THINK STEWART INTERNATIONAL AIRPORT

NOW THERE'S ANOTHER REASON TO THINK STEWART INTERNATIONAL AIRPORT:

AIR SERVICE INCENTIVES

Stewart International Airport's airlines have counted on Stewart's outstanding service, operational integrity, excellent on-time performance, and competitive pricing. Now they can count on reduced cost and marketing support when they open non-stop service to new markets.

The incentive program is available to any new or existing carrier or charter tour operator that provides scheduled non-stop passenger service to any new destination not currently served from Stewart Airport. Carriers will receive credits up to \$525 per turn for ground handling service charges and \$3 per outbound seat, not to exceed \$150,000 per destination, for marketing and advertising support in the first year of non-stop service.

To learn more how you can build your competitive edge in Stewart's fast growing region using our new incentive opportunities, contact E.J. Mullins, Port Authority of NY & NJ Aviation Department at 212-435-3735 or airservice@panynj.gov.

THINK OF THE POSSIBILITIES

- THE AIRPORT'S POTENTIAL IS DYNAMIC AND EXPANDING
- IT'S ONE OF THE EASIEST AIRPORTS TO USE IN THE UNITED STATES
- STRONG DEMAND FOR SWF WILL CONTINUE TO GROW WITH THE ECONOMY
- A NEW FEDERAL INSPECTION STATION WILL OPEN IN NOVEMBER
- SWF IS ONLY 57 MILES FROM NEW YORK CITY
