th><th>Title</th><th>BIC</th><th>Date Req'd</th></tr>
<tr><td>62</td><td>Location of Conduit Runs (Clarify)</td><td>URS</td><td>11/21</td></tr>
<tr><td>63</td><td>Sump Pump & Water Heater Wiring (Clarify)</td><td>URS</td><td>7/16</td></tr>
<tr><td>78</td><td>THHN/THWN or XHHW for LSZH
*VRH/SM requested PA/URS reconsider the use of LSZH Cable</td><td>URS</td><td>12/20</td></tr>
<tr><td>139</td><td>Fixture Type 'F' Installation</td><td>URS</td><td>11/15</td></tr>
<tr><td>146</td><td>System Protective Device Study</td><td>URS</td><td>12/4</td></tr>
<tr><td>155</td><td>Power for Dampers</td><td>URS</td><td>12/26</td></tr>
<tr><td>156</td><td>Wiring Conflicts for Speaker System</td><td>URS</td><td>12/26</td></tr>
<tr><td>157</td><td>Number of Cables for Each Conduit</td><td>URS</td><td>12/26</td></tr>
<tr><td>158</td><td>Support for Conduit & Bus Runs</td><td>Severud/URS</td><td>12/26</td></tr>
<tr><td>159</td><td>Outdoor Speaker Rotation</td><td>URS</td><td>12/26</td></tr>
<tr><td>163</td><td>Circuits Listed on Panel Schedules</td><td>URS</td><td>1/2</td></tr>
</table></td></tr>
<tr><td>4</td><td>Subcontractor's Approval Requests
▪ VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC and all contractors working on site including third tier subs must submit an SAR.
Action: VRH/SM to supply SAR for the independent testing company ASAP; they must be NETA certified.</td></tr>
<tr><td>5</td><td>Field Work/Progress
▪ Verification of Temp Feeder Modification Tabulations
Action: VRH/SM is currently working on verification of the Feeder Tabulations on DWG's E210, E211 & E216. A walk-thru was held on 12/7 with the URS surveyor; VRH/SM submitted RFI. The REO will request an Electrical Work Permit from the Electric Shop.
▪ Temporary Switchgear
Action:
▪ VRH/SM was informed that the Cable Tray must clear the top of the ATS Room and that the ATS Room must be complete before the ATS's can be installed. VRH/SM noted that the ATS Room ceiling would be constructed of 16-gauge steel, which will not have the strength required to support the number of bus ducts that will run through the room; Severud to respond to submitted RFI.
▪ The ACM Abatement and Lead Abatement is complete, the platform has been removed and the concrete in the South Substation is to be placed the week of 1/14.
▪ VRH/SM noted the temporary switchgear doors are tentatively scheduled to arrive 1/28.
▪ New North Generator Room
Action: VRH/SM/REO to coordinate install of generator.</td></tr>
<tr><td>6</td><td>Coordination/Safety
▪ VRH/Subcontractor
Action: REO requested VRH/SM keep the North Substation clean at all times. REO reminded VRH/SM that EMT Condit is not to be used in the North Substation.</td></tr>
<tr><td>7</td><td>Next Meeting
▪ Wednesday, January 16th at 10:00 AM
Action: All participants are requested to arrive on time so as not to inconvenience others. The meeting will start promptly at 10:00 AM.</td></tr>

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**General Requirements** ▪ Progress Schedule **Action: Meeting to be held on 12/19.** ▪ Submittal Log **Action: VRH to revise and submit weekly.**
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** ▪ Ceilings **Action: PA to return submittal AAN. VRH to submit samples and delivery date once perforation pattern is finalized; PA Arch conferring with Plasterglass.** ▪ Elevator Demolition **Action: PA/VTX to review and return.** ▪ Steel Shop Drawings – Slab Opening, Slab In-Fill **Action: VRH to submit the week of 12/24; overdue and delaying field progress @ B1 Mid-Level slab opening/slab infill at sidewalk.** ▪ Elevators **Action: VRH to resubmit passenger and service elevator cab submittals the week of 12/31. Samples for enclosure expected in about two weeks.** ▪ Escalators **Action: PA again requested VRH submit a fabrication schedule and submittals; VRH to follow-up with subcontractor.** ▪ Baggage Handling System **Action: PA/BNP to review and return; overdue. VRH to submit Baggage Claim Devices.** ▪ 4,000 Gallon Fuel Tank **Action: PA/URS to review and return; overdue.**
3	**Requests for Information** ▪ One Hundred and Fifty-One (151) RFI's have been issued to date; nine (9) have not been addressed.

