Information on Modifying the Extending Plan of Operations (Plan), Gold Acres Mining District, Launber County, NV.

**Summary:** EPA expressed concerns that BLM has deferred until mine closure the designation and evaluation of post-mining beneficial uses and applicability of beneficial use requirements for pit lakes and concerns regarding the long-term mitigation and monitoring fund. EPA is also concerned that the Final SEIS does not address the issues critical to establishing the effectiveness of the fund and whether it will be available for future mitigation and monitoring needs should they arise.

EPA recommended additional information on these issues be included in the Record of Decision.
