List of specific record(s):

I was involved in a hit and run at the GWB Upper Level Toll Plaza on 50714 between 9-9:05AM. A construction vehicle rolled back about 5 feet into the front of my car causing damage. I wrote down the license plate and tried to get the drivers attention when he paid the toll but he just drove off. I filed a police report MVA 14G-658. I am looking for any video or photographic proof of the incident. The driver told my insurance company that he did not recall rolling in to my car.