No.	Title	BIC	Date Req'd
63	**Sump Pump & Water Heater Wiring (Clarify)**	URS	7/16
94	**Drawing A0205 – Existing Conditions**	SEV/VRH	7/18
130	**Conflict w/Existing Sanitary Lines**	REO	10/16
137	**Mid-Level Expansion Joint**	Severud	11/14
139	**Fixture type "F" Installation**	URS	11/15
140	**Location of Smarte Carte**	PA Arch	11/15
146	**System Protective Device Study**	URS	12/4
149	**Removal of B1/B2 Service Elevator Pit**	Severud	12/14
150	**Color of Telephone Box Housing**	PA Arch	12/14

The following items require response from Severud:
-HV Unit
-Mid-Level Expansion Joint
-Ceiling Framing (Ellipse)
-Ceiling Framing @ North Substation Area

Mark	Discussion
4	**Subcontractor's Approval Requests** VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC. **Action: VRH to submit RFI and all qualifications for North Central Electric immediately. This is required for the testing of the North Temporary Switchgear Equipment.** Approved:

G. Panetta & Sons	Artisan, Inc.
McCann Acoustics	Monmouth Controls & Instrument Co.

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**General Requirements** ▪ Progress Schedule **Action: PA returned comments for Schedule Update No. 5 and requested an updated schedule by 11/5. VRH, however, plans on submitting by weeks end (11/9). It was noted that there is a 12-week lead-time for the rails (PACC #4).** ▪ Baggage Handling Installation Schedule **Action: VRH to submit along with Submittal Schedule; VRH noted their subcontractor, EEI, has been unresponsive. PA to schedule meeting with VRH and EEI.** ▪ Submittal Log **Action: VRH to revise and submit weekly.** ▪ List of Long Lead Items **Action: VRH to submit updated list by weeks end (11/9); overdue since 10/30.**
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** ▪ Ceilings o GFRG **Action: VRH to resubmit by 10/26; overdue. PA Arch to return comments on sample 11/6.** o Metal Pan **Action: VRH to resubmit by 10/26.** o Metal Planks **Action: VRH to submit by 10/26; overdue.** o Framing **Action: VRH received framing calculations. PA to return submittal with comments regarding fire protection code.** ▪ Glazed Aluminum Window Wall **Action: VRH to submit sample. VRH noted materials are scheduled to arrive in shop 11/22.** ▪ Escalators **Action: PA again requested VRH submit a fabrication schedule.** o Step-Loading Tests, etc. **Action: VRH to resubmit.** o Factory and Field Testing & Inspection **Action: VRH to resubmit.** o O&M Manuals, Maintenance Program **Action: VRH to resubmit.** ▪ Elevators o Passenger Cab **Action: PMD to follow up on submittal, VRH has not received.** o Passenger Enclosure **Action: PMD to follow up on submittal, VRH has not received.** ▪ B2 Lobby Ductwork **Action: PA to review and return the week of 11/5; bulk of submittal AAN. URS to address submittal returned NA, VRH requested redesign.**

Mark	Discussion
	▪ Stair Infill E1, E2/E5 Escalators **Action: VRH to submit 11/7.**
3	**Requests for Information** ▪ One Hundred and Thirty-Five (135) RFI's have been issued to date; seven (7) have not been addressed.

No.	Title	BIC	Date Req'd
63	**Sump Pump & Water Heater Wiring (Clarify)**	URS	7/16

Pending Approval:

5 **Field Work/Progress**

- 2-Week Look Ahead – VRH submitted for review (see attached).
- North Switchgear Duct Bank
  Action: VRH to commence work the week of 11/12.
- Deliveries
  - Window Wall
    Action: Scheduled for delivery the week of 11/22.
  - Vestibules (Doors)
    Action: Scheduled for delivery 12/15.
  - Escalators
    Action: VRH to supply delivery date.
  - Service Elevator Cabs
    Action: VRH to supply delivery date; a 15-16 week lead-time noted.
  - Ductwork
    Action: VRH to supply delivery date.

6 **Issues**

- Mid-Level Tenant Relocation
  Action: PMD/ARCH to forward package to REO by 11/9; overdue.

Mark	Discussion
7	**Security Requirements** ▪ SWAC – VRH was reminded everyone must go through the SWAC background check in order to work on-site. ▪ Photo ID Badges – No problems were noted. ▪ Daily Attendance Sheets/Vehicle Information **Action: PA has requested Attendance Sheets be submitted before 9AM DAILY and be modified to indicate the status of Yellow CMD ID Card.** ▪ Daily Labor Reports – No problems were noted. ▪ Operation Safety Issues • Terminal B Crawl Space – PA Safety Coordinator and Fire Marshal discussed safety measures that must be adhered to in this area. **Action:** – **PA Landside Ops. shall properly mark exits (doors) and emergency phones.** – **VRH shall assign a competent person responsible for training employees about the hazards, i.e. heat stress, and emergency procedures, i.e. relaying your location to Police. Potable ice water shall be available and the use of bump hats, not hard hats, must be strictly enforced.** – **PA Safety Coordinator and Fire Marshal shall attend VRH's Toolbox Meeting on 11/7 at 7:30AM.**
8	**Next Meeting** ▪ Tuesday, November 20th at 9:00 AM **Action: All participants are requested to arrive on time so as not to inconvenience others. The meeting will start promptly at 9:00 AM.**

5 **Field Work/Progress**

- 2-Week Look Ahead – VRH submitted for review (see attached).
- Testing/Inspection Schedule
  Action: Standpipe testing to be performed the week of 5/5.
- Temporary Signage – B2 Lobby
  Action: PA Operations to be consulted to ensure no extra signage is required.
- IB1/Delta Bag Room
  Action:
- South Generator Ductbank
  Action: VRH to begin removing stair the week 5/5.
- Transverse Joint @ Column Line 22
  Action:
- Service Elevator – Controls re-submittal, deliveries
  Action: Platform/mechanical equipment ready for shipping.
- Genco Space
  Action: VRH to check steel delivery.

Mark	Discussion
	▪ Pump Station 2 **Action: PA/URS to forward comments.** ▪ Fireproofing **Action: VRH to send report by 5/2.** ▪ Delays – None were noted.
6	**Issues** ▪ Railings **Action: B1 Lobby railings are no change. B2 Lobby railings have been revised to include a larger radius (to match existing).** ▪ Future B2 Lobby Staging **Action:** PMD to ~~review~~ present staging plan to Facility for review & approval. ▪ IB1, IB4 Re-route **Action:** Architecture is meeting w/ Aviation to review wing-tip clearances for IB1 ▪ IB1, IB3 Canopies **Action: PA to return comments on IB1 4/30. PA investigating IB3.** ▪ Additional Asbestos/Lead Abatement **Action: PA Environmental to return report for North Substation.**
7	**Security Requirements** ▪ Utility Mark-Outs **Action: VRH to ensure mark-outs have been requested for applicable work.** ▪ SWAC/Photo ID Badges/Temporary Day Passes – VRH was reminded everyone must go through the SWAC background check in order to work on-site. Everyone on-site must have a photo ID. REO is now issuing one-day temporary passes for all workers that will be on-site less than one week or are in the process of obtaining a SWAC ID. ▪ Daily Attendance Sheets/Vehicle Information **Action: PA has requested Attendance Sheets be submitted before 9AM DAILY and be modified to indicate the status of Yellow CMD ID Card. VRH was reminded that no personal vehicles should be on the inner roadway.** ▪ Daily Labor Reports/T&M Tickets – No problems were noted. ▪ Operation Safety Issues – No problems were noted.
8	**Next Meeting** ▪ Tuesday, May 13th at 9:00 AM **Action: All participants are requested to arrive on time so as not to inconvenience others. The meeting will start promptly at 9:00 AM.**

5	**Field Work/Progress** ▪ North Substation – Temporary Gear & Shutdown **Action:** ▪ **O&M Manual – URS approved the manuals. URS to bring approval stamp to EWR.** ▪ **It was confirmed PA Electrical will lockout switchboard for five-day intervals, checking it each weekend. PA Electrical is scheduled to reinspect the North Temporary Switchgear on 6/6 at 10AM.** ▪ **REO to coordinate Switchover Duration Plan for Feeders with VRH/SM.** ▪ **Lexan Shield - PA noted the permanent gear shall not include Lexan Shield. The REO is in receipt of Siemens' Letter regarding the removal of the Lexan Shield; SM/VRH to confirm who will remove the Lexan Shield.** ▪ **The REO has again requested confirmation from Siemens that the install of the Belleville Washers is acceptable.** ▪ **A walk thru is scheduled for 6/9 to determine the number of generators and their locations for the feeder replacements in Switchboard NA2.** ▪ 3" Line Relocation – DPSB **Action: The REO has requested this work be performed immediately.** ▪ DPSA/DPSB **Action: PA/URS has approved the proposed layout of the side-mounted troughs.** ▪ 1200A Switch **Action: The REO has this work tentatively scheduled for the week of 6/9, after the installation of extension collar.** ▪ South Substation Switchgear **Action: REO requested VRH/SM complete the PSE&G Form 432 so that PSE&G may open an account for the temporary meter that will be installed in the South Switchgear room; REO to supply contact info. PSE&G will then chose the location of the 2" RGS conduit and meter pan.** ▪ Public Address Wiring **Action: The REO reminded VRH point-to-point testing must be performed upon completion. SM/VRH to notify REO when communication wiring can be tested.** ▪ LED Lighting **Action: VRH/SM was directed to cancel the LED purchase order that was placed with Magna Flood and proceed with the GE fixture, as per the contract.** ▪ Panel/Transformer Energization **Action: VRH/SM has completed this work. The REO has requested labels be placed on the panel and breakers.** ▪ Electrical Shutdowns **Action: VRH/SM was reminded that at least one-weeks notice is required for all electrical shutdowns.** ▪ B2 Lobby Sliding Doors **Action: Testing to be performed 6/6.** ▪ B2 Lobby – Emergency Lighting **Action: VRH noted the 3x3 temporary fixtures do not fit in proposed locations. VRH suggested using hi-hats connected to the emergency circuit.**
6	**Coordination/Safety** ▪ VRH/Subcontractor **Action: REO requested the B2 Lobby, North Substation, South Substation and all other areas be kept tidy at all times.**
7	**Next Meeting** ▪ Wednesday, June 18th at 10:00 AM **Action: All participants are requested to arrive on time so as not to inconvenience others. The meeting will start promptly at 10:00 AM.**

3 **Requests for Information**

- One Hundred and Eighty-Eight (188) RFI's have been issued to date; eleven (11) have not been addressed.

No.	Title	BIC	Date Req'd
63	**Sump Pump & Water Heater Wiring (Clarify)**	URS	7/16
130	**Conflict w/Existing Sanitary Lines**	REO	10/16
152	**Elevator Directory Signs**	PA Arch	12/25
158	**Support for Conduit & Bus Runs**	Severud	12/26
174	**Existing Bldg. Expansion Joint**	Severud	2/28
175	**Shop Dwgs. of Concrete Islands**	BNP	2/20
177	**Reflected Ceiling Plan**	PA Arch	2/28
178	**Sketch SKE-2 (E231)**	URS	3/3
179	**Ceiling Tile**	PA Arch	3/5
181	**MCP Locations**	PA-PMD	3/5
186	**LED Lighting Fixture**	PA Arch	3/7

4 **Subcontractor's Approval Requests**

VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC.

Approved:

G. Panetta & Sons	Artisan, Inc.
McCann Acoustics	Monmouth Controls & Instrument Co.
SM Electric	Railroad Construction Co.
Carol Hardy Mechanical	RISA Management Corp.
Josloff Industries, LLC	American Architectural, Inc.
D. Magnan & Co.	Moretrench American Corporation
Kone, Inc.	PAPP Iron Works, Inc.
Mazzocchi Wrecking, Inc. (Demo Only)	Guardian Fence Co, Inc.
Schnell Contracting Services	Northeast Sheet Metal Works
Able Rolling Steel Door, Inc.	Garden State Engineering
Zabransky Mechanical Corp.	Alpha Steel Construction
Signs & Decals Corp.	Amanda Contracting, Inc.
PAR Environmental Corp.	A. Liss & Co, Inc.
Pompton Painting Co.	ThyssenKrupp Elevator
Equipment Erectors, Inc.	MCS Electrical Contracting
Mazzocchi Wrecking, Inc. (Asbestos)	MetComm LLC
D-Star Waterproofing	Building Systems & Services
AFA Protective Systems	Fine Painting
FJC Security Services	Berto Construction
Metro Insulation	Active Tank & Environmental Services
XLE Metals, Inc.	S&J Electrical Contracting
North Central Electric	New Vision Enterprise, Inc.

Pending Approval:

None	

5 **Field Work/Progress**

- 2-Week Look Ahead – VRH submitted for review (see attached).
- South Generator Ductbank
  Action: VRH to supply schedule. Work must be coordinated with expansion joint work as to not effect pedestrian traffic.
- Genco Space
  Action: VRH currently performing electrical relocations.
- Pump Stations 1, 2
- Delays – None were noted.

6 **Issues**

- Delta Relocation
  Action: PMD to follow up with Delta; drawings to be issued.
- Telephone Closet Relocation
  Action: PMD to review/address.
- IB1, IB3 Canopies
  Action: BNP to address RFI.

Mark	Discussion
7	**Security Requirements** ▪ SWAC/Photo ID Badges/Temporary Day Passes – VRH was reminded everyone must go through the SWAC background check in order to work on-site. Everyone on-site must have a photo ID. REO will soon (approximately two weeks) be issuing one-day temporary passes for workers that will be on-site less than one week – additional info to follow. ▪ Daily Attendance Sheets/Vehicle Information **Action: PA has requested Attendance Sheets be submitted before 9AM DAILY and be modified to indicate the status of Yellow CMD ID Card. VRH was reminded that no personal vehicles should be on the inner roadway.** ▪ Daily Labor Reports/T&M Tickets – No problems were noted. ▪ Operation Safety Issues – No problems were noted.
8	**Next Meeting** ▪ Tuesday, April 1st at 9:00 AM **Action: All participants are requested to arrive on time so as not to inconvenience others. The meeting will start promptly at 9:00 AM.**

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**Two-Week Look-Ahead Schedule** ▪ Projected Manpower – VRH/SM submitted a two-week look ahead (attached). VRH/SM noted they currently have thirty-two (32) men on-site. **Action:** o **Item #1 – VRH/SM to resume work on 3/31.** o **Item #2 – VRH/SM continues work.** o **Item #3 – VRH/SM continues work.** o **Item #4 – VRH/SM continues work.** o **Item #5 – VRH/SM continues work.** o **Item #6 – VRH/SM continues work.** o **Item #7 – VRH/SM has completed this work.** o **Item #8 – VRH/SM has completed this work.** o **Item #9 – VRH/SM continues work.** o **Item #10 – VRH/SM has completed this work; reports to follow.** o **Item #11 – VRH/SM has completed this work; schedule to provided on door.** o **Item #12 – VRH/SM continues work; doors to arrive 3/31.** o **Item #13 – VRH/SM continues work; waiting for horizontal fitting.** o **Item #14 – VRH/SM has completed this work.** o **3" relocation @ Genco (Loading Dock) – VRH/SM continues work.** o **TSA Lighting Circuits – VRH/SM continues work.** ▪ Projected Delays or Setbacks – None were noted.
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** ▪ Splices/Layout for N/S Switchgear **Action: This work has been put on hold pending testing of fireproofing in Trench. VRH/SM was directed to terminate six conduits. REO to request a second permit.** ▪ Outstanding Submittals with Designers/PA **Action: PA/URS to review/return Switchgear submittal.** ▪ Submittals to be Revised/Resubmitted – None were noted. ▪ Outstanding Submittals with the Contractor **Action: None were noted.**
3	**Requests for Information** ▪ Electrical RFI's **Action: It was noted that the following four (4) RFI's require a response.**

No.	Title	BIC	Date Req'd
63	**Sump Pump & Water Heater Wiring *Clarification Required***	URS	7/16/07
172	**Availability of Circuits**	URS	2/7
186	**LED Lighting Fixture**	PA ARCH	3/7
191	**Fixture Type**	URS	3/26

4	**Subcontractor's Approval Requests** ▪ VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC and all contractors working on site including third tier subs must submit an SAR.
5	**Field Work/Progress** ▪ ATS Room Ceiling **Action: PA to issue PACC Drawings.** ▪ Panel ELLE-MDP **Action: VRH/SM expects delivery 3/27.**

Contract EWR-264.003
Terminal B Modernization Program - Lower Level Expansion & B-1 Vertical Circulation – Electrical Progress Meeting

Mark	Discussion
	▪ South Switchgear Room – Distribution Panel PMDP **Action: VRH/SM have it tentatively scheduled to arrive in May and are currently trying to rush delivery.** ▪ North Substation – Temporary Gear & Shutdown **Action:** ▪ **Factory Test Reports – Issued, URS to return.** ▪ **Independent Field Test – VRH/SM to provide reports.** ▪ **Coordination Study – VRH/SM to send via email 3/26.** ▪ **O&M Manual – Issued, URS to return.** ▪ **Gear Inspection After Cleaning – PA to perform after field-testing.** ▪ **Rubber Matting – VRH/SM to install 3/26.** ▪ **Lockable Doors - VRH/SM currently has one installed, others to follow.** ▪ **Labels – VRH/SM installed; some must be replaced.** ▪ **Spare Parts and Tools – VRH/SM to transmit.** ▪ **Final Inspection for temporary switchgear to be held on 3/27; pumps to be tested after successful inspection.** ▪ **REO to confirm if switchboard must be locked out at the end of each workday; VRH/SM believes this will cause delays.** ▪ **VRH/SM to transmit Switchover Duration Plan for Feeders.**
6	**Coordination/Safety** ▪ VRH/Subcontractor **Action: REO requested the North Substation, South Substation and all other areas be kept tidy at all times.**
7	**Next Meeting** ▪ Wednesday, April 9th at 10:00 AM **Action: All participants are requested to arrive on time so as not to inconvenience others. The meeting will start promptly at 10:00 AM.**

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**Two-Week Look-Ahead Schedule** ▪ Projected Manpower – VRH/SM submitted a two-week look ahead (attached). VRH/SM noted they currently have thirty-two (32) men on-site. **Action:** o **Item #1 – VRH/SM continues work; abatement performed for supply fan (MER#4).** o **Item #2 – VRH/SM continues work.** o **Item #3 – VRH/SM continues work.** o **Item #4 – VRH/SM continues work.** o **Item #5 – VRH/SM continues work.** o **Item #6 – VRH/SM continues work.** o **Item #7 – VRH/SM has completed this work.** o **Item #8 – VRH/SM has completed this work.** o **Item #9 – VRH/SM continues work.** o **Item #10 – VRH/SM continues work; scheduled to be complete 4/9.** o **Item #11 – VRH/SM to submit drawing; work to be performed in one day pending approval of submittal.** o **Item #12 – VRH/SM on hold pending collar installation.** o **Item #13 – VRH/SM continues work.** ▪ Projected Delays or Setbacks – None were noted.
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** ▪ Splices/Layout for N/S Switchgear **Action: VRH/SM was directed to have additional lug nuts on site should the existing ones fail while turning. VRH/SM was directed to terminate six conduits. REO to request an additional permit for 4/11.** ▪ Outstanding Submittals with Designers/PA **Action: PA/URS to review/return Switchgear submittal.** ▪ Submittals to be Revised/Resubmitted – None were noted. ▪ Outstanding Submittals with the Contractor – None were noted.
3	**Requests for Information** ▪ Electrical RFI's **Action: It was noted that the following three (3) RFI's require a response.**

No.	Title	BIC	Date Req'd
63	**Sump Pump & Water Heater Wiring *Clarification Required***	URS	7/16/07
194	**Utility Revenue Meter**	URS	4/10
196	**Circuit Breaker Amperage**	URS	4/10

4	**Subcontractor's Approval Requests** ▪ VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC and all contractors working on site including third tier subs must submit an SAR.
5	**Field Work/Progress** ▪ ATS Room Ceiling **Action: PA to issue PACC Drawings.** ▪ South Switchgear Room – Distribution Panel PMDP **Action: VRH/SM have it scheduled to arrive in May.**

	▪ North Substation – Temporary Gear & Shutdown **Action:** ▪ **Factory Test Reports – Issued, URS to return.** ▪ **Independent Field Test – VRH/SM to provide reports.** ▪ **Coordination Study – VRH/SM to incorporate Ground Fault (GFCT) ratio in report and resubmit.** ▪ **O&M Manual – VRH/SM to follow up with Siemens and resubmit; some items in cabinet not shown.** ▪ **Gear Inspection After Cleaning – PA performed after field-testing.** ▪ **Rubber Matting – VRH/SM installed.** ▪ **Lockable Doors - VRH/SM continues the install, scheduled to be complete by 4/9.** ▪ **Labels – VRH/SM installed; some must be replaced.** ▪ **Spare Parts and Tools – VRH/SM submitted for record.** ▪ **The temporary switchboard was scheduled to be energized the morning of 4/9, the following items were noted:** ▪ **The REO stated the temporary switchboard was not energized this morning (4/9) because there appeared to be a connection between the B and C phases of the switchboard. The Electricians are currently working on troubleshooting the problem. Daniel Lochard of the REO stated that he had witnessed the original 'megger and continuity tests' that were performed by SM and there were no problems. SM also stated that they had assurances from North Central Electric that all cables and bus connections were tested without any problems. SM Electric would further look into the situation after the meeting.** ▪ **The REO requested SM verify that Belleville Washer have been installed in Temporary Switchboard T-N. SM is attempting to schedule a Siemens Representative to come to the site to certify the Belleville washer installations.** ▪ **The REO requested specifications for Lexan Shield. SM to follow up with Siemens.** ▪ **REO has confirmed the switchboard must be locked out at the end of each workday.** ▪ **VRH/SM to transmit Switchover Duration Plan for Feeders.** ▪ **URS to forward approval for use of 42' tap.**
6	**Coordination/Safety** ▪ VRH/Subcontractor **Action: REO requested the North Substation, South Substation and all other areas be kept tidy at all times.**
7	**Next Meeting** ▪ Wednesday, April 23rd at 10:00 AM **Action: All participants are requested to arrive on time so as not to inconvenience others. The meeting will start promptly at 10:00 AM.**

5 **Security Requirements**

- Utility Mark-Outs
  Action: VRH was reminded that all Utility mark-outs must be performed prior any work that could affect underground utilities.
- SWAC/Photo ID Badges/Temporary Day Passes – VRH was reminded everyone mu through the SWAC background check in order to work on-site. Everyone on-site mu have a photo ID. REO is now issuing one-day temporary passes for all workers that be on-site less than one week or are in the process of obtaining a SWAC ID.
  Action: VRH to return outstanding one-day passes to Bldg. 125.
- Daily Attendance Sheets/Vehicle Information
  Action: PA has requested Attendance Sheets be submitted before 9AM DAILY be modified to indicate the status of Yellow CMD ID Card. VRH was reminded that no personal vehicles should be on the inner roadway.
- Daily Labor Reports/T&M Tickets
  Action: It was reported that T&M tickets are not being submitted daily.
- Operation Safety Issues – No problems were noted.

6 **Next Meeting**

- Tuesday, July 17th at 9:00 AM
  Action: All participants are requested to arrive on time so as not to inconvenien others. The meeting will start promptly at 9:00 AM.

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**Field Work** **North Generator** • **VRH is awaiting Belleville washers; in addition several other punchlist items remain.** **EMAC 1, 2, 3 Training** • **Training is complete.** **Escalators** • **FFT Analyzers are currently being set up; VRH is awaiting software from Germany.** **AHU's** • **PA CHRP raised an issue with the sensors for the outside air temperature; they are not all reading the same temperature. VRH to investigate the location of the sensors and rectify. It was also noted that there may be a problem with AHU-2; the airline ticket offices have been hot.** **Passenger & Service Elevators** • **VRH to submit O&M manuals by 3/2.**
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** • No overdue submittals were noted.
3	**Requests for Information** ▪ Two (2) RFI's require a response.

No.	Title	BIC	Date Req'd
328	**Emergency Generator Discharge**	SA	7/14/10
330	**Bonding Link**	URS	9/21/10

4 **Subcontractor's Approval Requests**

VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC.

Approved:

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**Field Work** **North Generator** • **The subcontractor has raised and welded the fuel lines.** • **Necessary work for oil tank and concrete pad are on hold pending completion of punchlist items. Most punchlist items have been addressed with the exception of the insulated panels which will be performed by 2/14.** **EMAC 1, 2, 3 Training** • **Training scheduled for 2/15.** **Escalators** • **FFT Analyzers are currently being set up; VRH is awaiting software from Germany.** **AHU's** • **PA CHRP raised an issue with the sensors for the outside air temperature; they are not all reading the same temperature. VRH to investigate the location of the sensors and rectify. It was also noted that there may be a problem with AHU-2; the airline ticket offices have been hot.** **Remaining Work** • **VRH to provide schedule of all remaining work.** • **The necessary work for SF-1 and SF-2 is to be performed under another contract.** • **A PACC will be forwarded to VRH for the installation of a exhaust fan in the lower level restrooms.** • **Miscellaneous electrical/mechanical issues from Herman Ret will need to be addressed, some of the items are life safety items that require action by URS.**
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** • VRH noted electrical as-builts have been submitted.
3	**Requests for Information** ▪ Two (2) RFI's require a response.

J. Melendez	PA Engineering CMD		
D. Lochard	PA Engineering CMD		
C. Johnson	PA Aviation		

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**Field Work** **Elevator & Escalator** • **Partial Final Inspections have been held for the Express Escalators, Passenger Elevators and fire alarm devices; punchlist is being addressed. Additional pit lights and smoke detectors are required for the Elevator. Lobby opening is dependent on the opening of the escalator and/or the elevators. VRH has submitted the O&M manuals for the Service Elevators, the O&M manuals for the Escalators to be submitted by 9/16.** **AHU-7, 8 & 9** • **VRH to schedule air balancing.** **EMSS Board** • **Board has been installed and tested, inspection to be scheduled.** **North Generator** • **Fuel lines outside of the North Generator were hit, supports need to be replaced.** **Shutdowns** • **Shutdowns are scheduled through the end of the week for all the North work.**
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** • No overdue submittals were noted.
3	**Requests for Information** ▪ Two (2) RFI's require a response.

No.	Title	BIC	Date Req'd
328	**Emergency Generator Discharge**	SA	7/14/10
330	**Bonding Link**	URS	9/21/10

4	**Subcontractor's Approval Requests** VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC.

Approved:

SUMMARY OF MEETING DISCUSSIONS

Mark	Discussion
1	**Field Work** **Elevator** • **The fuses have not arrived, arrival date the week of 6/13.** **Escalator** • **Testing is currently in progress. Escalator 3 only has punchlist work remaining.** **Service Elevator** • **VRH is addressing the elevator which is out of service.** **Office 119 & 124** • **An above ceiling inspection is to be scheduled during the week of 6/6.** **Office 124** • **All work is scheduled for completion by 6/3, the work includes punchlist items, closing up the ceiling, painting and carpeting the floor.** **AHU-7** • **VRH to schedule cleaning of louvers.** **Partitions** • **Removal of partitions on the north side (office) will be performed upon completion of work. South side (office) partitions will remain in place for mid level work.** **BMS** • **A meeting is scheduled for 6/7 @ 10AM to discuss the graphics the CHRP is requesting for the system.** **North Generator Fuel Pad** • **PA to issue design and direction.**
2	**Submittals, Shop Drawings, Catalog Cuts, Samples** • No overdue submittals were noted.
3	**Requests for Information** • Two (2) RFI's require a response.

No.	Title	BIC	Date Req'd
328	**Emergency Generator Discharge**	SA	7/14/10
330	**Bonding Link**	URS	9/21/10

4	**Subcontractor's Approval Requests** VRH was reminded that no subcontractor is to start work until their SAR has been approved by the EOC. Approved:

G. Panetta & Sons	Artisan, Inc.
McCann Acoustics	Monmouth Controls & Instrument Co.
SM Electric	Railroad Construction Co.
Carol Hardy Mechanical	RISA Management Corp.
Josloff Industries, LLC	American Architectural, Inc.
D. Magnan & Co.	Moretrench American Corporation
Kone, Inc.	PAPP Iron Works, Inc.
Mazzocchi Wrecking Inc. (Demo Only)	Guardian Fence Co, Inc.

Mark	Discussion	
	Schnell Contracting Services	Northeast Sheet Metal Works
	Able Rolling Door, Inc.	Garden State Engineering
	Zabransky Mechanical Corp.	Alpha Steel Construction
	Signs & Decals Corp.	Amanda Contracting, Inc.
	PAR Environmental Corp.	A. Liss & Co, Inc.
	Pompton Painting Co.	ThyssenKrupp Elevator
	Equipment Erectors, Inc.	MCS Electrical Contracting
	Mazzocchi Wrecking, Inc. (Asbestos)	MetComm LLC
	D-Star Waterproofing	Building Systems & Services
	AFA Protective Systems	Fine Painting
	FJC Security Services	Berto Construction
	Metro Insulation	Active Tank & Environmental Services
	XLE Metals, Inc.	S&J Electrical Contracting
	North Central Electric	New Vision Enterprise, Inc.
	United Drilling	Artisan Tile & Marble
	New York Gypsum Floors	ANS Consultants, Inc.
	Turtle & Hughes, Inc.	Unique Scaffolding Systems
	Cooper Power Systems	Venture Electric
	J. Supor & Son Trucking	Altel Systems, Inc.
	Analytical Quality & Monitoring Service	Environmental Climate Control
	Welder Training & Testing Institute	Layout, Inc.
	Ajac Electric LLC	National Air Balance Company LLC
	Scott Testing, Inc.	

5	**Security Requirements** ▪ Utility Mark-Outs **Action: VRH was reminded that all Utility mark-outs must be performed prior to any work that could affect underground utilities.** ▪ SWAC/Photo ID Badges/Temporary Day Passes – VRH was reminded everyone must go through the SWAC background check in order to work on-site. Everyone on-site must have a photo ID. REO is now issuing one-day temporary passes for all workers that will be on-site less than one week or are in the process of obtaining a SWAC ID. **Action: VRH to return outstanding one-day passes to Bldg. 125.** ▪ Daily Attendance Sheets/Vehicle Information **Action: PA has requested Attendance Sheets be submitted before 9AM DAILY and be modified to indicate the status of Yellow CMD ID Card. VRH was reminded that no personal vehicles should be on the inner roadway.** ▪ Daily Labor Reports/T&M Tickets **Action: It was reported that T&M tickets are not being submitted daily.** ▪ Operation Safety Issues – No problems were noted.
6	**Next Meeting** ▪ Tuesday, June 21, 2011 at 9:00 AM **Action: All participants are requested to arrive on time so as not to inconvenience others. The meeting will start promptly at 9:00 AM.**
